The NADA is approved as of December 4, 2002, and the regulations are amended in 21 CFR 558.311 to reflect the approval. The basis of approval is discussed in the freedom of information summary.

In accordance with the freedom of information provisions of 21 CFR part 20 and 21 CFR 514.11(e)(2)(ii), a summary of safety and effectiveness data and information submitted to support approval of this supplemental application may be seen in the Dockets Management Branch (HFA-305), Food and Drug Administration, 5630 Fishers Lane, rm. 1061, Rockville, MD 20852, between 9 a.m. and 4 p.m., Monday through Friday.

The agency has determined under 21 CFR 25.33(a)(2) that this action is of a type that does not individually or cumulatively have a significant effect on the human environment. Therefore, neither an environmental assessment nor an environmental impact statement is required.

This rule does not meet the definition of "rule" in 5 U.S.C. 804(3)(A) because it is a rule of "particular applicability." Therefore, it is not subject to the congressional review requirements in 5 U.S.C. 801-808.

21 CFR Part 558

New Animal Drugs for Use in Animal Feeds; Monensin; Technical Amendment

AGENCY: Food and Drug Administration, HHS.

ACTION: Final rule; technical amendment.

SUMMARY: The Food and Drug Administration (FDA) is amending the animal drug regulations to reflect the approved caution statements that must appear on animal feeds containing monensin. This action is being taken to improve the accuracy of the regulations.

DATES: This rule is effective March 31, 2003.

SUPPLEMENTARY INFORMATION: FDA has found that the animal drug regulations do not reflect the approved caution statements that must appear on animal feeds containing monensin. The regulation in 21 CFR 558.355 is being amended to correct inaccurate references to mature turkeys and guinea fowl that were incorporated into the regulations in the **Federal Register** published on July 26, 2000 (65 FR 45879). This action is being taken to improve the accuracy of the regulations.

Publication of this document constitutes final action on these changes under the Administrative Procedure Act (5 U.S.C. 553). Notice and public procedure are unnecessary because FDA is merely correcting nonsubstantive errors.

This rule does not meet the definition of "rule" in 5 U.S.C. 804(3)(A) because it is a rule of "particular applicability." Therefore, it is not subject to the congressional review requirements in 5 U.S.C. 801-808.

21 CFR Part 558

New Animal Drugs for Use in Animal Feeds; Decoquinatone; Correction

AGENCY: Food and Drug Administration, HHS.

ACTION: Final rule; correction.

SUMMARY: The Food and Drug Administration (FDA) is correcting a rule that appeared in the **Federal Register** of December 5, 2002 (67 FR 72370). The rule amended the animal drug regulations to reflect approval of a supplemental new animal drug application (NADA). FDA is correcting the range of approved concentrations of decoquinatone Type A medicated article that may be used to make certain combination drug Type C medicated feeds for cattle. This correction is being made so the decoquinatone regulations accurately reflect previously approved concentrations. This document corrects those errors.

DATES: This rule is effective March 31, 2003.

33 CFR Part 165

[CGD13-02-018]

RIN 1625-AA00 [Formerly 2115-AA97]

Security Zone: Protection of Tank Ships, Puget Sound, WA

AGENCY: Coast Guard, DHS.

ACTION: Final rule.

SUMMARY: In order to promptly respond to an increase in the Coast Guard's maritime security posture, the Coast Guard is establishing regulations for the security of tank ships in the navigable waters of Puget Sound and adjacent waters, Washington. This security zone, when enforced by the Captain of the Port Puget Sound, will provide for the regulation of vessel traffic in the vicinity of tank ships in the navigable waters of the United States, Puget Sound and adjacent waters, WA.

DATES: This section is effective April 15, 2003.

ADDRESSES: Comments and material received from the public, as well as documents indicated in this preamble as being available in the docket, are part of docket CGD13-02-018 and are available for inspection or copying at Commanding Officer, Marine Safety Office Puget Sound, 1519 Alaskan Way South, Seattle, Washington 98134 between 8 a.m. and 4 p.m., Monday through Friday, except Federal holidays.

FOR FURTHER INFORMATION CONTACT: LTJG R. S. Teague, c/o Captain of the Port Puget Sound, (206) 217-6232.

SUPPLEMENTARY INFORMATION:

Regulatory Information

On December 27, 2002, we published a notice of proposed rulemaking (NPRM) entitled Security Zone: Protection of Tank Ships, Puget Sound, WA in the **Federal Register** (67 FR 79017). We received one letter commenting on the proposed rule. No public hearing was requested, and none was held.

Under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the **Federal Register**. The Coast Guard promulgated a temporary final rule (67 FR 66335) establishing security zones around tank ships in Puget Sound that expires on April 15, 2003. This final rule does not substantively differ from the temporary final rule. Both the TFR and this rule were established to increase the Coast

Guard's maritime security posture by providing for the security of tank ships in the navigable waters of Puget Sound. The Captain of the Port Puget Sound deems it necessary that the security zone around tank ships continue to be in effect. Rather than extend the TFR or issue a new TFR the Coast Guard is making this final rule effective upon publication in the **Federal Register**. A notice of enforcement will be simultaneously published in the **Federal Register** with this rule.

Background and Purpose

Recent events highlight the fact that there are hostile entities operating with the intent to harm U.S. National Security. The President has continued the national emergencies he declared following the September 11, 2001 terrorist attacks (67 FR 58317 (Sept. 13, 2002) (continuing national emergency with respect to terrorist attacks)), (67 FR 59447 (Sept. 20, 2002) (continuing national emergency with respect to persons who commit, threaten to commit or support terrorism)). The President also has found pursuant to law, including the Act of June 15, 1917, as amended August 9, 1950, by the Magnuson Act (50 U.S.C. 191 *et seq.*), that the security of the United States is and continues to be endangered following the attacks (E.O. 13,273, 67 FR 56215 (Sept. 3, 2002) (security endangered by disturbances in international relations of U.S. and such disturbances continue to endanger such relations)).

On October 15, 2002, the Captain of the Port Puget Sound issued a TFR (67 FR 66335, CGD13-02-015, 33 CFR 165.T13-011) establishing security zones for tank ship protection, which expires on April 15, 2003. The Coast Guard, through this action, will assist tank ships by establishing a permanent security zone, which when enforced by the Captain of the Port would exclude persons and vessels from the immediate vicinity of all tank ships. Entry into this zone will be prohibited unless authorized by the Captain of the Port or his designee. The Captain of the Port may be assisted by other federal, state, or local agencies.

Discussion of Comments and Changes

In our NPRM, we stated that the Captain of the Port from time to time would publish or provide notice of "activation" of the proposed security zone. In this final rule, we have replaced the word "activation" with the word "enforcement" to clarify what we mean. Security zones are established by rulemaking procedures, which necessarily includes notice and
