Title: Special Areas; State Petitions for Inventoried Roadless Area Management
OMB Number: 0596-0178

Expiration Date of Approval: May 31, 2008

Type of Request: Extension of a currently approved collection

Abstract: On May 13, 2005, the Forest Service published a final rule 36 CFR part 294 creating an individual state petitioning process for state and territorial governors to seek establishment of management requirements for National Forest System inventoried roadless areas within their States. On September 19, 2006, the United States District Court for the Northern District of California issued an order setting aside the state petitions rule. (*People of the State of California, ex rel Lockyer v. U.S. Dept. of Agriculture, No. C05-03508-EDL (N.D. Cal.)*). This decision is currently under appeal. The petitions will only be collected and used if this injunction is lifted. If the injunction is lifted, the petitions would be evaluated and if accepted by the Secretary of Agriculture, the Forest Service would initiate subsequent State-specific rulemaking for the management of inventoried roadless areas in cooperation with the state or territory involved in the petitioning process.

Estimate of Annual Burden: This is estimated to be as high as 1,000 hours for a single petition, depending on the number of roadless areas within a State and the extent of adjustment to roadless
