

Authority

Overall grant making authority for this program is contained in the Mutual Educational and Cultural Exchange Act of 1961, Public Law 87-256, as amended, also known as the Fulbright-Hays Act. The purpose of the Act is "to enable the Government of the United States to increase mutual understanding between the people of the United States and the people of other countries * * *; to strengthen the ties which unite us with other nations by demonstrating the educational and cultural interests, developments, and achievements of the people of the United States and other nations * * * and thus to assist in the development of friendly, sympathetic and peaceful relations between the United States and the other countries of the world." The funding authority for the program above is provided through legislation.

Notice

The terms and conditions published in this RFGP are binding and may not be modified by any Bureau representative. Explanatory information provided by the Bureau that contradicts published language will not be binding. Issuance of the RFGP does not constitute an award commitment on the part of the Government. The Bureau reserves the right to reduce, revise, or increase proposal budgets in accordance with the needs of the program and the availability of funds. Awards made will be subject to periodic reporting and evaluation requirements.

Notification

Final awards cannot be made until funds have been appropriated by Congress, allocated and committed through internal Bureau procedures.

BILLING CODE 4710-27-P

DEPARTMENT OF TRANSPORTATION**Surface Transportation Board**

[STB Finance Docket No. 34365]

New England Transrail, LLC—Acquisition and Operation Exemption—Lines of Boston and Maine Railroad Company

New England Transrail, LLC, d/b/a the Wilmington and Woburn Terminal Railroad Co. (New England Transrail), a noncarrier, has filed a verified notice of exemption under 49 CFR 1150.31¹ to acquire and operate, from Boston and Maine Railroad Company (B&M), segments of a line of railroad extending from milepost 13.25 on the Massachusetts Bay Metropolitan Transportation Authority (MBTA) Boston-Concord main line in Woburn, MA (on which B&M retains freight service rights), to a junction with B&M at about milepost 14 on B&M's Wilmington-Woburn-Medford branch, located at a junction south of Eames Street in Wilmington, MA. The line segments are: (1) From milepost 13.25 extending approximately two-tenths of a mile in a northerly direction; (2) from a point at about milepost 14 extending approximately two-tenths of a mile in an easterly direction (including the restoration of a previously removed switch and related track); and (3) from a point near the western end of the track described in (2) above and extending one-tenth of a mile in a southerly direction (including a switch).²

¹ Under 49 CFR 1150.32(b), an exemption normally becomes effective 7 days after the notice is filed. By decision served on June 26, 2003, the Board granted New England Transrail's request to delay the effective date of the exemption from June 26, 2003, until July 11, 2003. By letter filed on July 2, 2003, New England Transrail clarified the line description contained in the notice.

² New England Transrail states in the verified notice of exemption that it also proposes to construct a half-mile of new track to connect the Wilmington-Woburn-West Medford branch at a point just south of Eames Street to the MBTA main line in Woburn. The class exemption at 49 CFR 1150.31 applies to the acquisition and operation of rail properties, not to the construction of rail line. This notice which invokes that rules, exempts New England Transrail's acquisition and operation of the above-described segments, but does not permit the proposed construction to link the line segments acquired here. New England Transrail must seek construction authority from the Board under 49 U.S.C. 10901 and 49 CFR 1150.1 *et seq.* or an exemption from that authority under 49 U.S.C. 10502 and 49 CFR 1121.1 *et seq.* in a separate filing before it may undertake the proposed construction. At that time, the Board's Section of Environmental Analysis (SEA) will conduct the appropriate level of environmental review of the proposed new rail line construction and operation. The environmental review will include any other planned actions that would not occur but for the proposed new rail line, which would likely include a proposed truck-rail reload facility. Before filing for construction

New England Transrail certifies that its projected annual revenues will not exceed those that would qualify it as a Class III rail carrier.

If the notice contains false or misleading information, the exemption is void *ab initio*. Petitions to revoke the exemption under 49 U.S.C. 10502(d) may be filed at any time. The filing of a petition to revoke will not automatically stay the transaction.

An original and 10 copies of all pleadings, referring to STB Finance Docket No. 34365, must be filed with the Surface Transportation Board, 1925 K Street, NW, Washington, DC 20423-0001. In addition, one copy of each pleading must be served on Paul Jacobi, Jacobi & Case, P.C., 300 Bic Drive, Milford, CT 06460-3055.

Board decisions and notices are available on our Web site at <http://www.stb.dot.gov>.

By the Board, Joseph H. Dettmar, Acting Director, Office of Proceedings.

Decided: July 3, 2003.

Vernon A. Williams,
Secretary.
