

Notice is hereby given that an opportunity for a public meeting is afforded in connection with the proposed withdrawal extension. All interested persons who desire a public meeting for the purpose of being heard on the proposed withdrawal extension must submit a written request to the BLM Billings Field Manager within 90 days from the date of publication of this notice. If the authorized officer determines that a public meeting will be held, a notice of the time and place will be published in the **Federal Register** at least 30 days before the scheduled date of the meeting. This withdrawal extension proposal will be processed in accordance with the applicable regulations set forth in 43 CFR 2310.4.

(Authority: 43 CFR 2310.3-1(b)(1))

Dated: October 11, 2007.

Theresa M. Hanley,

Deputy State Director, Division of Resources.

BILLING CODE 4310--SS-P

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

[CA-360-1430-EU; CACA-47028]

Notice of Realty Action: Proposed Direct (Non-Competitive) Sale of Public Lands in Siskiyou County, CA

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of realty action.

SUMMARY: The Bureau of Land Management (BLM) proposes to sell a 0.07 acre parcel of federally owned land in Siskiyou County, located in Yreka, California. The public land has been examined and found suitable for disposal utilizing direct sale procedures. The authority for the sale is established under sections 203 and 209 of the Federal Land Policy and Management Act of 1976 (FLPMA) (43 U.S.C. 1713 and 1719) and the Federal Land Transaction Facilitation Act (FLTFA) of July 25, 2000, (43 U.S.C. 2301).

DATES: Comments regarding the proposed sale must be received by the BLM Redding Field Office on or before December 7, 2007.

ADDRESSES: Written comments concerning the proposed sale must be submitted to: Field Manager, Bureau of Land Management, Redding Field Office, 355 Hemsted Drive, Redding, CA 96002.

FOR FURTHER INFORMATION CONTACT: You may contact the Redding Field Office, (530) 224-2100 from 7:30 a.m. to 4:30 p.m., Monday through Friday (except

Federal Holidays), and ask to have your call directed to Ilene Emry, Realty Specialist.

SUPPLEMENTARY INFORMATION: The public land is located in Yreka, California and will be offered for sale utilizing non-competitive (direct sale) procedures in Siskiyou County.

Mount Diablo Meridian, California

T. 45 N., R. 7 W.,

Section 22, lot 13.

The area described contains 0.07 acres more or less in Siskiyou County.

This parcel of public land is proposed for sale to Tom and Kris McCullough, the adjacent landowners, at not less than appraised fair market value (FMV) as determined by the authorized officer after appraisal.

As stated, the public land is proposed for sale subject to the applicable provisions of sections 203 and 209 of the FLPMA, as well as regulations at 43 CFR Parts 2710 and 2720. The sale disposal is carried out in accordance with section 205 of the Federal Land Transaction Facilitation Act of July 25, 2000 (FLTFA) (43 U.S.C. 2304), in which the proceeds from the sale of the lands will be deposited into the Federal Land Disposal account.

Consistent with FLPMA section 203, the tract of public land may be sold as a result of approved land use planning if the sale of the tract meets the disposal criteria.

The subject parcel is identified as suitable for disposal in the BLM Redding Resource Management Plan (RMP) approved July 27, 1993. The identified land is not needed for any Federal purpose.

This sale also meets the criteria found in Title 43 CFR 2710.0-3(a)(2) which states "Disposal of such tract shall serve important public objectives, including but not limited to, expansion of communities and economic development which cannot be achieved prudently or feasibly on lands other than public lands and which outweigh other public objectives and values, including, but not limited to recreation and scenic values, which would be served by maintaining such tract in Federal ownership."

The disposal (sale) of lands also meets the criteria found under 43 CFR 2710.0-3(a)(3) where "such a tract, because of its location or other characteristics is difficult and uneconomic to manage as part of the public lands, and is not suitable for management by another Federal department or agency".

BLM regulations at 43 CFR 2711.3-3(a) provide: "Direct sales (without competition) may be utilized, when in

the opinion of the authorized officer, a competitive sale is not appropriate and the public interest would best be served by a direct sale".

The BLM Redding Field Manager has determined that a non-competitive (direct sale) will be in the best interest of the public in facilitating overall administration of public lands. The FLPMA authorized the use of direct sale of public lands to recognize public policies by giving preference to users such as the adjoining landowners. The BLM parcel is a small uneconomic remnant that is surrounded by private land owned by the McCulloughs in a developing subdivision.

The potential buyer of the parcel will make application under section 209 of the Federal Land Policy and Management Act of October 21, 1976, to purchase the mineral estate along with the surface.

Conveyance of the available mineral interests pursuant to Section 209 of the FLPMA would occur simultaneously with the sale of the land. The mineral interests being offered for conveyance have no known mineral value. Acceptance of a direct sale offer will constitute an application for conveyance of those mineral interests. The applicant will be required to pay a \$50.00 non-returnable filing fee for conveyance of the available mineral interests.

The patent, if issued, will be subject to the following terms, conditions and reservations: A reservation to the United States for ditches and canals constructed by the authority of the United States, Act of August 30, 1890 (43 U.S.C. 945).

No representation, warranty or covenant of any kind, express or implied, will be given or made by the United States, its officers or employees, as to access to or from the above described parcel of land, the title to the land, whether or to what extent the land may be developed, its physical condition or its past, present or potential uses, and the conveyance of any such parcel will not be on a contingency basis. It is the buyer's responsibility to be aware of all applicable Federal, State, any local government policies and regulations that would affect the subject lands. It is also the buyer's responsibility to be aware of existing or prospective uses of nearby properties. Any land lacking access from a public road or highway will be conveyed as such, and future access acquisition will be the responsibility of the buyer.

The environmental assessment and approved appraisal report covering the proposed sale are available for review at

the BLM, Redding Field Office, Redding, California.

On December 7, 2007 the above described land will be segregated from appropriations under the public land laws, including the mining laws, except the sale provision of the FLPMA. The segregative effect will terminate upon issuance of a patent, publication in the December 7, 2007 of a termination of the segregation, or October 23, 2009, unless extended by the BLM California State Director in accordance with 43 CFR 2711.1-2(d) prior to the termination date.

The public land will not be offered for sale until December 7, 2007 at the appraised fair market value.

Public Comments: Interested parties and the general public may submit written comments to the BLM Redding Field Office at the address above. Comments transmitted via e-mail, facsimile, or telephone comments will not be accepted. Comments, including names and street addresses of respondents, will be available for public review in the BLM Redding Field Office during regular business hours, except holidays. The classification of the land described in this Notice will become effective December 24, 2007.

Before including your address, phone number, e-mail address, or other personal identifying information in your comment, you should be aware that your entire comment-including your personal identifying information-may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so. Comments, including names and street address of respondents, will be available for public review at the BLM Redding Field Office during regular business hours, except holidays.

Any adverse comment regarding the proposed sale will be reviewed by the California State Director, who may sustain, vacate, or modify this realty action. In the absence of any objections, this proposal will become the final determination of the Department of the Interior.

(Authority: 43 CFR 2741.5)

Dated: October 16, 2007.

Steven W. Anderson,

Redding Field Office, Manager (CA-360).

BILLING CODE 4310-40-P

DEPARTMENT OF LABOR

Occupational Safety and Health Administration

[Docket No. OSHA-2007-0077]

Proposed Information Collection Request Submitted for Public Comment and Recommendations; Recording and Reporting Occupational Injuries and Illnesses

AGENCY: Occupational Safety and Health Administration (OSHA), Labor.

ACTION: Request for public comment.

SUMMARY: OSHA solicits public comment concerning its proposal to extend the Office of Management and Budget's (OMB) approval of the information collection requirements contained in 29 CFR part 1904, Recording and Reporting Occupational Injuries and Illnesses.

DATES: Comments must be submitted (postmarked, sent, or received) by December 24, 2007.

ADDRESSES:

Electronically: You may submit comments and attachments electronically at <http://www.regulations.gov>, which is the Federal eRulemaking Portal. Follow the instructions online for submitting comments.

Facsimile: If your comments, including attachments, are not longer than 10 pages, you may fax them to the OSHA Docket Office at (202) 693-1648.

Mail, hand delivery, express mail, messenger, or courier service: When using this method, you must submit three copies of your comments and attachments to the OSHA Docket Office, Docket No. OSHA-2007-0077, U.S. Department of Labor, Occupational Safety and Health Administration, Room N-2625, 200 Constitution Avenue, NW., Washington, DC 20210. Deliveries (hand, express mail, messenger, and courier service) are accepted during the Department of Labor's and Docket Office's normal business hours, 8:15 a.m. to 4:45 p.m., e.t.

Instructions: All submissions must include the Agency name and OSHA docket number for the ICR (OSHA-2007-0077). All comments, including any personal information you provide, are placed in the public docket without change, and may be made available online at <http://www.regulations.gov>. For further information on submitting comments see the "Public Participation" heading in the section of this notice titled **SUPPLEMENTARY INFORMATION**.

Docket: To read or download comments or other material in the docket, go to <http://www.regulations.gov> or the OSHA Docket Office at the address above. All documents in the docket (including this **Federal Register** notice) are listed in the <http://www.regulations.gov> index; however, some information (e.g., copyrighted material) is not publicly available to read or download through the Web site. All submissions, including copyrighted material, are available for inspection and copying at the OSHA Docket Office. You may also contact Rex Tingle at the address below to obtain a copy of the ICR.

FOR FURTHER INFORMATION CONTACT: Rex Tingle at the Office of Statistical Analysis, Occupational Safety and Health Administration, U.S. Department of Labor, Room N3507, 200 Constitution Avenue, NW., Washington, DC 20210, telephone: (202) 693-1926 or Todd Owen, Directorate of Standards and Guidance, OSHA, U.S. Department of Labor, Room N-3609, 200 Constitution Avenue, NW., Washington, DC 20210; telephone (202) 693-2222.

SUPPLEMENTARY INFORMATION:

I. Background

The Department of Labor, as part of its continuing effort to reduce paperwork and respondent (i.e., employer) burden, conducts a preclearance consultation program to provide the public with an opportunity to comment on proposed and continuing information collection requirements in accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3506(c)(2)(A)). This program ensures that information is in the desired format, reporting burden (time and costs) is minimal, collection instruments are clearly understood, and OSHA's estimate of the information collection burden is accurate. The Occupational Safety and Health Act of 1970 (the OSH Act) (29 U.S.C. 651, *et seq.*) authorizes information collection by employers as necessary or appropriate for enforcement of the OSH Act and requires that OSHA obtain such information with minimum burden upon employers, especially those operating small businesses, and to reduce to the maximum extent feasible unnecessary duplication of efforts in obtaining information (29 U.S.C. 657).

The OSH Act and 29 CFR part 1904 prescribe that certain employers maintain records of work-related injuries and illnesses. The injury and illness records are intended to have multiple purposes. One purpose is to provide data needed by OSHA to carry out enforcement and intervention
