SMALL BUSINESS ADMINISTRATION

Small Business Size Standards: Waiver of the Nonmanufacturer Rule

AGENCY: U.S. Small Business Administration.

ACTION: Notice of intent to waive the Nonmanufacturer Rule for Electromedical and Electrotherapeutic Apparatus Manufacturing.

SUMMARY: The U.S. Small Business Administration (SBA) is considering granting a request for a waiver of the Nonmanufacturer Rule for Electromedical and Electrotherapeutic Apparatus Manufacturing, Diagnostic equipment, MRI (magnetic resonance imaging) manufacturing; Magnetic resonance imaging (MRI) medical diagnostic equipment manufacturing; Medical ultrasound equipment manufacturing; MRI (magnetic resonance imaging) medical diagnostic equipment manufacturing; Patient monitoring equipment (e.g., intensive care coronary care unit) manufacturing; PET (positron emission tomography) scanners manufacturing; and Positron emission tomography (PET) scanners manufacturing. According to the request, no small business manufacturers supply these classes of products to the Federal government. If granted, the waiver would allow otherwise qualified regular dealers to supply the products of any domestic manufacturer on a Federal contract set aside for small businesses; service-disabled veteran-owned small businesses or SBA's 8(a) Business Development Program.

DATES: Comments and source information must be submitted November 30, 2007.

ADDRESSES: You may submit comments and source information to Edith G. Butler, Program Analyst, U.S. Small Business Administration, Office of Government Contracting, 409 3rd Street, SW., Suite 8800, Washington, DC 20416.

FOR FURTHER INFORMATION CONTACT:

Edith G. Butler, Program Analyst, by telephone at (202) 619-0422; by fax at (202) 481-1788; or by e-mail at Edith.butler@sba.gov.

SUPPLEMENTARY INFORMATION: Section 8(a)(17) of the Small Business Act (Act), 15 U.S.C. 637(a)(17), requires that recipients of Federal contracts set aside for small businesses, service-disabled veteran-owned small businesses, or SBA's 8(a) Business Development Program provide the product of a small business manufacturer or processor, if the recipient is other than the actual manufacturer or processor of the product. This requirement is commonly referred to as the Nonmanufacturer Rule. The SBA regulations imposing this requirement are found at 13 CFR 121.406(b). Section 8(a)(17)(b)(iv) of the Act authorizes SBA to waive the Nonmanufacturer Rule for any "class of products" for which there are no small business manufacturers or processors available to participate in the Federal market.

As implemented in SBA's regulations at 13 CFR 121.1202(c), in order to be considered available to participate in the Federal market for a class of products, a small business manufacturer must have submitted a proposal for a contract solicitation or received a contract from the Federal government within the last 24 months. The SBA defines "class of products" based on a six digit coding system. The coding system is the Office of Management and Budget North American Industry Classification System (NAICS).

The SBA is currently processing a request to waive the Nonmanufacturer Rule for Electromedical and Electrotherapeutic Apparatus Manufacturing, Diagnostic equipment, MRI (magnetic resonance imaging) manufacturing; Magnetic resonance imaging (MRI) medical diagnostic equipment manufacturing; Medical ultrasound equipment manufacturing; MRI (magnetic resonance imaging) medical diagnostic equipment manufacturing; Patient monitoring equipment (e.g., intensive care coronary care unit) manufacturing; PET (positron emission tomography) scanners manufacturing; and Positron emission tomography (PET) scanners manufacturing, North American Industry Classification System (NAICS) code 334510 product number 6525.

The public is invited to comment or provide source information to SBA on the proposed waivers of the Nonmanufacturer Rule for this class of NAICS code within 15 days after date of publication in the **Federal Register**.

Dated: November 6, 2007.

DEPARTMENT OF TRANSPORTATION

Federal Motor Carrier Safety Administration

[Docket Nos. **FMCSA-01-9561, FMCSA-03-15268, FMCSA-05-21711**]

Qualification of Drivers; Exemption Renewals; Vision

AGENCY: Federal Motor Carrier Safety Administration (FMCSA), DOT.

ACTION: Notice of final disposition.

SUMMARY: FMCSA previously announced its decision to renew the exemptions from the vision requirement in the Federal Motor Carrier Safety Regulations for 25 individuals. FMCSA has statutory authority to exempt individuals from the vision requirement if the exemptions granted will not compromise safety. The Agency has reviewed the comments submitted in response to the previous announcement and concluded that granting these exemptions will provide a level of safety that will be equivalent to, or greater than, the level of safety maintained without the exemptions for these commercial motor vehicle (CMV) drivers.

FOR FURTHER INFORMATION CONTACT: Dr. Mary D. Gunnels, Chief, Physical Qualifications Division, (202) 366-4001, fmcsamedical@dot.gov, FMCSA, Department of Transportation, 1200 New Jersey Avenue, SE., Room W64-224, Washington, DC 20590-0001.

Office hours are from 8:30 a.m. to 5 p.m., Monday through Friday, except Federal holidays.

SUPPLEMENTARY INFORMATION:

Electronic Access

You may see all the comments online through the Federal Document Management System (FDMS) at <http://www.regulations.gov>.

Background

Under 49 U.S.C. 31136(e) and 31315, FMCSA may grant an exemption for a 2-year period if it finds "such exemption would likely achieve a level of safety that is equivalent to, or greater than, the level that would be achieved absent such exemption." The statutes also allow the Agency to renew exemptions at the end of the 2-year period. The Notice was published on September 27, 2007. The comment period ended on October 29, 2007.

Discussion of Comments

FMCSA received no comments in this proceeding.

Conclusion

The Agency has not received any adverse evidence on any of these drivers that indicates that safety is being compromised. Based upon its evaluation of the 25 renewal applications, FMCSA renews the Federal vision exemptions for Calvin D. Atwood, Gregory W. Babington, William P. Doolittle, Jonathan M. Gentry, John N. Guilford, Benny D. Hatton, Jr., Robert W. Healey, Jr., Nathaniel H. Herbert, Jr., Thomas D. Lambert, Thomas W. Markham, Raul Martinez, Joseph L. Mast, David McKinney, Kevin L. Moody, Charles W. Mullenix, Gary S. Partridge, Nathan D. Peterson, John N. Poland, Brent L. Seaux, Steven R. Smith, James T. Smith, Edd J. Stabler,

Jr., Gary M. Wolff, John C. Young, and George R. Zenor.

In accordance with 49 U.S.C. 31136(e) and 31315, each renewal exemption will be valid for 2 years unless revoked earlier by FMCSA. The exemption will be revoked if: (1) The person fails to comply with the terms and conditions of the exemption; (2) the exemption has resulted in a lower level of safety than was maintained before it was granted; or (3) continuation of the exemption would not be consistent with the goals and objectives of 49 U.S.C. 31136 and 31315.

Issued on: November 9, 2007.

Larry W. Minor,

Associate Administrator for Policy and Program Development.
