Agency Information Collection Activities: Proposed Collection; Comment Request

AGENCY: Centers for Medicare & Medicaid Services, HHS.

In compliance with the requirement of section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, the Centers for Medicare & Medicaid Services (CMS) is publishing the following summary of proposed collections for public comment. Interested persons are invited to send comments regarding this burden estimate or any other aspect of this collection of information, including any of the following subjects: (1) The necessity and utility of the proposed information collection for the proper performance of the agency's functions; (2) the accuracy of the estimated burden; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) the use of automated collection techniques or other forms of information technology to minimize the information collection burden.

1. *Type of Information Collection Request:* New collection; *Title of Information Collection:* Provider Enrollment Chain and Ownership System (PECOS) Web Security Consent Form; *Form No.:* CMS-10220 (OMB# 0938-NEW); *Use:* In establishing a Web based application process, we allow providers and suppliers the ability to enroll in the Medicare program via the Internet. For these applicants, no security consent form is needed to enroll or make a change in their Medicare enrollment information. These applicants receive complete access to their own enrollments through the Web based version of the Provider Enrollment, Chain and Ownership System (PECOS).

In order to allow a provider or supplier to delegate the Medicare credentialing process to another individual or organization, it is necessary to establish a Security Consent Form for those providers and suppliers who choose to have another individual or organization access their enrollment information and complete enrollments on their behalf. These users could consist of administrative staff, independent contractors, or credentialing departments and are represented as a User group. User groups and its members must request access to enrollment data through a Security Consent Form. The security consent form replicates business service agreements between Medicare applicants and organizations providing enrollment services.

We are proposing four different versions of the Security Consent Form. The form, once signed, mailed and approved, grants a user group or its member access to specific Medicare enrollment records. The system administrator, within the user group, assigns to each member of the group, a security role that will define their levels of functionality within PECOS web for an individual or organization. *Frequency:* Reporting—On occasion; *Affected Public:* Business or other for-profit, Not-for-profit institutions, Individuals or Households; *Number of Respondents:* 177,500; *Total Annual Responses:* 177,500; *Total Annual Hours:* 44,375.

To obtain copies of the supporting statement and any related forms for the proposed paperwork collections referenced above, access CMS' Web Site address at <http://www.cms.hhs.gov/PaperworkReductionActof1995>, or e-mail your request, including your address, phone number, OMB number, and CMS document identifier, to Paperwork@cms.hhs.gov, or call the Reports Clearance Office on (410) 786-1326.

1. *Type of Information Collection Request:* Extension without change of a currently approved collection; *Title of Information Collection:* Alternative Benefits State Plan Amendment Health Opportunity Accounts (HOA) Demonstration Program; *Use:* The DRA provides States with numerous flexibilities in operating their State Medicaid programs. For example, Section 6082 of the DRA allows up to 10 States to operate Medicaid demonstrations to test alternative systems for delivering their Medicaid benefits. Under these demonstrations, States would have the flexibility to deliver their Medicaid benefits to volunteer beneficiaries through a program that is comprised of an HOA and a High Deductible Health Plan (HDHP). Under the DRA, States can submit a State Plan Pre-print to CMS to effectuate this change to their Medicaid programs. CMS will provide a State Medicaid Director letter providing guidance on this provision and the implementation of the DRA and the associated State Plan Amendment template for use by States to modify their Medicaid State Plans if they choose to implement this flexibility; *Form Number:* CMS-10216 (OMB#: 0938-1007); *Frequency:* Reporting: One-time; *Affected Public:* State, Local or tribal Government; *Number of Respondents:* 56; *Total Annual Responses:* 10; *Total Annual Hours:* 10.

States must identify in their State plan the following: (1) The service for which the charge is made; (2) The amount of the charge; (3) The basis for determining the charge; (4) The method used to collect the charge; (5) The basis for determining whether an individual is unable to pay the charge and the way in which the individual will be identified to providers; and, (6) The procedures for implementing and enforcing the exclusions from cost sharing; *Form*
