

December 27, 2004, through June 30, 2006:

Manufacturer/Exporter	Weighted-Average Margin (Percent)
CP Kelco AB .....	3.84

#### Assessment Rates

The Department will determine, and U.S. Bureau of Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries. Pursuant to section 751(a)(1) of the Tariff Act of 1930, as amended (the Act) and 19 CFR 351.212(b), the Department calculates an assessment rate for each importer of the subject merchandise covered by the review. Upon issuance of the final results of this review, if any importer-specific assessment rates calculated in the final results are above *de minimis* (i.e., at or above 0.50 percent), we will issue appraisal instructions directly to CBP to assess antidumping duties on appropriate entries by applying the assessment rate to the entered value of the merchandise. To determine whether the duty-assessment rate covering the period is *de minimis*, in accordance with the requirement set forth in sections 733(b)(3) and 735 of the Act, and 19 CFR 351.106(c)(2), we have calculated an importer-specific assessment *ad valorem* rate by aggregating the dumping margins calculated for all U.S. sales to the importers of CP Kelco's subject merchandise and dividing this amount by the total entered value of the sales to that importer. Where the importer-specific *ad valorem* rate is greater than *de minimis* and because the respondent has reported reliable entered values, we will instruct CBP to apply the assessment rate to the entered value of the importer's entries during the period of review. The Department intends to issue assessment instructions to CBP 15 days after the date of publication of these final results of review.

The Department clarified its "automatic assessment" regulation on May 6, 2003. See *Notice of Policy Concerning Assessment of Antidumping Duties*, 68 FR 23954 (May 6, 2003) (*Assessment Policy Notice*). This clarification will apply to entries of subject merchandise during the POR produced by CP Kelco, for which CP Kelco did not know that the merchandise it sold to an intermediary (e.g., a reseller, trading company, or exporter) was destined for the United States. In such instances, we will instruct CBP to liquidate unreviewed entries at the all-others rate if there is no company-specific rate for an

intermediary involved in the transaction. See *Assessment Policy Notice* for a full discussion of this clarification.

#### Cash-Deposit Requirements

The following deposit requirements will be effective upon publication of these final results of this administrative review for all shipments of CMC from Sweden that are entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results, as provided by section 751(a)(2)(C) of the Act: (1) the cash-deposit rate for CP Kelco will be 3.84 percent; (2) for merchandise exported by producers or exporters that were previously reviewed or investigated, the cash deposit will continue to be the most recent rate published in the final determination or final results for which the producer or exporter received an individual rate; (3) if the exporter is not a firm covered in this review, a prior review, or the original less-than-fair-value investigation but the manufacturer is, the cash-deposit rate will be the rate established for the most recent period for the manufacturer of the subject merchandise; and (4) if neither the exporter nor the manufacturer is a firm covered in this or any previous review, the cash-deposit rate shall be 25.29 percent, the all-others rate established in the less-than-fair-value investigation. These cash-deposit requirements shall remain in effect until further notice.

#### Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during the review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

This notice also serves as the only reminder to parties subject to administrative protective orders (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO as explained in the administrative protective order itself. Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested in accordance with 19 CFR 351.305(a)(3). Failure to comply is a violation of APO.

These final results of administrative review and notice are issued and

published in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

#### SUPPLEMENTARY INFORMATION:

##### I. Abstract

NOAA operates a direct loan program to assist in financing certain actions relating to commercial fishing vessels, shoreside fishery facilities, aquaculture operations, and individual fishing quotas. The application information is required to determine eligibility pursuant to 50 CFR part 253 and to determine the type and amount of assistance requested by the applicant. An annual financial statement is required from the recipients to monitor the financial status of the loan.

**II. Method of Collection**

Paper applications.

**III. Data**

*OMB Number:* 0648-0012.

*Form Number:* NOAA Form 88-1.

*Type of Review:* Regular submission.

*Affected Public:* Individuals or households and business or other for-profit organizations.

*Estimated Number of Respondents:* 1,735.

*Estimated Time per Response:* 8 hours.

*Estimated Total Annual Burden Hours:* 13,880.

**SUPPLEMENTARY INFORMATION:****I. Abstract**

The commercial fishing vessels active in the American Samoa-based pelagic longline fishery that are greater than 50 feet in length overall must allow the National Marine Fisheries Service (NMFS) to install Vessel Monitoring System (VMS) units on their vessels when directed to do so by NMFS enforcement personnel. VMS units automatically send periodic reports on the position of the vessel. NMFS uses the reports to monitor the vessel's location and activities while enforcing longline fishing area closures. NMFS provide the funds for the units and messaging.

**II. Method of Collection**

The only information collected is vessel position reports, which are automatically transmitted via the VMS.

**III. Data**

*OMB Number:* 0648-0519.

*Form Number:* None.

*Type of Review:* Regular submission.

*Affected Public:* Business or other for-profits organizations.

*Estimated Number of Respondents:* 40.

*Estimated Time per Response:* 4 hours to install a VMS; 2 hours per year to maintain a VMS; 24 seconds a day to transmit hourly automated position reports from a vessel.

*Estimated Total Annual Burden Hours:* 193.

*Estimated Total Annual Cost to Public:* \$0.
