participants will be contacted annually. *Affected public:* Individuals or households; businesses or other for profit; small businesses or organizations. *Types of Respondents:*

Adult men and women; doctors and staff of hospitals and nursing homes. The annual reporting burden is as follows: *Estimated Number of*

Respondents: 6,000 and Estimated Total Annual Burden Hours Requested: 9,900.

There are no capital, operating, or maintenance costs to report.

Type of respondents	Estimated number of respondents	Average burden hours per respondent	Estimated total annual burden hours requested
Participants	3,600 1,200	2.5 0.67	9,000 804
Participant's next of kin	1,200 6.000	.08	9.900

Request for Comments: Written comments and/or suggestions from the public and affected agencies are invited on one or more of the following points: (1) Whether the proposed collection of information will have practical utility; (2) The accuracy of the agency's estimate of burden of the proposed collection of information, including the validity of the methodology and assumptions used; (3) Ways to enhance the quality, utility, and clarity of the information to be collected; and (4) Ways to minimize the burden of collection of information on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

FOR FURTHER INFORMATION CONTACT: To request more information on the proposed project or to obtain a copy of data collection plans and instruments, contact Dr. Paul Sorlie, Division of Prevention and Population Sciences, NHLBI, NIH, II Rockledge Center, 6701 Rockledge Drive, MSC # 7936, Bethesda, MD, 20892–7936, or call non-toll-free number (301) 435–0456, or e-mail your request, including your address to: sorliep@nhlbi.nih.gov.

Comments Due Date: Comments

Comments Due Date: Comments regarding this information collection are best assured of having their full effect if received within 60 days of the date of this publication.

Dated: October 22, 2007.

Proposed Collection; Comment Request; NIH-American Association for Retired Persons (AARP) Short Follow-Up Questionnaire 2008

SUMMARY: In compliance with the requirement of section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, for opportunity for public comment on proposed data collection projects, the National Cancer Institute (NCI), the National Institutes of Health (NIH) will publish periodic summaries of proposed projects to be submitted to the Office of Management and Budget (OMB) for review and approval.

Proposed Collection: Title: NIH-American Association for Retired Persons (AARP) Short Follow-Up Questionnaire 2008. Type of Information Collection Request: New.

Need and Use of Information Collection: The purpose of this short 2-page questionnaire is to obtain information on 18 different medical conditions, several medical procedures, and lifestyle characteristics from 513,225 participants of the NIH-AARP Diet and Health Study. The questionnaire will support the ongoing examination between cancer and nutritional exposures. This questionnaire adheres to The Public Health Service Act, section 412 (42 U.S.C. 285a-1) and section 413 (42 U.S.C. 285a-2), which authorizes the Division of Cancer Epidemiology and Genetics of the National Cancer Institute (NCI) to establish and support programs for the detection, diagnosis, prevention and treatment of cancer; and to collect, identify, analyze and disseminate information on cancer research, diagnosis, prevention and treatment. Frequency of Response: Once. Affected Public: Individuals. Type of Respondents: U.S. adults (persons aged 50-85). The annual reporting burden is as follows: Estimated Number of Respondents: 513,225; Estimated Number of Responses per Respondent: 1; Average Burden Hours Per Response: .0668; and Estimated Total Annual Burden Hours Requested: 34,283. The annualized cost to respondents is estimated at: \$302,158. There are no Capital Costs, Operating Costs, and/or Maintenance Costs to report.

Type of respondents	Number of respondents	Frequency of response	Average burden hours per response	Annual hour burden	Hourly wage rate	Cost to respond
Senior Adults	513,225	1	1.0668	34,283	\$17.68	\$302,158

^{1 (4} minutes).

Request for Comments: Written comments and/or suggestions from the public and affected agencies are invited on one or more of the following points: (1) Whether the proposed collection of information is necessary for the proper performance of the function of the agency, including whether the information will have practical utility; (2) The accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (3) Ways to enhance the quality, utility, and clarity of the information to be collected; and (4) Ways to minimize the burden of the collection of information on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

FOR FURTHER INFORMATION CONTACT: To request more information on the proposed project or to obtain a copy of the data collection plans and instruments, contact Arthur Schatzkin, M.D., Dr.P.H, Chief, Nutritional Epidemiology Branch, Division of Cancer Epidemiology and Genetics, National Cancer Institute, NIH, DHHS, Executive Plaza South, Room 3040, 6120 Executive Blvd., EPS-MSC 7242, Bethesda, MD 20892-7335 or call nontoll-free number 301-594-2931 or e-mail your request, including your address to: schatzka@mail.nih.gov.

Comments Due Date: Comments regarding this information collection are best assured of having their full effect if received within 60 days of the date of this publication.

Dated: October 26, 2007.

Vivian Horovitch-Kelley,

NCI Project Clearance Liaison, National Institutes of Health.

Office Intramural Training and Education; Proposed Collection; Comment Request; National Institutes of Health Undergraduate Scholarship Program for Individuals From Disadvantaged Backgrounds

SUMMARY: In compliance with the requirement of Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, the NIH Undergraduate Scholarship Program, the National Institutes of Health (NIH), has submitted to the Office of Management and Budget (OMB) a request to review and approve the information collection listed below.

Proposed Collection: Title: National Institutes of Health Undergraduate Scholarship Program for Individuals from Disadvantaged Backgrounds (UGSP). Type of Information Collection Request: Extension of a previously approved collection (OMB No. 0925-0438, expiration date July 31, 2004). Form Numbers: NIH 2762-1, NIH 2762-2, NIH 2762-3, NIH 2762-4, and NIH 2762-5. Need and Use of Information Collection: The NIH makes available scholarship awards to students from disadvantaged backgrounds who are committed to careers in biomedical research. The scholarships pay for tuition and reasonable educational and living expenses up to \$20,000 per

academic year at an accredited undergraduate institution. In return, for each year of scholarship support, the recipient is obligated to serve as a fulltime paid employee in an NIH research laboratory for 10 consecutive weeks during the months of June through August and for one year after graduation. If the recipient is enrolled in an undergraduate program or pursues a postgraduate degree (doctoral, medical, dental, or veterinarian school), the postgraduation service obligation may be deferred with the approval of the Secretary of Health and Human Services. The information proposed for collection will be used by the NIH Undergraduate Scholarship Program to determine an applicant's eligibility for participation in the UGSP and a participant's eligibility to defer his or her service obligation. The UGSP is authorized by Section 487D of the Public Health Service (PHS) Act (42 U.S.C. 288-2), as amended by the NIH Revitalization Act of 1993 (Pub. L. 103-43). Frequency of Response: Initial application and annual renewal application. Affected Public: Applicants (high school or undergraduate students), recommenders, undergraduate institution financial aid staff, participants wishing to defer their service obligation, and graduate or undergraduate registrar staff. The annual reporting burden estimates are as follows:

Type of respondent	Estimated number of respondents	Estimated number of responses per respondent	Average burden hours per response	Estimated total annual burden hours requested
Applicant Recommender Financial Aid Staff UGSP Participant Registrar	300 900 300 40 40	1.0 1.0 1.0 1.0 1.0	3.167 1.000 .500 .084 .750	950.10 900.00 150.00 3.36 30.00
Totals	1,580			2,033.46

The annualized cost to respondents is estimated at \$40,249.70. There are no capital costs, operating costs, or maintenance costs to report.

Request for Comments: Written comments and/or suggestions from the public and affected agencies should address one or more of the following points: (1) Whether the proposed collection of information is necessary for the proper performance of the function of the agency, including whether the information will have practical utility; (2) the accuracy of the agency's estimate of the burden of the proposed collection of information,

including the validity of the methodology and assumptions used; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) ways to minimize the burden of the collection of information on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

FOR FURTHER INFORMATION CONTACT: To request more information on the proposed project or to obtain a copy of the data collection plans and instruments, contact: Darryl M. Murray,

PhD, Director, NIH Undergraduate Scholarship Program, National Institutes of Health, 2 Center Drive, Room 2E20 (MSC 0230), Bethesda, Maryland 20892–0230. Dr. Murray can be contacted via e-mail at murrayda@mail.nih.gov or by calling (301) 594–2222.

Comments Due Date: Comments regarding this information collection are best assured of having their full effect if received within 60 days of the date of this publication.
