SECURITIES AND EXCHANGE COMMISSION

Request for Public Comment

Upon Written Request, Copies Available From: Securities and Exchange Commission, Office of Filings and Information Services, Washington, DC 20549.

Extension:

Rule 17a-6, SEC File No. 270-433, OMB Control No. 3235-0489.

Notice is hereby given that pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), the Securities and Exchange Commission ("Commission") is soliciting comments on the collection of information summarized below. The Commission plans to submit this existing collection of information to the Office of Management and Budget for extension and approval.

Rule 17a-6 (17 CFR 240.17a-6) permits national securities exchanges, national securities associations, registered clearing agencies, and the

Municipal Securities Rulemaking Board (collectively, "SROs") to destroy or convert to microfilm or other recording media records maintained under Rule 17a-1, if they have filed a record destruction plan with the Commission and the Commission has declared such plan effective.

There are 26 SROs: 9 national securities exchanges, 1 national securities association, 15 registered clearing agencies, and the Municipal Securities Rulemaking Board. These respondents file no more than one record destruction plan per year, which requires approximately 160 hours for each plan. However, we are discounting that figure by a factor of 20 given our experience to date with the number of plans that have been filed. Thus, the total annual compliance burden is estimated to be 8 hours. The approximate cost per hour is \$200, resulting in a total cost of compliance for these respondents of \$1,600 per year (8 hours @ \$200 per hour).

Written comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted in writing within 60 days of this publication.

Please direct your written comments to Kenneth A. Fogash, Acting Associate Executive Director/CIO, Office of Information Technology, Securities and Exchange Commission, 450 5th Street, NW., Washington, DC 20549.

Dated: March 27, 2003.

Deputy Secretary.
