

park. It is owned by the Ford Motor Company. The site will provide public warehousing and distribution services to area businesses. No specific manufacturing requests are being made at this time. Such requests would be made to the Board on a case-by-case basis.

In accordance with the Board's regulations, a member of the FTZ Staff has been designated examiner to investigate the application and report to the Board.

Public comment on the application is invited from interested parties. Submissions (original and 3 copies) shall be addressed to the Board's Executive Secretary at one of the following addresses:

1. Submissions via Express/Package Delivery Services: Foreign-Trade Zones Board, U.S. Department of Commerce, Franklin Court Building, Suite 4100W, 1099 14th Street, NW., Washington, DC 20005.

2. Submissions via the U.S. Postal Service: Foreign-Trade Zones Board, U.S. Department of Commerce, FCB, Suite 4100W, 1401 Constitution Avenue, NW., Washington, DC 20230.

The closing period for their receipt is November 17, 2003. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period (to December 1, 2003).

A copy of the application and accompanying exhibits will be available during this time for public inspection at address Number 1 listed above, and at the U.S. Department of Commerce Export Assistance Center, 600 Superior Avenue East, Suite 700, Cleveland, OH 44114.

Dated: September 10, 2003.

Dennis Puccinelli,

Executive Secretary.

International Trade Administration

[A-201-802]

Gray Portland Cement and Clinker from Mexico; Final Results of Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of final results of antidumping duty administrative review.

SUMMARY: On May 12, 2003, the Department of Commerce published the preliminary results of administrative review of the antidumping duty order on gray portland cement and clinker from Mexico. The review covers one manufacturer/exporter, CEMEX, S.A. de C.V., and its affiliate, GCC Cemento, S.A. de C.V. The period of review is August 1, 2001, through July 31, 2002.

Based on our analysis of the comments received, we have made changes in the margin calculations. Therefore, the final results differ from the preliminary results. The final weighted-average dumping margin is listed below in the "Final Results of Review" section of this notice.

EFFECTIVE DATE: September 16, 2003.

FOR FURTHER INFORMATION CONTACT: Hermes Pinilla or Brian Ellman, Office of AD/CVD Enforcement 3, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, N.W., Washington, D.C. 20230; telephone: (202) 482-3477 or (202) 482-4852, respectively.

SUPPLEMENTARY INFORMATION:

Background

On May 12, 2003, the Department of Commerce (the Department) published in the *Federal Register* the preliminary results of the administrative review of the antidumping duty order on gray portland cement and clinker from Mexico. See *Preliminary Results and Rescission in Part of Antidumping Duty Administrative Review: Gray Portland Cement and Clinker From Mexico*, 68 FR 25327 (Preliminary Results).

We invited parties to comment on the *Preliminary Results*. In June 2003, we received case and rebuttal briefs from the petitioner, the Southern Tier Cement Committee, and from the respondents, CEMEX, S.A. de C.V. (CEMEX), and GCC Cemento, S.A. de C.V. (GCCC). The Department has conducted this administrative review in accordance with section 751(a) of the Tariff Act of 1930, as amended (the Act).

Scope of Review

The products covered by this review include gray portland cement and clinker. Gray portland cement is a hydraulic cement and the primary component of concrete. Clinker, an intermediate material product produced when manufacturing cement, has no use other than being ground into finished cement. Gray portland cement is currently classifiable under Harmonized Tariff Schedule (HTS) item number 2523.29 and cement clinker is currently classifiable under HTS item number

2523.10. Gray portland cement has also been entered under HTS item number 2523.90 as "other hydraulic cements." The HTS subheadings are provided for convenience and customs purposes only. The Department's written description remains dispositive as to the scope of the product coverage.

Analysis of Comments Received

All issues raised in the case and rebuttal briefs by parties to this administrative review, and to which we have responded, are listed in the Appendix to this notice and addressed in the "Issues and Decision Memorandum" (Decision Memorandum) from Jeffrey May, Deputy Assistant Secretary, to James J. Jochum, Assistant Secretary for Import Administration, dated September 9, 2003, which is hereby adopted by this notice. The Decision Memorandum is on file in Import Administration's Central Records Unit, Room B-099 of the main Department of Commerce Building. In addition, a complete version of the Decision Memorandum is available on the Internet at <http://ia.ita.doc.gov>. The paper copy and electronic version of the Decision Memorandum are identical in content.

Changes Since the Preliminary Results

Based on our analysis of comments received, we have corrected certain programming and clerical errors in our preliminary results, where applicable. These changes are discussed in the relevant sections of the Decision Memorandum.

Final Results of Review

We determine that the following weighted-average margin exists for the collapsed parties, CEMEX and GCCC, for the period August 1, 2001, through July 31, 2002:

Exporter/manufacturer	Weighted-average percentage margin
CEMEX/GCCC	79.81

Assessment Rates

The Department shall determine, and the Bureau of Customs and Border Protection (Customs) shall assess, antidumping duties on all appropriate entries. We will issue appropriate assessment instructions directly to Customs within 15 days of publication of these final results of review. In accordance with 19 CFR 351.212(b), we have calculated an exporter/importer-specific assessment rate. For the sales in the United States through the respondent's affiliated U.S. parties, we divided the total dumping margin for

the reviewed sales by the total entered value of those reviewed sales. We will direct Customs to assess the resulting percentage margin against the entered customs values for the subject merchandise on each of the entries during the review period (see 19 CFR 351.212(a)).

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Cash-Deposit Requirements

As discussed in the Decision Memorandum, we have determined that it is appropriate to require a per-unit cash-deposit amount for entries of subject merchandise produced or exported by CEMEX/GCCC. The following deposit requirements shall be effective upon publication of this notice of final results of administrative review for all shipments of gray portland cement and clinker from Mexico, entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided for by section 751(a)(1) of the Act: (1) the cash-deposit amount for CEMEX/GCCC will be \$61.60 per metric ton; (2) for previously investigated or reviewed companies not listed above, the cash-deposit rate will continue to be the company-specific rate published for the most recent period; (3) if the exporter is not a firm covered in this or any previous reviews or the original less-than-fair-value (LTFV) investigation but the manufacturer is, the cash-deposit rate will be the rate established for the most recent period for the manufacturer of the merchandise; and (4) the cash-deposit rate for all other manufacturers or exporters will continue to be 61.85 percent, which was the "all others" rate in the LTFV investigation. See *Final Determination of Sales at Less Than Fair Value: Gray Portland Cement and Clinker from Mexico*, 55 FR 29244 (July 18, 1990). The deposit requirements shall remain in effect until publication of the final results of the next administrative review.

This notice serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance

with 19 CFR 351.305. Timely notification of return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

These final results of administrative review and notice are issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act and 19 CFR 351.210(c).

Dated: September 9, 2003.

Joseph A. Spetrini,

Acting Assistant Secretary for Import Administration.

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

Notice of Designation of the San Francisco Bay National Estuarine Research Reserve, California

AGENCY: Estuarine Reserves Division, Office of Ocean and Coastal Resource Management, National Ocean Service, National Oceanic and Atmospheric Administration, Department of Commerce.

ACTION: Notice of designation.

SUMMARY: Notice is hereby given that the National Oceanic and Atmospheric Administration (NOAA), U.S. Department of Commerce, has designated certain lands and waters of San Francisco Bay in California as the San Francisco Bay National Estuarine Research Reserve.

On August 27, 2003, Vice Admiral Conrad C. Lautenbacher, Under Secretary for Oceans and Atmosphere, signed findings designating the San Francisco Bay National Estuarine Research Reserve in California pursuant to Section 315 of the Coastal Zone Management Act of 1972, as amended,

16 U.S.C. 1461, and its implementing regulations at 15 CFR part 921. The State of California Coastal Zone Management Program has certified that the Reserve designation is consistent to the maximum extent practicable with its program. A copy of the official Record of Decision is available for public review from NOAA's Office of Ocean and Coastal Resource Management at the address below.

FOR FURTHER INFORMATION CONTACT:

Nina Garfield at (301) 713-3155, extension 171, Estuarine Reserves Division, Office of Ocean and Coastal Resource Management, National Ocean Service, NOAA, 1305 East West Highway, N/ORM5, Silver Spring, Maryland 20910.

Dated: September 9, 2003.

Jamison S. Hawkins,

Deputy Assistant Administrator, Ocean Services and Coastal Zone Management, National Oceanic and Atmospheric Administration.
