SUPPLEMENTARY INFORMATION:

Title: Marking, Labeling, and Packaging.

OMB Number: 0583-0092.

Expiration Date of Approval: 12/31/2007.

Type of Request: Revision of an approved information collection.

Abstract: FSIS has been delegated the authority to exercise the functions of the Secretary as specified in the Federal Meat Inspection Act (FMIA) (21 U.S.C. 601, *et seq.*), the Poultry Products Inspection Act (PPIA) (21 U.S.C. 451, *et seq.*), and the Egg Products Inspection Act (EPIA) (21 U.S.C. 1031, *et seq.*). FSIS protects the public by verifying that meat, poultry, and egg products are safe, wholesome, unadulterated, and properly labeled and packaged.

FSIS is requesting revision of an approved information collection addressing paperwork requirements specified in the regulations relating to marking, labeling, and packaging of meat, poultry, and egg products.

To control the manufacture of marking devices bearing official marks, FSIS requires official meat and poultry establishments and the manufacturers of such devices to submit an Authorization Certificate to the Agency. Such certification is necessary to help prevent the manufacture and use of counterfeit marks of inspection (9 CFR 312.1 & 381.96).

Meat and poultry establishments and egg products plants must develop labels (9 CFR 317.4, 381.115, & 590.410) in accordance with FSIS regulations. To receive approval for such labels, establishments must complete a form. Respondents also submit, in addition to the form, duplicate sketch copies of the labels. The establishment must maintain a copy of all the labeling used, along with product formulation and processing procedures.

Previously approved labeling that contains changes such as holiday season designs, addition or deletion of coupons, UPC production codes, or recipe suggestions; newly assigned or revised establishment numbers; changes in the arrangement or language of directions for opening containers or serving the product; or the substitution of abbreviations for words or vice versa, do not need additional FSIS approval (9 CFR 317.5). Establishments must keep a copy of the labeling used, along with the product formulation and processing procedures on file.

FSIS requires establishments to keep a written guaranty on file to demonstrate that the packaging material they use to package product is safe and will not adulterate product (9 CFR 312.1 and 381.96).

Poultry establishments producing Mechanically Separated (Kind of Poultry) must have adequate controls in place, including recordkeeping, to ensure that such product complies with the Agency's requirements (9 CFR 381.173).

The Agency is revising the information collection based on revised estimates of the number of establishments and the time necessary to complete forms, which support a finding of more total burden hours (85,508) than there are in the approved information collection (82,348).

FSIS has made the following estimates based upon an information collection assessment:

Estimate of Burden: FSIS estimates that it will take respondents an average of 30 minutes per response.

Respondents: Official meat and poultry establishments, official egg plants, and foreign establishments.

Estimated No. of Respondents: 7,536.

Estimated No. of Annual Responses per Respondent: 21.7.

Estimated Total Annual Burden on Respondents: 85,508 hours.

Copies of this information collection assessment can be obtained from John O'Connell, Paperwork Reduction Act Coordinator, Food Safety and Inspection Service, USDA, 1400 Independence Avenue, SW., Room 3532 South Building, Washington, DC 20250, (202) 720-0345.

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of FSIS' functions, including whether the information will have practical utility; (b) the accuracy of FSIS' estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and, (d) ways to minimize the burden of the collection of information on establishments, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques, or other forms of information technology. Comments may also be sent to the Desk Officer for Agriculture, Office of Information and Regulatory Affairs, Office of Management and Budget, Washington, DC 20253.

All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.
