

commercial delivery, please send four copies of your comment (an original and three copies) to: Docket No. 03-095-1, Regulatory Analysis and Development, PPD, APHIS, Station 3C71, 4700 River Road Unit 118, Riverdale, MD 20737-1238. Please state that your comment refers to Docket No. 03-095-1. If you use e-mail, address your comment to [regulations@aphis.usda.gov](mailto:regulations@aphis.usda.gov). Your comment must be contained in the body of your message; do not send attached files. Please include your name and address in your message and "Docket No. 03-095-1" on the subject line.

You may read any comments that we receive on this docket in our reading room. The reading room is located in room 1141 of the USDA South Building, 14th Street and Independence Avenue, SW., Washington, DC. Normal reading room hours are 8 a.m. to 4:30 p.m., Monday through Friday, except holidays. To be sure someone is there to help you, please call (202) 690-2817 before coming.

APHIS documents published in the **Federal Register**, and related information, including the names of organizations and individuals who have commented on APHIS dockets, are available on the Internet at <http://www.aphis.usda.gov/ppd/rad/webrepor.html>.

**FOR FURTHER INFORMATION CONTACT:** For information regarding regulations for importation of seed and screenings, contact Ms. Polly Lehtonen, Botanist, Biological and Technical Services, PPQ, APHIS, 4700 River Road Unit 133, Riverdale, MD 20737-1236; (301) 734-4394. For copies of more detailed information on the information collection, contact Mrs. Celeste Sickles, APHIS' Information Collection Coordinator, at (301) 734-7477.

**SUPPLEMENTARY INFORMATION:**

*Title:* Imported Seed and Screenings.

*OMB Number:* 0579-0124.

*Type of Request:* Extension of approval of an information collection.

*Abstract:* Under the authority of the Federal Seed Act (FSA) of 1939, as amended (7 U.S.C. 1551 *et seq.*), the U.S. Department of Agriculture (USDA) regulates the importation and interstate movement of certain agricultural and vegetable seeds and screenings. Title III of the FSA, "Foreign Commerce," requires shipments of imported agricultural and vegetable seeds to be labeled correctly and to be tested for the presence of the seeds of certain noxious weeds as a condition of entry into the United States. The Animal and Plant Health Inspection Service's regulations implementing the provisions of title III of the FSA are found in 7 CFR part 361.

The regulations require the use of a number of information collection activities, including declaration of importation, container labeling, notification of seed location, a seed return request, seed analysis certificates, seed identity maintenance, and associated recordkeeping.

We are asking OMB to approve our use of these information collection activities for an additional 3 years.

The purpose of this notice is to solicit comments from the public (as well as affected agencies) concerning our information collection. These comments will help us:

(1) Evaluate whether the collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility;

(2) Evaluate the accuracy of our estimate of the burden of the information collection, including the validity of the methodology and assumptions used;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the information collection on those who are to respond, through use, as appropriate, of automated, electronic, mechanical, and other collection technologies, *e.g.*, permitting electronic submission of responses.

*Estimate of burden:* The public reporting burden for this collection of information is estimated to average 0.37816 hours per response.

*Respondents:* Importers of seed and screenings, seed cleaning/processing facility personnel, officials of the Canadian Food Inspection Agency (CFIA), and private seed laboratories accredited by CFIA.

*Estimated annual number of respondents:* 1,200.

*Estimated annual number of responses per respondent:* 25.

*Estimated annual number of responses:* 30,000.

*Estimated total annual burden on respondents:* 11,345 hours. (Due to averaging, the total annual burden hours may not equal the product of the annual number of responses multiplied by the reporting burden per response.)

All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.

Done in Washington, DC, this 2nd day of December, 2003.

**Kevin Shea,**

[Docket No. 03-096-1]

**Notice of Request for Extension of Approval of an Information Collection**

**AGENCY:** Animal and Plant Health Inspection Service, USDA.

**ACTION:** Extension of approval of an information collection; comment request.

**SUMMARY:** In accordance with the Paperwork Reduction Act of 1995, this notice announces the Animal and Plant Health Inspection Service's intention to request an extension of approval of an information collection in support of regulations under which eligible owners may receive payments to replace trees removed because of citrus canker.

**DATES:** We will consider all comments that we receive on or before February 3, 2004.

**ADDRESSES:** You may submit comments by postal mail/commercial delivery or by e-mail. If you use postal mail/commercial delivery, please send four copies of your comment (an original and three copies) to: Docket No. 03-096-1, Regulatory Analysis and Development, PPD, APHIS, Station 3C71, 4700 River Road Unit 118, Riverdale, MD 20737-1238. Please state that your comment refers to Docket No. 03-096-1. If you use e-mail, address your comment to [regulations@aphis.usda.gov](mailto:regulations@aphis.usda.gov). Your comment must be contained in the body of your message; do not send attached files. Please include your name and address in your message and "Docket No. 03-096-1" on the subject line.

APHIS documents published in the **Federal Register**, and related information, including the names of organizations and individuals who have commented on APHIS dockets, are available on the Internet at <http://www.aphis.usda.gov/ppd/rad/webrepor.html>.

**FOR FURTHER INFORMATION CONTACT:** For information regarding the citrus canker regulations, contact Mr. Stephen Poe, Operations Officer, Pest Detection and

Management Programs, PPQ, APHIS, 4700 River Road Unit 134, Riverdale, MD 20737-1231; (301) 734-8899. For copies of more detailed information on the information collection, contact Mrs. Celeste Sickles, APHIS' Information Collection Coordinator, at (301) 734-7477.

**SUPPLEMENTARY INFORMATION:**

*Title:* Citrus Canker; Commercial Citrus Tree Replacement Program.

*OMB Number:* 0579-0163.

*Type of Request:* Extension of approval of an information collection.

*Abstract:* The Plant Protection Act (7 U.S.C. 7701-7772) authorizes the Secretary of Agriculture, either independently or in cooperation with States, to carry out operations or measures to detect, eradicate, suppress, control, prevent, or retard the spread of plant pests, such as citrus canker, that are new to or not widely distributed within the United States.

Citrus canker is a plant disease that affects plant and plant parts, including fresh fruit of citrus and citrus relatives (*Family Rutaceae*). Citrus canker can cause defoliation and other serious damage to the leaves and twigs of susceptible plants. It can also cause lesions on the fruit of infected plants that render the fruit unmarketable and cause infected fruit to drop from the trees before reaching maturity. The aggressive A (*Asiatic*) strain of citrus canker can infect susceptible plants rapidly and lead to extensive economic losses in commercial citrus-producing areas.

Regulations to prevent the interstate spread of citrus canker are contained in 7 CFR 301.75 through 301.75-16. Under § 301.75-15, owners of commercial citrus groves in Florida who have had citrus trees destroyed because of citrus canker may be eligible to receive funds to replace the trees. Owners must complete a form to apply for the funds.

We are asking OMB to approve our use of this information collection activity for an additional 3 years.

The purpose of this notice is to solicit comments from the public (as well as affected agencies) concerning our information collection. These comments will help us:

(1) Evaluate whether the collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility;

(2) Evaluate the accuracy of our estimate of the burden of the information collection, including the validity of the methodology and assumptions used;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the information collection on those who are to respond, through use, as appropriate, of automated, electronic, mechanical, and other collection technologies, e.g., permitting electronic submission of responses.

*Estimate of burden:* The public reporting burden for this collection of information is estimated to average 0.35 hours per response.

*Respondents:* Eligible commercial citrus growers in Florida.

*Estimated annual number of respondents:* 20.

*Estimated annual number of responses per respondent:* 1.

*Estimated annual number of responses:* 20.

*Estimated total annual burden on respondents:* 7 hours. (Due to averaging, the total annual burden hours may not equal the product of the annual number of responses multiplied by the reporting burden per response.)

All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.

Done in Washington, DC, this 1st day of December, 2003.
