Revocation of Orders

As a result of the determinations by the ITC that revocation of these AD and CVD orders is not likely to lead to continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time, the Department is revoking the AD on HR steel from Argentina, Kazakhstan, Romania, and South Africa and CVD orders on HR steel from Argentina and South Africa.

Pursuant to section 751(d)(2) of the Act and 19 CFR 351.222(i)(2)(i), the effective dates of revocation are September 11, 2006 (Argentina/CVD), September 19, 2006 (Argentina and South Africa/AD), November 21, 2006 (Kazakhstan/AD), November 29, 2006 (Romania/AD), and December 3, 2006 (South Africa/CVD) (*i.e.*, the fifth anniversary of the dates of publication in the **Federal Register** of the notice of the AD and CVD orders). The Department will notify U.S. Customs and Border Protection to discontinue suspension of liquidation and collection of cash deposits on entries of the subject merchandise entered or withdrawn from warehouse on or after the effective date of revocation of these AD and CVD orders. The Department will complete any pending administrative reviews of these orders and will conduct administrative reviews of subject merchandise entered prior to the effective date of revocation in response to appropriately filed requests for review.

These five-year (sunset) reviews and this notice are in accordance with section 751(c) and 751(d)(2) of the Act. This notice is published pursuant to 751(c) and 777(i) of the Act and 19 CFR 351.218(f)(4).

Saccharin from the People's Republic of China: Notice of Rescission of the 2006-2007 Administrative Review of the Antidumping Duty Order

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

EFFECTIVE DATE: November 20, 2007.

FOR FURTHER INFORMATION CONTACT: Frances Veith, AD/CVD Operations, Office 8, Import Administration, Room 1870, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230; telephone: (202) 482-4295.

Background

On July 3, 2007, the Department of Commerce ("the Department") published a notice of opportunity to request an administrative review of the antidumping duty order on saccharin from the People's Republic of China ("PRC"). See *Antidumping or Countervailing Duty Order, Finding, or Suspended Investigation; Opportunity to Request Administrative Review*, 72 FR 36420 (July 3, 2007). On July 30, 2007, Shanghai Fortune Chemical Co., Ltd. ("Shanghai Fortune") requested that the Department conduct an administrative review of Shanghai Fortune's exports to the United States for the period of review ("POR") July 1, 2006, through June 30, 2007. Pursuant to this request, the Department published a notice of the initiation of the administrative review of the antidumping duty order on saccharin from the PRC for the POR. See *Initiation of Antidumping and Countervailing Duty Administrative Reviews and Request for Revocation in Part*, 72 FR 48613 (August 24, 2007). On October 22, 2007, Shanghai Fortune withdrew its request for the administrative review of the antidumping order on saccharin from the PRC for the POR.

Rescission of Review

Pursuant to 19 CFR 351.213(d)(1), the Department will rescind an administrative review, in whole or in part, if a party that requested a review

withdraws the request within 90 days of the date of publication of the notice of initiation. In this case, Shanghai Fortune timely withdrew its request for a review, and no other interested party requested a review of this company. Therefore, the Department is rescinding this administrative review of the antidumping duty order on saccharin from the PRC covering the period July 1, 2006, through June 30, 2007, in accordance with 19 CFR 351.213(d)(1).

Assessment

The Department will instruct U.S. Customs and Border Protection (“CBP”) to assess antidumping duties on all appropriate entries. Antidumping duties shall be assessed at rates equal to the cash deposit of estimated antidumping duties required at the time of entry, or withdrawal from warehouse, for consumption, in accordance with 19 CFR 351.212(c)(1)(i). The Department will issue appropriate assessment instructions directly to CBP 15 days after the publication of this notice in the **Federal Register**.

Notification to Interested Parties

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Pursuant to 19 CFR 351.402(f)(3), failure to comply with this requirement could result in the Secretary’s presumption that reimbursement of antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

This notice also serves as a reminder to parties subject to administrative protective order (“APO”) of their responsibility concerning the disposition of proprietary information disclosed under APO, in accordance with 19 CFR 351.305 and as explained in the APO itself. Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

This notice is in accordance with section 777(i)(1) of the Tariff Act of 1930, as amended, and 19 CFR 351.213(d)(4).

Dated: November 14, 2007.

Stephen J. Claeys,

Deputy Assistant Secretary for Import Administration.

Sodium Metal from France: Notice of Initiation of Antidumping Duty Investigation

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

EFFECTIVE DATE: November 20, 2007.

FOR FURTHER INFORMATION CONTACT: Dennis McClure at or Joy Zhang, AD/CVD Operations, Office 3, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230; telephone: (202) 482–5973 and (202) 482–1168, respectively.

SUPPLEMENTARY INFORMATION:

INITIATION OF INVESTIGATION

The Petition

On October 22, 2007, the Department of Commerce (Department) received an antidumping duty petition concerning sodium metal from France, filed by E.I. DuPont de Nemours & Co. Inc. (the petitioner) on behalf of the domestic industry producing sodium metal. *See* Antidumping Duty Petition on Sodium Metal from France (Petition). On October 29, 2007, the Department clarified that the official filing date for the Petition was October 23, 2007. *See* Memorandum from Lisa Nguyen, Import Policy Analyst, to Deputy Assistant Secretary Stephen Claeys: Decision Memorandum Concerning Petition Filing Date, dated October 29, 2007.

The petitioner is the only domestic producer of sodium metal. On October 25, 2007, the Department issued a request for additional information and clarification of certain areas of the Petition. On October 30, 2007, in response to the Department’s request, the petitioner filed a supplement to the Petition. On November 1, 2007, the Department requested further clarification with regard to the Petition and the October 30, 2007, supplement to the Petition. The petitioner filed a second supplement to the Petition on November 2, 2007. On November 6, 2007, the Department requested further clarification and additional information in regard to the petitioner’s November 2, 2007, supplement to the Petition. The petitioner further supplemented the Petition on November 8, 2007. On November 9, 2007, the Department requested further clarification and additional information in regard to the petitioner’s November 8, 2007,

supplement to the Petition. Finally, the petitioner supplemented the Petition on November 9, 2007.

In accordance with section 732(b) of the Tariff Act of 1930, as amended (the Act), the petitioner alleges that imports of sodium metal from France are being, or are likely to be, sold in the United States at less than fair value within the meaning of section 731 of the Act and that such imports are materially injuring, or threatening material injury to, an industry in the United States.

The Department finds that the petitioner filed this Petition on behalf of the domestic industry because it is an interested party as defined in section 771(9)(C) of the Act and has demonstrated that the petitioner is the only known member of the industry with respect to the initiation of the antidumping duty investigation that the petitioner is requesting. *See* the “Determination of Industry Support for the Petition” section below.

Period of Investigation

Because the Petition was filed on October 23, 2007, the anticipated period of investigation (POI) is October 1, 2006, through September 30, 2007. *See* 19 CFR 351.204(b).

Scope of the Investigation

The merchandise covered by this investigation includes sodium metal (Na), in any form and at any purity level. Examples of names commonly used to reference sodium metal are sodium metal, sodium, metallic sodium, and natrium. The merchandise subject to this investigation is classified in the Harmonized Tariff Schedule of the United States (HTSUS) as subheading 2805.11.0000. The American Chemical Society Chemical Abstract Service (CAS) has assigned the name “Sodium” to sodium metal. The CAS registry number is 7440–23–5. For purposes of the investigation, the narrative description is dispositive, not the tariff heading, CAS registry number or CAS name, which are provided for convenience and customs purposes.

Comments on Scope of Investigation

We are setting aside a period for interested parties to raise issues regarding product coverage, as discussed in the preamble to the regulations. *See Antidumping Duties; Countervailing Duties; Final Rule*, 62 FR 27296, 27323 (May 19, 1997). The Department encourages all interested parties to submit such comments within 20 calendar days of signature of this notice. Comments should be addressed to Import Administration’s Central Records Unit (CRU), Room 1870, U.S.
