### Notice of Lodging of the "VEPCO" Proposed Consent Decree Under the Clean Air Act

Notice is hereby given that on April 21, 2003, a proposed Consent Decree ("proposed Decree") in *United States v. Virginia Electric and Power Co.* ("VEPCO"), Civil Action No. 03-517-A, was lodged with the United States District Court for the Eastern District of Virginia.

In this civil enforcement action under the federal Clean Air Act ("Act"), the United States alleges that VEPCO—an electric utility—failed to comply with certain requirements of the Act intended to prevent deterioration of air quality. The complaint alleges that for some of the units at two of its coal-fired, energy generation stations—Mount Storm (located in northeastern West Virginia) and Chesterfield (located in Chesterfield County, Virginia)—VEPCO failed to seek permits prior to making major modifications to units at those stations and also failed to install appropriate pollution control devices to reduce emissions of air pollutants from units at those stations. The complaint seeks both injunctive relief and civil penalty.

The proposed Decree lodged with the Court addresses units at the Mount Storm and Chesterfield Stations as well as units at these other energy generation stations owned or operated by VEPCO: Bremono Power Station (in Fluvanna County, Virginia), Chesapeake Energy Center (near Chesapeake, Virginia), Clover Power Station (in Halifax County, Virginia), North Branch Power Station (in northeastern West Virginia), Possum Point Power Station (about 25 miles south of Washington, D.C.), and Yorktown Power Station (in Yorktown, Virginia).

The proposed Decree requires installation, upgrading, and operation of pollution control devices on a number of the units at these various VEPCO generation stations on a schedule running through 2012. Some of the control and emission requirements and conditions specified by the proposed Decree cover particular units while others address the aggregate performance of the units subject to the proposed Decree.

VEPCO also will carry out under the Decree a series of environmental mitigation projects. They are described in the proposed Decree and are valued at about \$13.9 million. VEPCO also will pay the United States a civil penalty of \$5.3 million.

Joining in the proposed Decree as co-plaintiffs are the States of New York,
