#### Carolina Power & Light Company; Notice of Availability of Draft Environmental Assessment

May 9, 2003.

A draft environmental assessment (DEA) is available for public review. The DEA analyzes the environmental impacts of a Shoreline Management Plan (SMP) filed for the Tillery Development of the Yadkin—Pee Dee River Project. The project is located on the Yadkin—Pee Dee River in Anson, Richmond, Montgomery, and Stanly Counties, North Carolina. The Tillery Development is located on the Pee Dee River in Stanly and Montgomery counties, North Carolina. Lake Tillery, the upper reservoir of the Yadkin—Pee Dee Project, is owned and operated by Carolina Power & Light Company (CP&L).

The DEA was written by staff in the Office of Energy Projects, Federal Energy Regulatory Commission. Commission staff concludes that approving the SMP would not constitute a major Federal action significantly affecting the quality of the human environment. The DEA is available for review at the Commission or may be viewed on the Commission's Web site at <http://www.ferc.gov>, using the "FERRIS" link. Enter the docket number excluding the last three digits in the docket number field to access the document. Anyone may file comments on the DEA. The public as well as Federal and state resource agencies are encouraged to provide comments.
