

procedures; and related management systems practices) that are developed or adopted by voluntary consensus standards bodies.

This rule does not use technical standards. Therefore, we did not consider the use of voluntary consensus standards.

#### Environment

We have analyzed this rule under Commandant Instruction M16475.ID, which guides the Coast Guard in complying with the National Environmental Policy Act of 1969 (NEPA) (42 U.S.C. 4321–4370f), and have made a preliminary determination that there are no factors in this case that would limit the use of a categorical exclusion under section 2.B.2 of the Instruction. Therefore, we believe that this rule should be categorically excluded, under figure 2–1, paragraph (34)(g) of the Instruction, from further environmental documentation because this rule establishes a safety zone. A final “Environmental Analysis Check List” and a final “Categorical Exclusion Determination” will be available in the docket where indicated under

#### ADDRESSES.

#### List of Subjects in 33 CFR Part 165

Harbors, Marine safety, Navigation (water), Reporting and recordkeeping requirements, Security measures, Waterways.

■ For the reasons set out in the preamble, the Coast Guard amends 33 CFR part 165 as follows:

#### PART 165—[AMENDED]

■ 1. The authority citation for part 165 continues to read as follows:

**Authority:** 33 U.S.C. 1226, 1231; 46 U.S.C. Chapter 701; 50 U.S.C. 191, 195; 33 CFR 1.05–1, 6.04–1, 6.04–6, and 160.5; Pub. L. 107–295, 116 Stat. 2064; Department of Homeland Security Delegation No. 0170.1.

■ 2. From September 28, 2007 to October 31, 2007 add temporary § 165.T17–072 to read as follows:

#### § 165.T17–072 Alaska Aerospace Development Corporation, Safety Zone; Gulf of Alaska, Narrow Cape, Kodiak Island, AK.

(a) *Description.* The established safety zone includes the navigable waters in the vicinity of Narrow Cape and Ugak Island, within the boundaries defined by a line drawn from a point located at 57°29.8' North, 152°17.0' West, then southeast to a point located at 57°21.1' North, 152°11.2' West, then southwest to a point located at 57°19.9' North, 152°14.2' West, and then northwest to a point located at 57°25.4' North, 152°28.2' West, and then northeast to

the point located at 57°29.8' North, 152°17.0' West. All coordinates reference Datum: NAD 1983.

(b) *Enforcement periods.* The safety zones in this section will be enforced from 12 p.m. to 4 p.m. during each day of a five-day launch window period from September 28, 2007 to October 31, 2007.

(c) *Regulations.* (1) The Duty Officer at Marine Safety Detachment, Kodiak, Alaska can be contacted at telephone number (907) 486–5918 or (907) 539–5841.

(2) The Captain of the Port may authorize and designate any Coast Guard commissioned, warrant, or petty officer to act on his behalf in enforcing the safety zone.

(3) The general regulations governing safety zones contained in § 165.23 apply. No person or vessel may enter or remain in this safety zone without first obtaining permission from the Captain of the Port or his on-scene representative. The Captain of the Port, Western Alaska, on-scene representative may be contacted at Marine Safety Detachment Kodiak.

Dated: September 28, 2007.

**M.R. Devries,**

*Captain, U.S. Coast Guard, Captain of the Port, Western Alaska.*

**BILLING CODE 4910–15–P**

#### ENVIRONMENTAL PROTECTION AGENCY

#### 40 CFR Parts 60, 61, and 63

[FRL–8487–5]

#### Delegation of Authority to the States of Iowa, Kansas, Missouri, and Nebraska for New Source Performance Standards (NSPS); National Emission Standards for Hazardous Air Pollutants (NESHAP); and Maximum Achievable Control Technology (MACT) Standards

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice of delegation of authority.

**SUMMARY:** The states of Iowa, Kansas, Missouri, and Nebraska have submitted updated regulations for delegation of EPA authority for implementation and enforcement of NSPS, NESHAP, and MACT standards. The submissions cover new EPA standards and, in some instances, revisions to standards previously delegated. EPA's review of the pertinent regulations shows that they contain adequate and effective procedures for the implementation and

enforcement of these Federal standards. This action informs the public of delegations to the above-mentioned agencies.

**DATES:** This notice is effective on October 25, 2007. The dates of delegation can be found in the **SUPPLEMENTARY INFORMATION** section of this document.

**ADDRESSES:** Copies of documents relative to this action are available for public inspection during normal business hours at the Environmental Protection Agency, Air Planning and Development Branch, 901 North 5th Street, Kansas City, Kansas 66101. The interested persons wanting to examine these documents should make an appointment with the office at least 24 hours in advance.

Effective immediately, all notifications, applications, reports, and other correspondence required pursuant to the newly delegated standards and revisions identified in this document must be submitted with respect to sources located in the jurisdictions identified in this document, to the following addresses:

Iowa Department of Natural Resources, Air Quality Bureau, 7900 Hickman Road, Urbandale, Iowa 50322.

Kansas Department of Health and the Environment, Bureau of Air and Radiation, 1000 SW Jackson St., Ste. 310, Topeka, Kansas 66612–1367.

Missouri Department of Natural Resources, Air Pollution Control Program, PO Box 176, Jefferson City, MO 65102–0176.

Nebraska Department of Environmental Quality, Air Quality Division, 1200 “N” Street, Suite 400, PO Box 98922, Lincoln, NE 68509.

Duplicates of required documents must also continue to be submitted to the EPA Regional Office at the above address.

**FOR FURTHER INFORMATION CONTACT:** Heather Hamilton at (913) 551–7039, or by e-mail at [hamilton.heather@epa.gov](mailto:hamilton.heather@epa.gov).

**SUPPLEMENTARY INFORMATION:** The supplementary information is organized in the following order:

What does this action do?  
What is the authority for delegation?  
What does delegation accomplish?  
What has been delegated?  
What has not been delegated?

#### List of Delegation Tables

Table I—NSPS, 40 CFR Part 60  
Table II—NESHAP, 40 CFR Part 61  
Table III—NESHAP, 40 CFR Part 63

#### What does this action do?

The EPA is providing notice of an update to its delegable authority for

implementation and enforcement of the Federal standards shown in the tables below to the states of Iowa, Kansas, Missouri, and Nebraska. This action updates the delegation tables previously published at 72 FR 1937 (January 17, 2007). The EPA has established procedures by which these agencies are automatically delegated the authority to implement the standards when they adopt regulations which are identical to the Federal standards. We then periodically provide notice of the new and revised standards for which delegation has been given. This notice does not affect or alter the status of the listed standards under state or Federal law.

**What is the authority for delegation?**

1. Section 111(c)(1) of the Clean Air Act (CAA) authorizes EPA to delegate authority to any state agency which submits adequate regulatory procedures for implementation and enforcement of the NSPS program. The NSPS are codified at 40 CFR part 60.

2. Section 112(l) of the CAA and 40 CFR part 63, subpart E, authorizes the EPA to delegate authority to any state or local agency which submits adequate regulatory procedures for implementation and enforcement of emission standards for hazardous air pollutants. The hazardous air pollutant

standards are codified at 40 CFR parts 61 and 63, respectively.

**What does delegation accomplish?**

Delegation confers primary responsibility for implementation and enforcement of the listed standards to the respective state and local air agencies. However, EPA also retains the concurrent authority to enforce the standards.

**What has been delegated?**

Tables I, II, and III below list the delegated standards. Each item listed in the Subpart column has two relevant dates listed in each column for each state. The first date in each block is the reference date to the CFR contained in the state rule. In general, the state or local agency has adopted the applicable standard through the date as noted in the table. The second date is the most recent effective date of the state agency rule for which the EPA has granted the delegation. This notice specifically addresses revisions to the columns for Iowa, Kansas, Missouri, and Nebraska.

**What has not been delegated?**

1. The EPA regulations effective after the first date specified in each block have not been delegated, and authority for implementation of these regulations is retained solely by EPA.

2. In some cases, the standards themselves specify that specific provisions cannot be delegated. In such cases, a specific section of the standard details what authorities can and cannot be delegated. You should review the applicable standard in the CFR for this information.

3. In some cases, the state rules do not adopt the Federal standard in its entirety. Each state rule (available from the respective agency) should be consulted for specific information.

4. In some cases, existing delegation agreements between the EPA and the agencies limit the scope of the delegated standards. Copies of delegation agreements are available from the state agencies, or from this office.

5. With respect to 40 CFR part 63, subpart A, General Provisions (see Table III), the EPA has determined that sections 63.6(g), 63.6(h)(9), 63.7(e)(2)(ii) and (f), 63.8(f), and 63.10(f) cannot be delegated. Additional information is contained in an EPA memorandum titled "Delegation of 40 CFR Part 63 General Provisions Authorities to State and Local Air Pollution Control Agencies" from John Seitz, Director, Office of Air Quality Planning and Standards, dated July 10, 1998.

**40 CFR Part 80**

[EPA-HQ-OAR-2003-0010 FRL-8487-2]

RIN 2060-AK02

**Regulation of Fuels and Fuel Additives: Modification of Baselines for Gasoline Produced or Imported for Use in Hawaii, Alaska and U.S. Territories**

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Final rule.

**SUMMARY:** This final rule allows refiners and importers who produce or import conventional gasoline for use in Alaska,

Hawaii, the Commonwealth of Puerto Rico and the Virgin Islands the option to change the way in which they calculate emissions from such gasoline for purposes of establishing their conventional gasoline anti-dumping and toxics performance baselines and determining compliance with their baselines.

Specifically, this final rule allows refiners and importers of gasoline sold for use in these areas to petition EPA to modify their baselines to replace the anti-dumping statutory baseline with the single seasonal statutory baseline that is most appropriate to the regional climate, and to use the seasonal component of the Complex Model that is most appropriate to the regional climate to calculate individual baselines and annual average emissions. The rule allows refiners and importers to petition EPA to use the summer statutory baseline and the summer Complex Model for all baseline and compliance calculations for conventional gasoline produced or imported for use in Hawaii, Puerto Rico and the Virgin Islands, and allows refiners and importers to petition EPA to use the winter statutory baseline and the winter Complex Model for all baseline and compliance calculations for conventional gasoline produced or imported for use in Alaska. EPA is taking this action to address certain inconsistencies in the fuels regulations which may have significant unintended negative impacts on refiners and importers who produce or import gasoline for these areas.

**DATES:** This final rule is effective on November 26, 2007.

**ADDRESSES:** EPA has established a docket for this action under Docket ID No. EPA-HQ-OAR-2003-0010. All documents in the docket are listed on the <http://www.regulations.gov> web site. Although listed in the index, some information is not publicly available, e.g., CBI or other information whose disclosure is restricted by statute. Certain other material, such as copyrighted material, is not placed on the Internet and will be publicly available only in hard copy form. Publicly available docket materials are available either electronically through <http://www.regulations.gov> or in hard copy at the Air and Radiation Docket, EPA/DC, EPA West, Room 3334, 1301 Constitution Ave., NW., Washington, DC. The Public Reading Room is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The telephone number for the Public Reading Room is (202) 566-1744, and the telephone number for the Air and Radiation Docket is (202) 566-1742.
