

Shares outstanding	Fee
25+ to 50 million	42,000
in excess of 50 million	55,000

The Annual Fees for Structured Products are billed each calendar quarter and are apportioned based on the number of shares outstanding for an issue at the end of the preceding quarter. While the Exchange imposes a maximum total fee of \$250,000 paid by an issuer each year, this maximum fee does not apply to Structured Products.

2. Statutory Basis

NYSE Arca believes that the proposal is consistent with Section 6(b) of the Act⁴ in general, and Section 6(b)(4) of the Act⁵ in particular, in that it provides for the equitable allocation of reasonable dues, fees and other charges among its issuers and other persons using its facilities.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

The Exchange has neither solicited nor received written comments on the proposed rule change.

III. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-56750; File No. SR-Phlx-2007-85]

If-Regulatory Organizations; Philadelphia Stock Exchange, Inc.; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change Amending Phlx Rule 607

November 6, 2007.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder,² notice is hereby given that on November 1, 2007, the Philadelphia Stock Exchange, Inc. ("Phlx" or "Exchange") filed with the Securities and Exchange

Commission ("Commission") the proposed rule change as described in Items I and II below, which Items have been substantially prepared by the Exchange. The Exchange filed the proposal pursuant to Section 19(b)(3)(A) of the Act³ and Rule 19b-4(f)(6) thereunder,⁴ which renders the proposal effective upon filing with the Commission. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

Phlx proposes to amend Phlx Rule 607 to remove language regarding the NMS Linkage Plan ("Plan"). The Plan was utilized by certain exchanges, including Phlx, for the purpose of routing and receiving orders in NMS Stocks. The Plan ended by its own terms on June 30, 2007.⁵

The text of the proposed rule change is available at Phlx, the Commission's Public Reference Room, and <http://www.phlx.com>.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. Phlx has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of the proposed rule change is to update Phlx Rule 607 to reflect the termination of the Plan. Phlx Rule 607 permits Phlx to collect the Covered Sale Fee⁶ from its members and member organizations. In order to facilitate the collection of the Covered

⁶ Under Section 31 of the Act, the Exchange must pay certain fees to the Commission. To help fund the Exchange's obligations to the Commission under Section 31, a Covered Sale Fee is assessed by the Exchange on members and member organizations.

² 17 CFR 240.19b-4.

Sale Fee, Phlx amended Phlx Rule 607 to permit the Exchange to enter into agreements with other exchanges and with Participants in NASD's (n/k/a FINRA) Alternative Display Facility ("ADF Participant") to pass the Covered Sale Fee among the applicable exchanges or ADF Participants where the Exchange has collected the Covered Sale Fee from its members and member organizations for sale transactions executed on another exchange or ADF Participant through the Plan and when other exchanges or ADF Participants have collected the Covered Sale Fee from their members for sale transactions executed on the Exchange through the Plan.⁷

With the termination of the Plan, the agreements with the other exchanges and the ADF Participants are no longer needed.⁸ When the Plan began, certain exchanges and ADF Participants were unable to supply clearing or member information on orders routed through the Plan to other markets and therefore routed orders directly through the Plan without identifying a member or subscriber of the destination market.⁹ Because no member or subscriber of the destination market was involved in the transaction, there was no mechanism for the destination market to collect the Covered Sale Fee. The agreements provided for in Phlx Rule 607 permitted destination markets to collect the Covered Sale Fee for orders routed through the Plan that did not involve members or subscribers of the destination market. Now that the Plan has terminated, all access to the destination market is provided through members or subscribers, which are subject to the fees charged pursuant to rule or subscriber agreement.

Therefore, Phlx proposes to delete that section of Phlx Rule 607 referring to agreements with other exchanges and ADF Participants. Phlx does not intend this deletion to affect any rights or obligations that have accrued to any party up to this point in time pursuant to any such agreements.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with

Section 6(b) of the Act¹⁰ in general and furthers the objectives of Section 6(b)(5)¹¹ in particular, in that it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to remove impediments to, and perfect the mechanism of, a free and open market and a national market system, and in general, to protect investors and the public interest.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change would result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

Written comments were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not:

- (i) Significantly affect the protection of investors or the public interest;
- (ii) Impose any significant burden on competition; and

(iii) Become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, if consistent with the protection of investors and the public interest, it has become effective pursuant to Section 19(b)(3)(A) of the Act¹² and Rule 19b-4(f)(6) thereunder.¹³ As required under Rule 19b-4(f)(6)(iii) under the Act,¹⁴ the Exchange provided the Commission with written notice of its intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of the filing of the proposed rule change.

A proposed rule change filed under 19b-4(f)(6) normally may not become operative prior to 30 days after the date of filing.¹⁵ However, Rule 19b-4(f)(6)(iii)¹⁶ permits the Commission to designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has requested that the

Commission waive the 30-day operative delay and render the proposed rule change operative immediately. The Commission believes that waiving the 30-day operative delay is consistent with the protection of investors and the public interest. Waiver of the 30-day operative delay would enable the Exchange to delete language in Phlx Rule 607 that is no longer needed due to the termination of the Plan as quickly as possible and prevent any potential confusion as to the applicability of this language. For the reasons stated above, the Commission therefore designates the proposal to become operative immediately.¹⁷

At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's Internet comment form (<http://www.sec.gov/rules/sro.shtml>); or

Paper Comments

- Send paper comments in triplicate to Nancy M. Morris, Secretary, Securities and Exchange Commission, 100 F Street, NE., Washington, DC 20549-1090.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-56760; File No. SR-Phlx-2007-40]

Self-Regulatory Organizations; Philadelphia Stock Exchange, Inc.; Order Granting Accelerated Approval to a Proposed Rule Change, as Modified by Amendment No. 3, Relating to Complex Orders

November 7, 2007.

I. Introduction

On May 21, 2007, the Philadelphia Stock Exchange, Inc. ("Phlx" or "Exchange") filed with the Securities and Exchange Commission ("Commission"), pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),¹ and Rule 19b-4 thereunder,² a proposed rule change to amend Phlx Rule 1066, "Certain Types of Orders Defined," to revise the definition of "synthetic option," and to amend Phlx Rule 1083(c) to modify the definition of "Complex Trade" as it relates to the Plan for the Purpose of Creating and Operating an Intermarket

Options Linkage ("Linkage Plan"). The Exchange filed Amendment No. 1 to the proposal on September 4, 2007, and withdrew Amendment No. 1 on October 1, 2007. The Exchange filed Amendment No. 2 to the proposal on October 1, 2007, and withdrew Amendment No. 2 on the same day. The Phlx filed Amendment No. 3 to the proposal on October 1, 2007.³ The proposed rule change, as modified by Amendment No. 3, was published for comment in the **Federal Register** on October 11, 2007.⁴ The Commission received no comments regarding the proposed rule change, as amended. This order approves the proposed rule change, as modified by Amendment No. 3, on an accelerated basis.

II. Description of the Proposal

A. Phlx Rule 1066(g)

Currently, Phlx Rule 1066(g) defines a "synthetic option" as an order to buy or sell a stated number of option contracts and the underlying stock or Exchange-Traded Fund Share in an amount that would offset the options position on a one-for-one basis. The Phlx proposes to amend Phlx Rule 1066(g) to define a "synthetic option" as an order to buy or sell a stated number of units of an underlying stock or a security convertible into the underlying stock ("convertible security") coupled with either (i) the purchase or sale of option contract(s) on the opposite side of the market representing either the same number of units of the underlying stock or convertible security or the number of units of the underlying stock or convertible security necessary to create a delta neutral position; or (ii) the purchase or sale of an equal number of put and call option contracts, each having the same exercise price, expiration date, and each representing the same number of units of stock as, and on the opposite side of the market from, the stock or convertible security portion of the order.

The revised definition of "synthetic option" will permit the purchase or sale of options on the opposite side of the market representing the number of units of the underlying stock or convertible security necessary to create a delta neutral position, rather than requiring that the stock and option components of the synthetic option order offset each other on a one-for-one basis. The revised definition is substantially similar to the definition of "stock-option order"

³ Amendment No. 3 replaces and supersedes the original filing and previous amendments in their entirety.

⁴ See Securities Exchange Act Release No. 56608 (October 3, 2007), 72 FR 57985.

adopted by other U.S. options exchanges.⁵

B. Phlx Rule 1083(c)

The Phlx also proposes to amend Phlx Rule 1083(c) to revise the definition of "Complex Trade" for purposes of the Linkage Plan, which provides an exception to Trade-Through⁶ liability and Satisfaction Order⁷ liability when the transaction that caused the Trade-Through was the result of a Complex Trade. The proposed changes to Phlx Rule 1083(c) are almost identical to changes proposed by the other Linkage Plan Participants,⁸ which the Commission is approving in a separate order today.⁹

Specifically, the Phlx proposes to revise Phlx Rule 1083(c) to: (1) Provide that the option orders in a Complex Trade may be in a ratio equal to or greater than one-to-three (.333) and less than or equal to three-to-one (3.0); and (2) add a certain limited type of synthetic option order to the definition of Complex Trade. Phlx Rule 1083(c)(ii) defines a "stock-option order" as an order to buy or sell a stated number of units of an underlying stock or a security convertible into the underlying stock ("convertible security"), coupled with the purchase or sale of option contract(s) on the opposite side of the market representing either (A) the same number of units of the underlying stock or convertible security; or (B) the number of units of the underlying stock or convertible security necessary to create a delta neutral position, but in no case in a ratio greater than eight option contracts per unit of trading of the underlying stock or convertible security established for that series by the Clearing Corporation.

⁵ See, e.g., Amex Rule 950-ANTE(e)(viii)(1); CBOE Rule 1.1(ii); and ISE Rule 722(a)(5)(i).

⁶ In connection with the Linkage Plan, a "Trade-Through" means a transaction in an options series at a price that is inferior to the National Best Bid or Offer ("NBBO"), but shall not include a transaction that occurs at a price that is one minimum quoting increment inferior to the NBBO provided a Linkage Order is contemporaneously sent to each Participant Exchange disseminating the NBBO for the full size of the Participant Exchange's bid (offer) that represents the NBBO. See Phlx Rule 1083(t).

⁷ In connection with the Linkage Plan, a Satisfaction Order is an order sent through the Linkage to notify a member of another Participant Exchange of a Trade-Through and to seek satisfaction of the liability arising from that Trade-Through. See Phlx Rule 1083(k)(iii).

⁸ Phlx Rule 1083(c)(ii) refers to "stock-option orders" as synonymous with "synthetic option orders" to be consistent with the definitions proposed by the other Linkage Plan Participants.

⁹ See Securities Exchange Act Release No. 56761 (November 7, 2007) (order approving File Nos. SR-Amex-2007-65; SR-BSE-2007-45; SR-CBOE-2007-64; SR-ISE-2007-44; and SR-NYSEArca-2007-65) ("Complex Trade Order").
