**Title:** 8-Hour Ozone National Ambient Air Quality Standard Implementation Rule.

**ICR Numbers:** EPA ICR Number 2236.02, OMB Control Number 2060-0594.

**ICR Status:** This ICR is scheduled to expire on April 30, 2007. Under OMB regulations, the Agency may continue to conduct or sponsor the collection of information while this submission is pending at OMB. An Agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control numbers for EPA's regulations in title 40 of the CFR, after appearing in the **Federal Register** when approved, are listed in 40 CFR part 9, and displayed either by publication in the **Federal Register** or by other appropriate means, such as on the related collection instrument or form, if applicable. The display of OMB control numbers in certain EPA regulations is consolidated in 40 CFR part 9.

**Abstract:** The Paperwork Reduction Act requires the information found in this Information Collection Request (ICR) number 2236.02, to assess the burden (in hours and dollars) of the 8-hour Ozone National Ambient Air Quality Standard Implementation (NAAQS) Rule as well as the periodic reporting and recordkeeping necessary to maintain the rule. The rule was proposed June 2, 2003 (68 FR 32802) and promulgated in two Phases: Phase 1 published April 30, 2004 (69 FR 23951) and Phase 2 published November 29, 2005 (70 FR 71612). The preamble to the proposed and final regulation addressed the administrative burden in general terms. The preamble to the final Phase 2 rule stated that an ICR would be prepared (70 FR at 71692). The rule includes requirements that involve collecting information from States with areas that have been designated nonattainment for the 8-hour ozone NAAQS. The time period covered in this ICR is a three year period from May 1, 2007 through April 30, 2010. The information collection milestones include State submission of an attainment demonstration State Implementation Plan (SIP), a Reasonable Further Progress (RFP) SIP submission,

and a Reasonable Available Control Technology (RACT) SIP. However, not all of the milestones and associated burden and administrative cost estimates apply to every designated nonattainment area. Areas with cleaner air quality have fewer requirements.

**Burden Statement:** The annual public reporting and recordkeeping burden for this collection of information is estimated to average 9,511 hours per response. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements which have subsequently changed; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

**Respondents/Affected Entities:** State and local governments.

**Estimated Number of Respondents:** 30.

**Frequency of Response:** Annual.  
**Estimated Total Annual Hour Burden:** 285,333.

**Estimated Total Annual Cost:** \$17,400,000 includes \$0 annualized capital or O&M costs.

**Changes in the Estimates:** There is no increase in the total estimated burden currently identified in the OMB Inventory of Approved ICR Burdens.

Dated: April 2, 2007.

## **ENVIRONMENTAL PROTECTION AGENCY**

**[EPA-HQ-OECA-2006-0720; FRL-8296-9]**

**Agency Information Collection Activities; Submission To OMB for Review and Approval; Comment Request; NESHAP for Off-Site Waste and Recovery Operations (Renewal), EPA ICR Number 1717.05, OMB Control Number 2060-0313**

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice.

**SUMMARY:** In compliance with the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*), this document announces that an Information Collection Request (ICR) has been forwarded to the Office of Management and Budget (OMB) for review and approval. This is a request to renew an existing approved collection. This ICR is scheduled to expire on May 31, 2007. Under OMB regulations, the Agency may continue to conduct or sponsor the collection of information while this submission is pending at OMB. This ICR describes the nature of the information collection and its estimated burden and cost.

**DATES:** Additional comments may be submitted on or before May 10, 2007.

**ADDRESSES:** Submit your comments, referencing docket ID number EPA-HQ-OECA-2006-0720, to (1) EPA online using [www.regulations.gov](http://www.regulations.gov) (our preferred method), by e-mail to [docket.oeca@epa.gov](mailto:docket.oeca@epa.gov), or by mail to: EPA Docket Center (EPA/DC), Environmental Protection Agency, Enforcement and Compliance Docket and Information Center, Mail Code 2201T, 1200 Pennsylvania Avenue, NW., Washington, DC 20460, and (2) OMB at: Office of Information and Regulatory Affairs, Office of Management and Budget (OMB), Attention: Desk Officer for EPA, 725 17th Street, NW., Washington, DC 20503.

**FOR FURTHER INFORMATION CONTACT:** Learia Williams, Compliance Assessment and Media Programs Division, Office of Compliance, Mail Code 2223A, Environmental Protection Agency, 1200 Pennsylvania Avenue, NW., Washington, DC 20460; telephone number: (202) 564-4113; fax number: (202) 564-0050; e-mail address: [williams.learia@epa.gov](mailto:williams.learia@epa.gov).

**SUPPLEMENTARY INFORMATION:** EPA has submitted the following ICR to OMB for review and approval according to the procedures prescribed in 5 CFR 1320.12. On October 6, 2006 (71 FR 58853), EPA sought comments on this ICR pursuant to 5 CFR 1320.8(d). EPA received no comments.

EPA has established a public docket for this ICR under Docket ID Number EPA-HQ-OECA-2006-0720, which is available for online viewing at <http://www.regulations.gov>, or in person viewing at the Enforcement and Compliance Docket and Information Center in the EPA Docket Center (EPA/DC), EPA West, Room 3334, 1301 Constitution Avenue, NW., Washington, DC. The EPA Docket Center Public Reading Room is open from 8:30 a.m. to 4:30 p.m., Monday through Friday,

excluding legal holidays. The telephone number for the Reading Room is (202) 566-1744, and the telephone number for the Enforcement and Compliance Docket Center is (202) 566-1927.

Use EPA's electronic docket and comment system at <http://www.epa.gov>, to submit or view public comments, access the index listing of the contents of the docket, and to access those documents in the docket that are available electronically. Once in the system, select "docket search, then key in the docket ID number identified above. Please note that EPA's policy is that public comments, whether submitted electronically or in paper, will be made available for public viewing at <http://www.regulations.gov>, as EPA receives them and without change, unless the comment contains copyrighted material, CBI, or other information whose public disclosure is restricted by statute. For further information about the electronic docket, go to <http://www.regulations.gov>.

*Title:* NESHAP for Off-Site Waste and Recovery Operations (Renewal).

*ICR Numbers:* EPA ICR Number 1717.05; OMB Control Number 2060-0313.

*ICR Status:* This ICR is scheduled to expire on May 31, 2007. Under OMB regulations, the Agency may continue to conduct or sponsor the collection of information while this submission is pending at OMB. An Agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control numbers for EPA's regulations in title 40 of the CFR, after appearing in the **Federal Register** when approved, are listed in 40 CFR part 9, are displayed either by publication in the **Federal Register** or by other appropriate means, such as on the related collection instrument or form, if applicable. The display of OMB control numbers in certain EPA regulations is consolidated in 40 CFR part 9.

*Abstract:* The National Emission Standards for Hazardous Air Pollutants (NESHAP) for Off-Site Waste and Recovery Operations (40 CFR part 63, subpart DD) were proposed on October 13, 1994, and promulgated on July 1, 1996. These standards apply to hazardous air pollutants (HAP) emissions from selected facilities involved in waste management and recovery operations that are not subject to Federal air standards under other subparts in part 63 commencing construction, modification or reconstruction after the date of proposal if the facility is a "major source" of HAP emissions as defined in general

provisions to 40 CFR part 63 or the facility has the potential to emit more than 10 tons per year for a single HAP or more than 25 tons per year for multiple HAP. In addition, subpart DD cross-references control requirements to be applied to specific types of affected sources: tanks-level 1, containers, surface impoundments, individual drain systems, oil-water separators and organic water separators, loading, transfer, and storage systems. This information is being collected to assure compliance with 40 CFR part 63, subpart DD. Organic HAP emissions are the pollutants regulated under this subpart.

Owners or operators of the affected facilities described must make one-time-only notifications. Owners or operators are also required to maintain records of the occurrence and duration of any startup, shutdown, or malfunction in the operation of an affected facility, or any period during which the monitoring system is inoperative. Semiannual reports of excess emissions (or reports certifying that no exceedances have occurred) are required. These notifications, reports, and records are essential in determining compliance; and are required, in general, of all sources subject to NESHAP.

Any owner or operator subject to the provisions of this part shall maintain a file of these measurements, and retain the file for at least five years following the date of such measurements, maintain reports, and records. All reports are sent to the delegated state or local authority. In the event that there is no such delegated authority, the reports are sent directly to the EPA regional office. This information is being collected to assure compliance with 40 CFR part 63, subpart DD as authorized in section 112 and 114(a) of the Clean Air Act. The required information consists of emissions data and other information that have been determined not to be private.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB Control Number. The OMB control numbers for EPA's regulations are listed in 40 CFR part 9 and 48 CFR chapter 15, and are identified on the form and/or instrument, if applicable.

*Burden Statement:* The annual public reporting and recordkeeping burden for this collection of information is estimated to average approximately 218 hours per response. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency.

This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

*Respondents/Affected Entities:* Off-Site Waste and Recovery Operations.

*Estimated Number of Respondents:* 236.

*Frequency of Response:* Initially, on occasion, and semiannually.

*Estimated Total Annual Hour Burden:* 154,306 hours.

*Estimated Total Costs:* \$9,928,473, which includes \$0 annualized Capital Startup Costs, \$5,000 annualized Operations & Maintenance (O&M) Costs and \$9,923,473 annualized labor costs.

*Changes in the Estimates:* There is no change in the labor hours in this ICR compared to the previous ICR. This is due to two considerations. First, the regulations have not changed over the past three years and are not anticipated to change over the next three years. Secondly, the growth rate for the industry is very low, negative or non-existent, so there is no significant change in the overall burden. There is a \$5,000 correction to the burden cost to cover operations and maintenance costs for photocopying and postage which were not included in the previous ICR approval.

Dated: April 2, 2007.
