Amendment of System Records Notice for the PeoplePlus

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of an Amendment of an existing System of Records Notice for the PeoplePlus.

SUMMARY: Pursuant to the provisions of the Privacy Act of 1974 (5 U.S.C. 552a), the Office of Administration and Resources Management (OARM) is giving notice that it proposes to AMEND AN EXISTING SYSTEM OF RECORDS for EPA-1 PeoplePlus. The Environmental Protection Agency (EPA or Agency) is amending a Privacy Act system of records to reflect the agency's collection of employee data determined to be privacy and or personally identifiable information (PII). In previous amendments the Human Capital Management (HCM) function of PeoplePlus was always the underlying source of employee information when providing Benefits, Payroll, and Time and Labor processing. The data collected includes, but is not limited to, contents of employee information in the Official Personnel Folder (OPF) as specified in the Office of Personnel Management (OPM) Operating Manual, "The Guide to Personnel Recordkeeping," but never to this level of detail. Further, the system's name is changing from "PeoplePlus Payroll, Time and Labor Application" to "PeoplePlus" because the name included functions of PeoplePlus which changed recently with the e-Payrolls initiative. This notice does not affect any Privacy Act rights already accorded individuals who are subject of Agency

personnel and payroll records. PeoplePlus will not change the nature of the records currently kept by EPA. This action simply gives notice of the additional HCM, and employee information collected, and to notify the public of the routine uses for PeoplePlus. These records are maintained in PeoplePlus to administer EPA's pay and leave requirements, including processing, accounting, and reporting requirements. They also provide the basic source of factual data about a person's Federal employment while in the service and after his or her separation. Records in PeoplePlus have various uses by Agency personnel offices, including screening qualifications of employees; determining status, eligibility, and employee's rights and benefits under pertinent laws and regulations governing Federal employment; computing length of service; and other information needed to provide personnel services. These records and their automated or microform equivalents may also be used to locate individuals for personnel research.

DATES: Persons wishing to comment on this system of records notice may do so by August 20, 2007.

ADDRESSES: Submit your comments, identified by Docket ID No. EPA-HQ-OARM-2007-0166, by one of the following methods:

- <http://www.regulations.gov>: Follow the online instructions for submitting comments.

- *E-mail:* oei.docket@epa.gov.

- *Fax:* 202-566-1752.

Instructions: Direct your comments to Docket ID No. EPA-HQ-OARM-2007-0166. EPA's policy is that all comments received will be included in the public docket without change and may be made available online at <http://www.regulations.gov>, including any personal information provided, unless the comment includes information claimed to be Confidential Business Information (CBI) or other information for which disclosure is restricted by statute. Do not submit information that you consider to be CBI or otherwise protected through www.regulations.gov.

If you send an e-mail comment directly to EPA without going through www.regulations.gov your e-mail address will be automatically captured and included as part of the comment that is placed in the public docket and made available on the Internet. If you submit an electronic comment, EPA recommends that you include your name and other contact information in the body of your comment and with any disk or CD-ROM you submit. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment. Electronic files should avoid the use of special characters, any form of encryption, and be free of any defects or viruses. For additional information about EPA's public docket visit the EPA Docket Center homepage at <http://www.epa.gov/epahome/dockets.htm>.

Docket: All documents in the docket are listed in the www.regulations.gov index. Although listed in the index, some information is not publicly available, e.g., CBI or other information for which disclosure is restricted by statute. Certain other material, such as copyrighted material, will be publicly available only in hard copy. SUPPLEMENTARY INFORMATION:

I. General Information

The EPA-1 PeoplePlus (PPL) system of records does not duplicate any existing system of records. Details regarding the amended system of records are contained in this **Federal Register** Notice. PeoplePlus is EPA's integrated Human Resources, Benefits,

and Time and Labor Management System. PPL is an enterprise application that provides multiple functionalities for human resources and base benefits as well as on-line entry for time and labor data. The Human Capital Management (HCM) function of PeoplePlus was designed to support personnel operations, feed payroll systems, time and labor and meet managers', human resources (HR) specialists', and employees' needs for information necessary to manage day-to-day operations. These records are not a substitute for the official, permanent documentation that constitutes the Official Personnel Folder (OPF). The data collected includes, but is not limited to, contents of employee information in the OPF as specified in the Office of Personnel Management (OPM) Operating Manual, "The Guide to Personnel Recordkeeping." Much of the Standard Form 52 "Request for Personnel Action" and Standard Form 50 "Notification of Personnel Action", information is collected to meet Government-wide human resource information needs. Civilian personnel records are records that relate to the supervision over and management of Federal civilian employees. These include records on the general administration and operation of human resource management programs and functions as well as records that concern individual employees. This information is reported to the Central Personnel Data File (CPDF), OPM's centralized, automated information system that provides statistics on Executive Branch employment to the Congress and other agencies. This information is used in a variety of ways to evaluate and formulate human resource systems and programs. Privacy in PeoplePlus is protected by restricting access to authorized users with appropriate roles and permissions. Privacy data is access and managed by the Human Resources Specialist with these secured roles. PeoplePlus is access by EPA employees for time entry and those who provide functional duties within the system. Employees access PeoplePlus using a secure Web site within the Agency's firewall. Employees must use their unique Network ID and secure Password to gain access. PeoplePlus is managed and maintained by both the Office of Administration and Resources Management (OARM) and the Office of the Chief Financial Officer (OCFO). EPA's Central Client Server System (CCSS) is the general support system which services and supports the PeoplePlus major application. CCSS is located at Research

Triangle Park, N.C. within the National Computer Center (NCC), in the Office of Environmental Information (OEI).
