**DEPARTMENT OF TRANSPORTATION**

**Federal Transit Administration**

**Notice of Granted Buy America Waivers**

**AGENCY:** Federal Transit Administration (FTA), DOT.

**ACTION:** Notice of granted Buy America waiver.

**SUMMARY:** The following waivers allow New Flyer of America and the North American Bus Industries (NABI) to count a foreign-manufactured articulating joint system used in low and standard floor bus as a domestic component for purposes of calculating the aggregate domestic content of the vehicle and was predicated on the non-availability of the item in the domestic market. The New Flyer waiver was granted on April 24, 2003, and the NABI waiver on May 9, 2003. For reasons discussed in the text of the waivers, both expire on July 1, 2004. This notice shall insure that the public is aware of the waivers. FTA requests that the public notify it of any relevant changes in the domestic articulating joint market.

**FOR FURTHER INFORMATION CONTACT:**  
 Meghan G. Ludtke, FTA Office of Chief Counsel, Room 9316, (202) 366-1936 (telephone) or (202) 366-3809 (fax).

**SUPPLEMENTARY INFORMATION:** See waivers below.

Issued: June 9, 2003.

**Jennifer L. Dorn,**  
*Administrator.*

April 24, 2003.

Mr. Paul Smith,  
*Vice President, Sales and Marketing, New Flyer of America, 711 Kerneghan Avenue, Winnipeg, Manitoba, Canada R2C 3T4.*

Mr. Smith: This letter responds to your correspondence of March 24, 2003, in which New Flyer of America (New Flyer) requests a non-availability waiver of the Buy America requirements for the procurement of the Hubner Manufacturing Corporation (Hubner) articulated joint system for New Flyer's low floor buses.

The Federal Transit Administration's (FTA) requirements concerning domestic preference for federally funded transit projects are set forth in 49 U.S.C. 5323(j). Section 5323(j)(2)(C) addresses the general requirements for the procurement of rolling stock. This section provides that all rolling stock procured with FTA funds must have a domestic content of at least 60 percent and must undergo final assembly in the U.S. You request a waiver under 49 U.S.C. 5323(j)(2)(B), which states the Buy America requirements shall not apply if the item or items are not produced in the U.S. in sufficient and reasonably available quantities or are not of a satisfactory quality. The implementing regulation provides that non-availability waivers may be granted for a component of rolling stock. 49 CFR 661.7(f).

FTA post a summary of this waiver request on its website and requested comment. We received four comments, one against and three in favor of granting the waiver.<sup>1</sup> The comment against the waiver argues that the Buy America rules for rolling stock already allow a waiver of up to forty percent foreign content, and when a component is unavailable from a domestic source, the vehicle maker should use part of its allotted foreign content. However, as noted above, the regulation currently allows component waivers for rolling stock when the product is not available from a domestic source. FTA received no comments indicating that these articulating joint systems are available from a U.S. source.

Based on a thorough review of the industry, FTA previously granted a two-year non-availability waiver to Newflyer for this articulated joint system on April 24, 2001. You state that the circumstances necessitating the current waiver remain unchanged and in the near term, New Flyer must still use the Hubner joint, which is still not available from a domestic source.

In response to the original waiver, FTA received a comment from a U.S. bellows

<sup>1</sup> The comment against the waiver was from Gillig Corporation. The comments in favor of the waiver were from CAPtech, Inc., North American Bus Industries, and Hubner Manufacturing.
