What do you need to do?

Refer to the Environmental Performance Table in the instructions to answer questions 1 and 2.

Section C

Tell us about your past achievements and future commitments.

Part 1 You must report past achievements for at least two environmental aspects, and you must choose these aspects from the Environmental Performance Table on pages 29-31 of the instructions. Please quantify each of your aspects using the units listed for that aspect in the Environmental PTrack Information Hotline at 1-888-339-PTRK.

Note to small facilities: If you are a small facility, you must report past achievements for only one environmental aspect.

First achievement

Why do we need this information?

Facilities need to demonstrate their commitment to public outreach and performance reporting. You should have appropriate mechanisms in place to identify community concerns, to communicate with the public, and to provide information on your environmental performance.

What do you need to do?

- ◆ Describe your approach to public outreach.
- ◆ List three references who are familiar with your facility.

Section D

Tell us about your public outreach and reporting.

1 How do you identify and respond to community concerns?

Community concerns would be addressed as soon as received or as determined. We have a communications procedure in our registration to ISO 14001, which we are required to follow when dealing with communications outside our company regarding environmental situations. Our receptionists are trained to direct incoming calls about our EMS system to the appropriate personnel.

2 How do you inform community members of important matters that affect them?

Our founder and chairman, Ray Anderson, makes numerous speeches all over the country articulating our mission toward sustainability. Our company partners with local schools in mentoring and makes frequent presentations to children on recycling and respecting our environment.

3 How will you make the Performance Track Annual Performance Report available to the public?

- Website www.interfaceinc.com
- Newspaper
- Open Houses
- Other

We have an extensive website which shares our information on sustainability, our goals, how we plan going forward, and communicating our progress.
