

Extranet Connectivity

The IRS is capable of supporting a moderate number of Trading Partners who wish to use an encryption technology termed "IPSec", with a shared secret key from their facilities, over the Internet to IRS selected ISPs handling IRS EXTRANET termination points. These termination points will contain only IRS equipment. The protocol within this connection would be the same as the current dedicated line filers, but would not guarantee any level of performance. Transmitters wishing to use this method would need to notify the IRS, following procedures outlined in IRS Publication 1346.

Cost Impacts and Taxpayer Burdens

The cost impact of the Internet SSL method to IRS e-filers is expected to be minimal. The transmitters will incur the cost of the ISP, however, many of them already have and use an ISP. Currently the e-filers must pay for the long distance telephone call to the IRS front-end sites, and must make multiple calls if their transmission volume is high. Historic technologies also incur "dropped" calls. These occurrences are expected to be reduced when the Internet is used. Calls now would be to the usually local ISP phone number and its alternates.

Implementation Schedule

The Internal Revenue Service will make known to the registered trading partners and software developers the software standards and scripting opportunities on or before March 31, 2004, to allow completion of any software changes in their products. The IRS will attempt to ensure that those standards are generally compliant to those adopted by other IRS e-commerce Internet interfaces. The Internal Revenue Service will make known to the registered trading partners and software developers the URLs for the "Secure Web" service model by July 31, 2004. The Internal Revenue Service will make a "Secure Web" test facility available to its registered users on or about July 31, 2004, and have a production Assurance Testing (ATS) facility for the "Secure Web" method by November 1, 2004.

The Internal Revenue Service encourages all current and prospective e-filers to begin using one or both of the two new encryption methods by November 1, 2004. Dedicated line filers are encouraged to implement encryption at their earliest convenience and at a time that is mutually agreeable to both the trading partner and the Internal

Revenue Service, prior to November 1, 2004.

Discontinuance of Existing Dial-Up Analog and Dial-Up ISDN Service

Effective December 1, 2003, the Service is no longer accepting requests for support of IRS dial-up ISDN services. During 2005, the IRS will phase down the number of its existing analog, PSTN dial-up line services and its companion existing ISDN dial-up line services, and will discontinue them on November 30, 2005.

ADDRESSES: Carolyn E. Davis, Senior Program Analyst, IRS, Electronic Tax Administration, OS:CIO:I:ET:S:SP, 5000 Ellin Road, Room C4-187, Lanham, MD 20706.

BILLING CODE 4830-01-P

DEPARTMENT OF VETERANS AFFAIRS

Medical Research Service Merit Review Committee, Notice of Meetings

The Department of Veterans Affairs gives notice under the Public Law 92-463 (Federal Advisory Committee Act) that the Medical Research Service Merit Review Committee will meet from 9 a.m. to 3 p.m. on January 13, 2004, at

the Governor's House Hotel, 1615 Rhode Island Avenue, NW., Washington, DC.

The purpose of the Committee is to provide advice to the Under Secretary for Health on the review of the scientific merit of research conducted in each specialty by Department of Veterans Affairs (VA) investigators working in VA Medical Centers and Clinics.

The meeting will be open to the public for approximately one hour at the start to discuss the general status of the program. The remaining portion of the meeting will be closed to the public for discussion and evaluation of the scientific review of initial and renewal projects.

The closed portion of the meeting involves discussion, examination, reference to and oral review of site visits, staff and consultant critiques of research protocols and similar documents. During the portion of the meeting, discussion and recommendations will deal with qualifications of personnel conducting the studies, the disclosure of which would constitute a clearly unwarranted invasion of personal privacy, as well as research information, the premature disclosure of which could significantly frustrate implementation of proposed agency action regarding such research projects.

As provided by subsection 10(d) of Public Law 92-463, as amended, closing a portion of the meeting is in accordance with 5 U.S.C. 552b(c)(b) and (9)(B). Those who plan to attend or would like to obtain a copy of minutes of the meeting should contact LeRoy G. Frey, Ph.D., Chief, Program Review Division, Medical Research Service (121F), Department of Veterans Affairs, Washington, DC, (202) 254-0288.

Dated: December 19, 2003.

By Direction of the Secretary.

E. Philip Riggan,

Committee Management Officer.
