(3) Records exempted from access conditions will be processed in accordance with DoD Directive 5400.11 or 5 U.S.C. 552, depending upon which regulation gives the greater degree of access. (See also section A.10.1., Chapter 3, DoD 5400.11-R)

(2) If a portion of the record contains information that is exempt from access, an extract or summary containing all releasable information in the record shall be prepared.

Requests should be as brief and as simple as possible and should contain adequate identifying information to locate the record, a description of the items to be amended, and the reason for the change. A request

shall not be rejected nor required to be resubmitted unless additional information is essential to process the request. Requesters shall be required to provide verification of their identity as stated in paragraph (b)(2) of this section to ensure they are seeking to amend records about themselves.

(2) The appropriate system of records system manager shall mail a written acknowledgment of an individual's request to amend a record within 10 workdays after receipt. Such acknowledgment shall identify the request and may, if necessary, request any additional information needed to make a determination. No acknowledgment is necessary if the request can be reviewed and processed, and the individual can be notified of compliance or denial, within the 10-day period. (i) Determine whether the requester has adequately supported his or her claim that the record is inaccurate, irrelevant, untimely, or incomplete.

(ii) Limit the review of a record to those items of information that clearly bear on any determination to amend the records and ensure that those elements are reviewed before a determination is made.

(5) If an individual disagrees with the initial OSD Component determination, he or she may file an appeal. The request should be sent to the Chief, Records and Declassification Division, WHS, 1155 Defense Pentagon, Washington, DC 20301-1155.

(6) If, after review, the Records and Declassification Division determines the system of records should not be amended as requested, the Records and Declassification Division shall provide a copy of any statement of disagreement to the extent that disclosure accounting is maintained in accordance with Chapter 4 or DoD 5400.11-R. The Records and Declassification Division shall advise the individual:

(i) Of the reason and authority for the denial.

(ii) Of his or her right to file a statement of the reason for disagreeing with the Records and Declassification Division decision.

(8) All appeals should be processed within 30 workdays after receipt. If the Records and Declassification Division determines that a fair and equitable review cannot be made within that time, the individual shall be informed in writing of the reasons for the delay and of the approximate date the review is expected to be completed.

(g) *Disclosure of disputed information.* (1) If the Records and Declassification Division determines the record should not be amended and the individual has filed a statement of disagreement under paragraph (f)(7) of this section, the OSD Component shall annotate the disputed record so it is apparent under record disclosure that a statement has been filed. Where feasible, the notation itself shall be integral to the record. Where disclosure accounting has been made, the OSD Component shall advise previous recipients that the record has been

disputed and shall provide a copy of the individual's statement of disagreement in accordance with Chapter 4 of DoD 5400.11-R.

(i) This statement shall be maintained to permit ready retrieval whenever the disputed portion of the record is disclosed.

(ii) When information that is the subject of a statement of disagreement is subsequently disclosed, the OSD Component's designated official shall note which information is disputed and provide a copy of the individual's statement.

(2) The OSD Component shall include a brief summary of its reasons for not making a correction when disclosing disputed information. Such statements shall normally be limited to the reasons given to the individual for not amending the record.

(3) Copies of the OSD Component's summary will be treated as part of the individual's record; however, it will not be subject to the amendment procedure outlined in paragraph (c)(3) of this section.

(h) *Penalties.* (1) *Civil action.* An individual may file a civil suit against the OSD Component or its employees if the individual feels certain provisions or the Privacy Act have been violated as stated in 5 U.S.C. 552a.

The litigation status sheet in DoD 5400.11-R provides a standard format for this notification. (The initial litigation status sheet shall, as a minimum, provide the information required by items 1, through 6. of DoD 5400.11-R) A revised litigation status sheet shall be provided at each stage of the litigation. When a court renders a formal opinion or judgment, copies of the judgment or opinion shall be provided to the DPO with the litigation

ACTION: Proposed rule.

SUMMARY: EPA is re-proposing approval of Ohio rules concerning equivalent visible emission limits (EVELs). Ohio's rules provide criteria for establishment of EVELs, and the rules provide that EVELs established according to these criteria take effect without formal review by EPA. EPA proposed to approve these rules on December 2, 2002, at 67 FR 71515. However, that proposal did not clearly solicit comment on the timing by which actions on EVELs by the State take effect. EPA is proposing that previous State modifications to EVELs would become effective at the federal level immediately upon the effective date of any final EPA action approving these Ohio rules. Similarly, any future action by the State to establish, modify, or rescind EVELs in accordance with the criteria given in these Ohio rules would become effective at the federal level immediately upon the effective date of the State action.
