Title: Annual Survey of Refugees.

OMB No.: 0970–0033

Description: The Annual Survey of Refugees collects information on the economic circumstances of a random sample of refugees, Amerasians, and entrants who arrived in the United States during the previous five years. The survey focuses on their training,

labor force participation, and welfare utilization rates. Data are segmented by region of origin, State of resettlement, and number of months since arrival. From their responses, the Office of Refugees Resettlement reports on the economic adjustment of refugees to the American economy. These data are used by Congress in its annual deliberations of refugee admissions and funding and by program managers in formulating policies for the future direction of the Refugee Resettlement Program.

Title: Refugee State-of-Origin Report.

OMB No.: 0970–0043.

Description: The information collection of the ORR–11 (Refugee State-of-Origin Report) is designed to satisfy the statutory requirements of the

Immigration and Nationality Act (the Act). Section 412(s) of the Act requires the Office of Refugee Resettlement (ORR) to compile and maintain data on the secondary migration of refugees within the United States (U.S.) after arrival.

In order to meet this legislative requirement, ORR requires each State to submit an annual count of the number of refugees who were initially resettled in another State. The State does this by counting the number of refugees with Social Security numbers indicating residence in another State at the time of arrival in the U.S. (The first three digits of the Social Security number indicate the State of residence of the applicant.)

Data submitted by the States are compiled and analyzed by the ORR statisticians, who then prepare a summary report which is included in ORR's annual Report to Congress. The primary use of the data is to quantify and analyze refugee secondary migration among the 50 States. ORR uses these data to adjust its services formula allocation.

Respondents: State, local or Tribal government.

Annual Burden Estimates:

Instrument	Number of respondents	Number of responses per respondent	Average burden hours per response	Total burden hours
State of Origin Report	50	1	4.333	217

Estimated Total Annual Burden Hours: 217.

Title: Developmental Disabilities Protection and Advocacy Statement of Goals and Priorities.
OMB No.: 0980-0270.
Description: Required by Federal statute and regulation. Each State Protection and Advocacy System must

prepare and submit to public comment a Statement of Goals and Priorities (SGP). The final version of this SGP for the coming fiscal year is submitted to the Administration on Developmental Disabilities (ADD). The information in the SGP will be aggregated into a national prospective profile of where Protection and Advocacy Systems are going. It will provide ADD with an overview of program direction, and permit ADD to track accomplishments against objectives/targets, permitting the formulation of technical assistance and compliance with the Government Performance and Results Act. ADD is currently in the process of coordinating with other federal funding agencies to develop a more comprehensive SGP format.
