

refer to the islands of the central and south Pacific, including Melanesia, the Federated States of Micronesia, and Polynesia.

Following the close of the comment period, our State cooperators in California advised us that the EA made available in our October 2002 notice failed to include the results of the host specificity tests that were conducted to examine the potential risks to wild rice (*Zizania aquatica*) and Sanford's arrowhead (*Sagittaria sanfordii*) that may result from the release of salvinia weevil into additional areas of the United States. In this document, we are notifying the public that we have updated the EA to include the host test results for those species.

In addition, we are also advising the public of APHIS' record of decision and finding of no significant impact (FONSI) regarding the proposed field release of the nonindigenous salvinia weevil into additional areas of the continental United States for the biological control of the aquatic weed giant salvinia. The decision, which is based on the analysis found in the EA, reflects our determination that release of the organism will not have a significant impact on the quality of the human environment.

The EA and FONSI may be viewed on the Internet at <http://www.aphis.usda.gov/ppq> by following the link for "Documents/Forms Retrieval System" then clicking on the triangle beside "6-Permits-Environmental Assessments," and selecting document number 0001. You may request paper copies of the EA and FONSI by calling or writing to the person listed under **FOR FURTHER INFORMATION CONTACT**. Please refer to the title of the environmental assessment when requesting copies. The EA and FONSI are also available for review in our reading room (information on the location and hours of the reading room is listed under the heading **ADDRESSES** at the beginning of this notice).

The EA and FONSI have been prepared in accordance with: (1) The National Environmental Policy Act of 1969 (NEPA), as amended (42 U.S.C. 4321 *et seq.*), (2) regulations of the Council on Environmental Quality for implementing the procedural provisions of NEPA (40 CFR parts 1500–1508), (3) USDA regulations implementing NEPA (7 CFR part 1), and (4) APHIS' NEPA Implementing Procedures (7 CFR part 372).

Done in Washington, DC, this 25th day of February 2003.

Peter Fernandez,

Acting Administrator, Animal and Plant Health Inspection Service.

COMMITTEE FOR PURCHASE FROM PEOPLE WHO ARE BLIND OR SEVERELY DISABLED

Procurement List; Proposed Additions

AGENCY: Committee for Purchase from People Who Are Blind or Severely Disabled.

ACTION: Proposed additions to Procurement List.

SUMMARY: The Committee is proposing to add to the Procurement List a service to be furnished by a nonprofit agency employing persons who are blind or have other severe disabilities.

DATES: Comments must be received on or before March 30, 2003.

ADDRESSES: Committee for Purchase From People Who Are Blind or Severely Disabled, Jefferson Plaza 2, Suite 10800, 1421 Jefferson Davis Highway, Arlington, Virginia 22202–3259.

FOR FURTHER INFORMATION CONTACT: Sheryl D. Kennerly, (703) 603–7740.

SUPPLEMENTARY INFORMATION: This notice is published pursuant to 41 U.S.C. 47(a)(2) and 41 CFR 51–2.3. Its purpose is to provide interested persons an opportunity to submit comments of the proposed actions. If the Committee approves the proposed addition, the entities of the Federal government identified in the notice for each service listed below from the nonprofit agency employing persons who are blind or have other severe disabilities. I certify that the following action will not have a significant impact on a substantial number of small entities. The major factors considered for this certification were:

1. If approved, the action will not result in any additional reporting, recordkeeping or other compliance requirements for small entities other than the small organizations that will furnish the service to the government.
2. If approved, the action will result in authorizing small entities to furnish the service to the government.
3. There are no known regulatory alternatives which would accomplish the objectives of the Javits-Wagner-O'Day Act (41 U.S.C. 46–48c) in connection with the service proposed for addition to the Procurement List.

Comments on this certification are invited. Commenters should identify the statement(s) underlying the certification on which they are providing additional information.

The following service is proposed for addition to Procurement List for production by the nonprofit agency listed:

Creatine Monohydrate From the People's Republic of China; Initiation and Preliminary Results of Antidumping Duty Changed Circumstances Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of initiation and preliminary results of antidumping duty changed circumstances review.

SUMMARY: In response to a request from Suzhou Sanjian Fine Chemical Co., Ltd., the Department of Commerce is initiating a changed circumstances review of the antidumping duty order on creatine monohydrate from the People's Republic of China ("PRC") (see *Notice of Antidumping Duty Order: Creatine Monohydrate from the People's Republic of China*, 65 FR 5583 (February 4, 2000)) and issuing this notice of preliminary results. Suzhou Sanjian Nutrient and Health Products Co., Ltd. has requested that the Department of Commerce review the company's name change and determine that Suzhou Sanjian Nutrient and Health Products Co., Ltd. is the successor-in-interest of Suzhou Sanjian Fine Chemical Co., Ltd.

EFFECTIVE DATE: February 28, 2003.

FOR FURTHER INFORMATION CONTACT:

Blanche Ziv or Julie Santoboni, Import

Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone (202) 482-4207 or (202) 482-4194 respectively.

SUPPLEMENTARY INFORMATION:

Background

On January 14, 2003, the Department received notification from Suzhou Sanjian Fine Chemical Co., Ltd. ("Suzhou Chemical") that on September 15, 2000, its corporate name changed to Suzhou Sanjian Nutrient and Health Products Co., Ltd. ("Suzhou Health Products"). On January 23, 2003, we notified Suzhou Health Products that, in order to determine whether entries naming Suzhou Health Products as exporter should receive the cash deposit rate currently applied to Suzhou Chemical, it is necessary to conduct a changed circumstance review in accordance with section 751(b)(1) of the Act and 19 CFR 351.216. At that time, we also requested certain additional information from Suzhou Health Products concerning the circumstances of the name change. On February 12, 2003, Suzhou Health Products responded to our request for information.

Scope of the Review

Imports covered by this review are creatine monohydrate, which is commonly referred to as "creatine." The chemical name for creatine monohydrate is N-(aminoiminomethyl)-N-methylglycine monohydrate. The Chemical Abstracts Service ("CAS") registry number for this product is 6020-87-7. Creatine monohydrate in its pure form is a white, tasteless, odorless powder that is a naturally occurring metabolite found in muscle tissue. Creatine monohydrate is provided for in subheading 2925.20.90 of the Harmonized Tariff Schedule of the United States ("HTSUS"). Although the HTSUS subheading and the CAS registry number are provided for convenience and customs purposes, the written description of the merchandise under review is dispositive.

Initiation and Preliminary Results of Changed Circumstances Review

Pursuant to section 751(b)(1) of the Act, the Department will conduct a changed circumstances review upon receipt of information concerning, or a request from an interested party of, an antidumping duty order which shows changed circumstances sufficient to warrant a review of the order. Therefore, in accordance with section 751(b)(1) of the Act, we are initiating a changed

circumstances review based upon the information contained in Suzhou Health Product's submissions.

Section 351.221(c)(3)(ii) of the regulations permits the Department to combine the notice of initiation of a changed circumstances review and the notice of preliminary results in a single notice, if the Department concludes that expedited action is warranted. In this instance, because we have the information necessary to make a preliminary finding already on the record and no other interested party has commented on, or objected to, Suzhou Health Products' request for a changed circumstances review, we find that expedited action is warranted and have combined the notice of initiation and the notice of preliminary results.

In making successor-in-interest determinations, the Department examines several factors including, but not limited to, changes in: (1) Management; (2) production facilities; (3) supplier relationships; and (4) customer base. See, e.g., *Notice of Final Results of Changed Circumstances Duty Administrative Review: Polychloroprene Rubber from Japan*, 67 FR 58, 58-59 (January 2, 2002). While no single factor, or combination of factors, will necessarily prove dispositive, the Department will generally consider the new company to be the successor to its predecessor company if the resulting operations are essentially the same as the predecessor company. See e.g., *id.* and *Industrial Phosphoric Acid from Israel; Final Results of Changed Circumstances Review*, 59 FR 6944, 6945 (February 14, 1994). Thus, if the evidence demonstrates that, with respect to the production and sale of the subject merchandise, the new company operates as the same business entity as its predecessor, the Department will assign the new company the cash-deposit rate of its predecessor.

In its February 12, 2003, submission Suzhou Health Products stated that the name change was effected solely for the purpose of clarifying the scope of the company's production to enhance its marketing efforts. Suzhou Health Products explained that it produces and sells creatine monohydrate and other health products, which are more accurately described as nutrient or health products, than as fine chemical products. Suzhou Health Products also stated that the name change was not due to a change in ownership, corporate strategy, management, corporate structure or customer base, all of which remain the same. Suzhou Health Products provided documentation in support of these claims including copies of the business licenses of the company
