

comments on this ICR should be submitted to EPA and OMB within 30 days of this notice.

EPA has established a public docket for this ICR under Docket ID No. EPA-HQ-OPPT-2006-0807, which is available for online viewing at <http://www.regulations.gov>, or in person inspection at the OPPT Docket in the EPA Docket Center (EPA/DC), EPA West, Room 3334, 1301 Constitution Ave., NW., Washington, DC. The EPA Docket Center Public Reading Room is open from 8 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The telephone number for the Reading Room is 202-566-1744, and the telephone number for the Pollution Prevention and Toxics Docket is 202-566-0280. Use <http://www.regulations.gov> to submit or view public comments, access the index listing of the contents of the public docket, and to access those documents in the public docket that are available electronically. Once in the system, select "search," then key in the docket ID number identified above.

Use EPA's electronic docket and comment system at <http://www.regulations.gov>, to submit or view public comments, access the index listing of the contents of the docket, and to access those documents in the docket that are available electronically. Once in the system, select "docket search," then key in the docket ID number identified above. Please note that EPA's policy is that public comments, whether submitted electronically or in paper, will be made available for public viewing at <http://www.regulations.gov> as EPA receives them and without change, unless the comment contains copyrighted material, CBI, or other information whose public disclosure is restricted by statute. For further information about the electronic docket, go to <http://www.regulations.gov>.

Title: Request for Contractor Access to TSCA Confidential Business Information (CBI).

ICR Numbers: EPA ICR No. 1250.08, OMB Control No. 2070-0075.

ICR Status: This ICR is scheduled to expire on August 31, 2007. Under OMB regulations, the Agency may continue to conduct or sponsor the collection of information while this submission is pending at OMB. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information, unless it displays a currently valid OMB control number. The OMB control numbers for EPA's regulations in title 40 of the CFR, after appearing in the **Federal Register** when approved, are listed in 40 CFR part 9, are displayed either by publication in

the **Federal Register** or by other appropriate means, such as on the related collection instrument or form, if applicable. The display of OMB control numbers in certain EPA regulations is consolidated in 40 CFR part 9.

Abstract: EPA procures contract support to facilitate the performance of certain duties. As authorized by section 14 of TSCA, certain employees of companies working under contract to EPA require access to TSCA confidential business information collected under the authority of TSCA in order to perform their official duties. Each contractor employee who will use TSCA CBI in the performance of his or her duties must be authorized for access to TSCA CBI through a multi-step process. The TSCA CBI Protection Manual provides Federal and contractor employees with guidelines and operating procedures for handling TSCA CBI while performing their official duties, as well as the procedures to obtain authorization for access to TSCA CBI. The Office of Pollution Prevention and Toxics (OPPT), which is responsible for maintaining the security of TSCA confidential business information, requires that all individuals desiring access to TSCA CBI obtain and annually renew official clearance to TSCA CBI. As part of the process for obtaining TSCA CBI clearance, OPPT requires certain information about the contracting company and about each contractor employee requesting TSCA CBI clearance, primarily the name, EPA badge number or other identification of the employee, the type of TSCA CBI clearance requested and the justification for such clearance, and the signature of the employee to an agreement with respect to access to and use of TSCA CBI. For purposes of this information collection, contractor personnel must complete and submit EPA Form 7740-6, titled "TSCA CBI Access Request, Agreement, and Approval".

Responses to the collection of information are required in order for a contractor employee to obtain clearance to access TSCA CBI. EPA will observe strict confidentiality precautions with respect to the information collected on individual employees, based on the Privacy Act of 1974, as outlined in the ICR and in the collection instrument.

Burden Statement: The annual public reporting and recordkeeping burden for this collection of information is estimated to average 1.6 hours per response. Burden means the total time, effort or financial resources expended by persons to generate, maintain, retain or disclose or provide information to or for a Federal agency. This includes the

time needed to review instructions; develop, acquire, install and utilize technology and systems for the purposes of collecting, validating and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

Respondents/Affected Entities: Entities potentially affected by this action are companies under contract to the Environmental Protection Agency to provide certain services, whose employees must have access to TSCA confidential business information to perform their duties.

Frequency of Collection: On occasion.

Estimated Average Number of Responses for Each Respondent: 10.

Estimated No. of Respondents: 28.

Estimated Total Annual Hour Burden: 446 hours.

Estimated Total Annual Costs: \$20,466.

Changes in Burden Estimates: This request reflects an increase of 31 hours (from 415 hours to 446 hours) in the total estimated respondent burden from that currently in the OMB inventory. This increase represents an increase in the number of contractor employees that need clearance. The change is an adjustment.

Dated: August 16, 2007.

Sara Hisel-McCoy,

Acting Director, Collection Strategies Division.

Adequacy Status of the Atlanta Early Progress 8-Hour Ozone Motor Vehicle Emission Budgets for Transportation Conformity Purposes; Correction

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of adequacy; correction.

SUMMARY: On April 9, 2007, EPA published a notice of adequacy for the 2006 Motor Vehicle Emissions Budgets (MVEBs) contained in Atlanta's Early Progress Plan. The MVEBs for nitrogen oxide (NO_x) and the volatile organic compounds (VOC) were incorrectly

stated. This document corrects the notice.

DATES: This action is effective August 24, 2007.

ADDRESSES: Copies of the documentation used in the notice being corrected are available for inspection during normal business hours at the following location: U.S. Environmental Protection Agency, Region 4, 61 Forsyth Street, SW., Atlanta, Georgia 30303-8960. The Regional Office's official hours of business are Monday through Friday, 8:30 to 4:30, excluding Federal holidays.

FOR FURTHER INFORMATION CONTACT: Lynorae Benjamin, Air Quality Modeling and Transportation Section, Air Planning Branch, Air, Pesticides and Toxics Management Division, U.S. Environmental Protection Agency, Region 4, 61 Forsyth Street, SW., Atlanta, Georgia 30303-8960. The telephone number is (404) 562-9040. Ms. Benjamin can also be reached via electronic mail at Benjamin.Lynorae@epa.gov. The finding is available at EPA's conformity Web site: <http://www.epa.gov/otaq/stateresources/transconf/currships.htm>.

SUPPLEMENTARY INFORMATION:

Correction

EPA is correcting the error in the **Federal Register** notice, published on April 9, 2007 (72 FR 17550), which announced the adequacy finding for the 2006 MVEBs. In that notice on page 17550, in the third column, the table labeled "Atlanta 8-Hour Ozone MVEBs," EPA inadvertently identified the NO_x MVEB as 172.27 tpd and the VOC MVEB as 306.75 tpd. This action corrects that error. As announced in EPA's January 24, 2007, letter from Beverly Banister, Director of the Air, Pesticides and Toxics Management Division, to Heather Abrams, Chief of EPD's Air Protection Branch, the correct 2006 MVEBs for the Atlanta 8-Hour Ozone Area, as established by the Early Progress Plan, are provided in the following table.

ATLANTA 8-HOUR OZONE MVEBS
[Tons per day]

	2006
NO _x	306.75
VOC	172.27

Authority: 42 U.S.C. 7401 *et seq.*

Dated: August 16, 2007.

J.I. Palmer, Jr.,

Regional Administrator, Region 4.

Environmental Impact Statements and Regulations; Availability of EPA Comments

Availability of EPA comments prepared pursuant to the Environmental Review Process (ERP), under section 309 of the Clean Air Act and section 102(2)(c) of the National Environmental Policy Act as amended. Requests for copies of EPA comments can be directed to the Office of Federal Activities at 202-564-7167.

An explanation of the ratings assigned to draft environmental impact statements (EISs) was published in the **Federal Register** dated April 6, 2007 (72 FR 17156).

Draft EISs

EIS No. 20070205, ERP No. D-AFS-L65537-WA. Tripod Fire Salvage Project, Proposal to Salvage Harvest Dead Trees and Fire-Injured Trees Expected to Die Within One Year, Methow Valley and Tonasket Ranger Districts, Okanogan and Wenatchee National Forests, Okanogan County, WA.

Summary: EPA does not object to the proposed project, but recommended expanding the purpose and need to include active restoration and monitoring survival of fire-damaged trees across the Tripod burn area to validate the proposed methodology for determining post fire tree mortality. Rating LO.

EIS No. 20070227, ERP No. D-NPS-K61166-CA. Golden Gate National Recreation Area, Proposed Marin Headlands and Fort Baker Transportation Infrastructure and Management Plan, Implementation, Marin County, CA.

Summary: EPA does not object with the proposed action. Rating LO.

EIS No. 20070239, ERP No. D-AFS-K65329-CA. Sugarberry Project, Proposes to Protect Rural Communities from Fire Hazards by Constructing Fuel Breaks Known as Defensible Fuel Profile Zones (DFPZs), Feather River Ranger District, Plumas National Forest, Plumas, Sierra, Yuba Counties, CA.

Summary: EPA expressed environmental concern about natural resource impacts, impacts to habitat fragmentation and cumulative effects. Rating EC2.

EIS No. 20070248, ERP No. D-SFW-F65068-WI. Trempealeau National Wildlife Refuge Comprehensive Conservation Plan, Implementation, located within the Mississippi River Valley, Buffalo and Trempealeau Counties, WI.

Summary: EPA does not object to the action as proposed. Rating LO.

EIS No. 20070257, ERP No. D-FHW-F40195-MN. Tier 1 DEIS—Trunk Highway (TH) 41 Minnesota River Crossing, Construction of a New Minnesota River Crossing Connecting U.S. Highway 169 to New US Highway 212, U.S. Army COE section 10 and 404 Permits, Scott and Carver Counties, MN.

Summary: EPA expressed environmental objections about impacts on calcareous fens and the low potential for successful mitigation. EPA also requested that a conceptual wetland mitigation plan be developed and included in the final EIS. Rating EO2.

Final EISs

EIS No. 20070249, ERP No. F-AFS-L65527-WA, Natapoc Ridge Restoration Project, To Improve Forest Health and Sustainability, and Reduce Wildfire and Hazardous Fuels, Wenatchee River Ranger District, Okanogan-Wenatchee National Forest, Chelan County, WA.

Summary: The Final EIS has addressed EPA's concerns about meeting the Aquatic Conservation Strategy objectives and sedimentation rates by including additional road improvements and aquatic resource mitigation measures.

EIS No. 20070259, ERP No. F-FHW-E40805-KY, Newtown Pike Extension Project, Road Connection from West Main Street to South Limestone Street in Lexington, Fayette County, KY

Summary: EPA expressed environmental concerns about impacts to floodplains. EPA is also concerned with hazardous waste remediation for contaminated soil as well as potentially significant cumulative impacts.

EIS No. 20070290, ERP No. F-RUS-H05025-MO, Norborne Baseload Power Plant, Proposed Construction and Operation of a 660-megawatt Net Coal-Fired Power Plant, Carroll County, MO

Summary: EPA continues to have environmental concerns about wetland/floodplain impacts and impacts from
