DEPARTMENT OF JUSTICE**Antitrust Division****Notice Pursuant to the National
Cooperative Research and Production
Act of 1993—National Shipbuilding
Research Program**

Notice is hereby given that, on September 12, 2003, pursuant to section 6(a) of the National Cooperative Research and Production Act of 1993, 15 U.S.C. 4301 *et seq.* ("the Act"), Advanced Technology Institute has filed written notifications simultaneously with the Attorney General and the Federal Trade Commission disclosing changes in the membership of the Executive Council of the National Shipbuilding Research Program ("NSRP") and in the nature and objectives of the program. The notifications were filed for the purpose of extending the Act's provisions limiting the recovery of antitrust plaintiffs to actual damages under specified circumstances. Specifically,

VT Halter Marine, Inc., Gulfport, MS, a subsidiary of Vision Technologies, Inc., has been removed as a party from this venture. The general area of planned activity of the NSRP is to establish collaborative research efforts of limited duration to manage and focus national shipbuilding research and development funding on technologies that will reduce the cost of warships to the Navy, and establish U.S. international shipbuilding competitiveness. This includes the assessment of product design and material technologies, and provides a collaborative forum to improve business and acquisition processes.

No other changes have been made in either the membership or planned activity of the group research project. Membership in this group research project remains open, and Advanced Technology Institute intends to file additional written notification disclosing all changes in membership.

On March 13, 1998, Advanced Technology Institute filed its original notification for the National Shipbuilding Research Program pursuant to section 6(a) of the Act. The Department of Justice published a notice in the **Federal Register** pursuant to section 6(b) of the Act on January 29, 1999 (64 FR 4708).

The last notification was filed with the Department on January 13, 2003. A notice was published in the **Federal Register** pursuant to section 6(b) of the Act on March 3, 2003 (68 FR 10033). A Correction Notice was published in the **Federal Register** on April 24, 2003 (68 FR 20174).

Dorothy B. Fountain,

Deputy Director of Operations, Antitrust Division.

DEPARTMENT OF LABOR

Office of the Secretary

**Submission for OMB Review;
Comment Request**

September 30, 2003.

The Department of Labor (DOL) has submitted the following public information collection requests (ICRs) to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act of 1995 (Pub. L. 104-13, 44 U.S.C. chapter 35). A copy of each individual ICR, with applicable supporting documentation, may be obtained by calling the Department of Labor. To obtain documentation, contact

Darrin King on 202-693-4129 (this is not a toll-free number) or e-Mail: king.darrin@dol.gov.

Comments should be sent to Office of Information and Regulatory Affairs, Attn: OMB Desk Officer for the Occupational Safety and Health Administration (OSHA), Office of Management and Budget, Room 10235, Washington, DC 20503 (202-395-7316 / this is not a toll-free number), within 30 days from the date of this publication in the **Federal Register**.

The OMB is particularly interested in comments which:

- * Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

- * Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

- * Enhance the quality, utility, and clarity of the information to be collected; and

- * Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

Agency: Occupational Safety and Health Administration.

Type of Review: Extension of a currently approved collection.

Title: Ethylene Oxide (EtO).
