Sun Microsystems, Inc., Louisville, CO; Notice of Negative Determination on Reconsideration

By application dated April 15, 2007, a worker requested administrative reconsideration. The request for reconsideration alleged that the subject

firm shifted production and support functions abroad. On May 27, 2007, the Department issued a Notice of Affirmative Determination Regarding Application for Reconsideration for the workers and former workers of Sun Microsystems, Inc., Louisville, Colorado (the subject firm). The Department's Notice of Affirmative Determination was published in the **Federal Register** on June 7, 2007 (72 FR 31614).

The worker-filed petition for Trade Adjustment Assistance (TAA) and Alternative Trade Adjustment Assistance (ATAA) identified the appropriate subdivision employing the workers group as "Sun Microsystems, Louisville, Colorado," the articles produced at the subject firm as "high tech computer storage devices," and the subject worker group as workers engaged in "Production AME + R+D (Inspection)." The petitioners stated that their work has been "outsourced to Mexico and possible Hungary."

Because the petition is dated January 19, 2007, the relevant period is January 19, 2006 through January 18, 2007.

The initial negative determination (issued March 14, 2007) stated that the subject firm "did not shift work performed in Louisville, Colorado abroad, nor did it shift production from its manufacturing facility in Puerto Rico to a foreign country;" that the parent entity, Sun Microsystems (Sun), sold the Puerto Rico facility to another firm, "thus curtailing the need for support persons" at the subject firm; and that "separations of workers at the Louisville location are in great part attributable to
