DEPARTMENT OF HOMELAND SECURITY**Transportation Security Administration****Extension of Agency Information Collection Activity Under OMB Review: Office of Law Enforcement/Federal Air Marshal Service (OLE/FAM) Mental Health Certification**

AGENCY: Transportation Security Administration, DHS.

ACTION: Notice.

SUMMARY: This notice announces that the Transportation Security Administration (TSA) has forwarded the Information Collection Request (ICR) abstracted below to the Office of Management and Budget (OMB) for review and approval of an extension of

the currently approved collection under the Paperwork Reduction Act. The ICR describes the nature of information collection and its expected burden. TSA published a **Federal Register** notice, with a 60-day comment period soliciting comments, of the following collection of information on June 20, 2007, 71 FR 70524. The collection involves the completion of a mental health certification by applicants for Office of Law Enforcement/Federal Air Marshal positions.

DATES: Send your comments by September 24, 2007. A comment to OMB is most effective if OMB receives it within 30 days of publication.

ADDRESSES: Interested persons are invited to submit written comments on the proposed information collection to the Office of Information and Regulatory Affairs, Office of Management and Budget. Comments should be addressed to Nathan Lesser, Desk Officer, Department of Homeland Security/TSA, and sent via electronic mail to oir_submission@omb.eop.gov or faxed to (202) 395-6974.

SUPPLEMENTARY INFORMATION:**Comments Invited**

In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a valid OMB control number. The ICR documentation is available at www.reginfo.gov. Therefore, in preparation for OMB review and approval of the following information collection, TSA is soliciting comments to—

(1) Evaluate whether the proposed information requirement is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) Evaluate the accuracy of the agency's estimate of the burden;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the collection of information on those who are to respond, including using appropriate automated, electronic, mechanical, or other technological

collection techniques or other forms of information technology.

Information Collection Requirement

Title: Office of Law Enforcement/Federal Air Marshal Service (OLE/FAM) Mental Health Certification.

Type of Request: Extension of a currently approved collection.

OMB Control Number: 1652-0043.

Form(s): Mental Health Certification.

Affected Public: Office of Law Enforcement/Federal Air Marshal Service applicants.

Abstract: Pursuant to 49 U.S.C. 44901, 44903, and 44917, TSA has authority to prescribe regulations to protect passengers and property on an aircraft operating in air transportation or intrastate air transportation against an act of criminal violence or aircraft piracy, provide for deployment of Federal Air Marshals on passenger flights, and provide for appropriate training, supervision, and equipment of FAMS. In furtherance of this authority, TSA policy currently requires that applicants for Office of Law Enforcement/Federal Air Marshal positions meet certain medical standards, including Federal Aviation Administration second-class airman standards as outlined in 14 CFR part 67. The TSA modifications to these standards include a psychological evaluation to determine that the individual does not have an established medical history or clinical diagnosis of psychosis, neurosis, or any other personality or mental disorder that clearly demonstrates a potential hazard to the performance of FAM duties or the safety of self or others.

As part of the psychological evaluation, applicants are required to complete a mental health certification regarding their mental history and provide an explanation for anything they cannot certify. Applicants are asked if they have ever been removed from work for medical or psychological reasons, and certify other mental health statements. Applicants are instructed to submit this form directly to the FAMS Medical Programs for initial screening via fax, mail, or in person. Any explanations received will generally require further review and follow-up by a contract psychologist or psychiatrist. This certification is carefully geared to capitalize on other elements of the assessment process, such as personal interviews, physical task assessment, background investigation, as well as the other components of the medical examination and assessment.

Number of Respondents: 10,000.

Estimated Annual Burden Hours: An estimated 10,000 hours annually.

Issued in Arlington, Virginia, on August 20, 2007.

Fran Lozito,

Director, Business Management Office, Operational Process and Technology.

[AK-930-07-1310-DS]

Notice of Availability and Announcement of Public Meetings and Alaska National Interest Lands Conservation Act (ANILCA) Subsistence Hearings; Northeast National Petroleum Reserve—Alaska Supplemental Draft Integrated Activity Plan/Environmental Impact Statement

AGENCY: Bureau of Land Management (BLM), Interior.

ACTION: Notice of Availability and Announcement of Public Meetings and ANILCA Subsistence Hearings.

SUMMARY: The Bureau of Land Management (BLM), Alaska State Office, is issuing the Northeast National Petroleum Reserve—Alaska (NPR—A) Supplemental Draft Integrated Activity Plan/Environmental Impact Statement (IAP/EIS) for public comment and announces pending Draft IAP/EIS public meetings/ANILCA subsistence hearings to receive comments on the IAP/EIS and its findings regarding the ANILCA § 810 analysis of impacts to subsistence use.

DATES: Written comments on the Draft IAP/EIS must be received within 60 days following the date the Environmental Protection Agency publishes their Notice of Availability in the **Federal Register**. Draft IAP/EIS public meetings and/or ANILCA subsistence hearings will be held in the following communities in Alaska: Anaktuvuk Pass, Anchorage, Atkasuk, Barrow, Fairbanks, Nuiqsut, and Wainwright. The date, time, and location of the meetings will be announced through public notices, media news releases, and/or other mailings.

ADDRESSES: Written comments should be sent to: Northeast NPR—A Supplemental IAP/EIS Comments, ENSR Project Office, 1835 South Bragaw Street, Suite 490, Anchorage, Alaska, 99508; faxed to 888-907-3677; hand delivered to ENSR at the above address, or to the BLM Public Information Center in the Federal Building, 222 West 7th Avenue, Anchorage, Alaska, 99513; or

forwarded electronically through the project Web site at http://www.blm.gov/ak/st/en/prog/planning/npra_general/ne_npra/ne_npr-a_supplement.html. Before including your address, phone number, e-mail address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. FOR FURTHER INFORMATION CONTACT: Jim Ducker, BLM Alaska State Office, 907-271-3130.

SUPPLEMENTARY INFORMATION: This Supplemental IAP/EIS supplements the Northeast NPR—A Amended IAP/EIS, which was completed in January 2005 and was followed with a Record of Decision in January 2006. On September 25, 2006, the U.S. District Court for the District of Alaska found the Amended IAP/EIS analysis failed to fully consider the cumulative effects of oil and gas leasing in the planning area and in the adjacent Northwest NPR—A planning area and vacated the Record of Decision for the Amended IAP/EIS. The supplemental IAP/EIS provides additional analysis necessary to fully address the deficiencies noted by the court and updates relevant sections of the document with information that has become available since the completion of the Amended IAP/EIS. The public is especially encouraged to comment on this additional and updated analysis, and to identify measures that could reduce impacts to resources or uses that could be impacted by oil and gas activities. Like the Amended IAP/EIS, the Supplemental IAP/EIS considers additional oil and gas leasing opportunities in the same approximately 4.6 million acres in the northeast portion of the National Petroleum Reserve—Alaska. The Supplemental IAP/EIS considers the same issues and almost identical alternatives as were addressed in the Amended IAP/EIS.

Section 810 of the Alaska National Interest Lands Conservation Act requires the BLM to evaluate the effects of the alternatives presented in this Draft IAP/EIS on subsistence activities,
