**SUPPLEMENTARY INFORMATION:**

**I. Background**

The draft of this guidance document was published in the **Federal Register** of February 9, 2006 (71 FR 6779). The guidance provides recommendations on preparing and reviewing PMAs and 510(k) submissions for pharmacogenetic and other human genetic tests, whether testing is for single markers or for multiple markers simultaneously (multiplex tests). FDA received several sets of comments on the guidance and considered all comments. The guidance was revised where needed to provide additional clarification.

**II. Significance of Guidance**

This guidance is being issued consistent with FDA’s good guidance practices regulation (21 CFR 10.115). The guidance represents the agency’s current thinking on pharmacogenetic tests and genetic tests for heritable markers. It does not create or confer any rights for or on any person and does not operate to bind FDA or the public. An alternative approach may be used if such approach satisfies the requirements of the applicable statute and regulations.

**III. Electronic Access**

Persons interested in obtaining a copy of the guidance may do so by using the Internet. To receive “Pharmacogenetic Tests and Genetic Tests for Heritable Markers” you may either send an e-mail request to [dsmica@fda.hhs.gov](mailto:dsmica@fda.hhs.gov) to receive an electronic copy of the document or send a fax request to 240-276-3151 to receive a hard copy. Please use the document number 1594 to identify the guidance you are requesting.
