Notice of Realty Action: Airport Lease and Non-Competitive (Direct) Sale in Searchlight, NV

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of Realty Action.

SUMMARY: The Bureau of Land Management (BLM) proposes to initially lease and then convey 21.4 acres of public land located south of the town of Searchlight, Nevada, for a public airport. An existing airport is located on public and private lands, and the center portion of the airport runway is located on lands currently owned by Searchlight Airpark Developers, LLC (Searchlight). Searchlight proposes to develop a residential airpark on the remaining portion of its private lands and use its 1,600 feet of private runway in conjunction with the 3,700 feet of runway located on public lands. Searchlight has requested that the existing airport runway be leased and then conveyed to it at the appraised fair market value of the land. At a future date, the BLM proposes to sell the 21.4 acres of public airport runway to Searchlight by non-competitive (direct) sale at not less than the appraised fair market value. The sale of the airport runway will require a cadastral survey and updated appraisal prior to conveyance.

DATES: On or before September 10, 2007, interested parties may submit written comments concerning the proposed airport lease and direct sale to the BLM Field Manager, Las Vegas Field Office, at the address stated below. Facsimiles, telephone calls, and electronic mails are unacceptable means of notification.

ADDRESSES: Las Vegas Field Office, Bureau of Land Management, 4701 N. Torrey Pines Drive, Las Vegas, NV 89130.

FOR FURTHER INFORMATION CONTACT: Shawna Woods, Realty Specialist, at (702) 515-5099.

SUPPLEMENTARY INFORMATION: On February 1, 1965, Clark County, Nevada, submitted an application for an airport lease near Searchlight, Nevada. The land was determined to be suitable for airport purposes, and a lease (Nev—065340) was issued to Clark County on May 17, 1965, for a 20-year term. The lease was renewed on May 16, 1985, for an additional 20-year term. On November 10, 1986, airport regulations were amended to require that rental values be determined by appraised fair market value. The lease expired on May 15, 2005, and Clark County has decided not to renew.

The existing runway is approximately 5,300 feet long, of which approximately 1,600 feet in the center of the runway is owned by Searchlight through two patented mining claims. Searchlight has applied for an airport lease for 21.4 acres, which constitutes the remaining approximately 3,700 feet of the runway. The subject 21.4 acre parcel would be leased at an appraised fair market value of \$23,200 annually as determined by a BLM-approved appraisal.

Searchlight has also requested direct sale of the same parcel. The subject parcel will require a cadastral survey prior to conveyance and would be offered for sale at no less than appraised fair market value based on an updated BLM-approved appraisal. The land meets the criteria for direct sale pursuant to 43 CFR 2711.3-3(a)(2), (3), and (4).

The following described land in Clark County has been examined and found suitable for airport lease and direct sale pursuant to Sections 203 and 302 of the Federal Land Policy and Management Act of 1976 (FLPMA) P.L. 94-579, as amended, 43 U.S.C. 1713 and 1732 and 43 CFR Subparts 2711 and 2911.

Sec. 11, NE $\frac{1}{4}$ and N $\frac{1}{2}$ SE $\frac{1}{4}$.

The area described contains approximately 21.4 acres in Clark County.

Issuance of an airport lease is being proposed and is considered appropriate. The land will be subject to the following:

5. Rights for an underground fiber optic line and regeneration facilities granted to AT&T, its successors and assigns, by BLM right-of-way No. 52050, pursuant to Title V of FLPMA (90 Stat. 2776; 43 U.S.C. 1761);

6. Rights for an underground fiber optic line and regeneration facilities granted to Central Telephone, its successors and assigns, by BLM right-of-way No. 52985, pursuant to Title V of FLPMA (90 Stat. 2776; 43 U.S.C. 1761);

7. Rights for a fiber optic line and regeneration facilities granted to Electric Lightwave, Inc., its successors and assigns, by BLM right-of-way No. 58566, pursuant to Title V of FLPMA (90 Stat. 2776; 43 U.S.C. 1761);

8. Rights for an underground fiber optic line granted to IXC Carrier Group, Inc., its successors and assigns, by BLM right-of-way No. 61851, pursuant to

Publication of this notice in the **Federal Register** temporarily segregates the above described land from appropriation under the public land laws, including the mining laws, but not the laws authorizing direct sales or airport leases, 43 U.S.C. 1713, 1732. The segregative effect of this notice will terminate in accordance with 43 CFR 2911.2-3(b) (airport lease) and 43 CFR 2711.1-2(d) (direct sale). INTERNATIONAL TRADE COMMISSION

Request for Comments Concerning the Institution of a Section 751(b) Review Investigation; Certain Orange Juice From Brazil

AGENCY: United States International Trade Commission.

ACTION: Request for comments regarding the institution of a section 751(b) review investigation concerning the Commission's affirmative determination in investigation No. 731-TA-1089 (Final), Certain Orange Juice from Brazil.

SUMMARY: The Commission invites comments from the public on whether changed circumstances exist sufficient to warrant the institution of an investigation pursuant to section 751(b) of the Tariff Act of 1930 (19 U.S.C. 1675(b)) (the Act) to review the Commission's affirmative determination in investigation No. 731-TA-1089 (Final). The purpose of the proposed review investigation is to determine whether revocation of the existing antidumping duty order on imports of certain orange juice from Brazil is likely to lead to continuation or recurrence of material injury. See 19 U.S.C. 1675(b)(2)(A). Certain orange juice is provided for in subheadings 2009.11.00, 2009.12.25, and 2009.19.00 of the Harmonized Tariff Schedule of the United States.

DATES: *Effective Date:* July 19, 2007.

FOR FURTHER INFORMATION CONTACT: Diane Mazur (202-205-3184), Office of Investigations, U.S. International Trade Commission, 500 E Street, SW., Washington, DC 20436. Hearing-impaired persons can obtain information on this matter by contacting the Commission's TDD terminal on 202-205-1810. Persons with mobility impairments who will need special assistance in gaining access to the Commission should contact the Office of the Secretary at 202-205-2000. General information concerning the Commission may also be obtained by accessing its Internet server (<http://www.usitc.gov>). The public record for this matter may be viewed on the Commission's electronic docket (EDIS) at <http://edis.usitc.gov>.

SUPPLEMENTARY INFORMATION:

Background. On January 13, 2006, the Department of Commerce determined that imports of certain orange juice from Brazil were being sold in the United States at less than fair value (LTFV) within the meaning of section 731 of the Act (19 U.S.C. 1673) (71 FR 2183, January 13, 2006); and on March 3, 2006

the Commission determined, pursuant to section 735(b)(1) of the Act (19 U.S.C. 1673d(b)(1)), that an industry in the United States was materially injured by reason of imports of such LTFV merchandise. Accordingly, Commerce ordered that antidumping duties be imposed on such imports (71 FR 12183, March 9, 2006).

On June 13, 2007, the Commission received a request to review its affirmative determination in investigation No. 731-TA-1089 (Final) pursuant to section 751(b) of the Act (19 U.S.C. 1675(b)). The request was filed by Tropicana Products, Inc. (Tropicana). Tropicana alleges that there is good cause for the Commission to conduct a review despite the statutory prohibition against conducting a review within two years of the publication of its injury determination (19 U.S.C. 1675(b)(4)). Tropicana alleges that shortfalls in the Florida juice orange crop and depleted inventories; significant price increases and a greatly constricted supply; and disruption of the alternative sources of Brazilian supply following imposition of the antidumping duty order have resulted in the domestic orange juice producers being harmed by the order.

Written comments requested.

Pursuant to section 207.45(b) of the Commission's Rules of Practice and Procedure, the Commission requests comments concerning whether the alleged changed circumstances, brought about by shortfalls in the Florida juice orange crop and depleted inventories; significant price increases and a greatly constricted supply; and disruption of the alternative sources of Brazilian supply following imposition of the antidumping duty order are sufficient to warrant institution of a review investigation.

Written submissions. Comments must be filed with the Secretary to the Commission no later than 60 days after the date of publication of this notice in the **Federal Register**. All written submissions must conform with the provisions of section 201.8 of the Commission's rules; any submissions that contain business proprietary information must also conform with the requirements of sections 201.6, 207.3, and 207.7 of the Commission's rules. The Commission's rules do not authorize filing of submissions with the Secretary by facsimile or electronic means, except to the extent permitted by section 201.8 of the Commission's rules, as amended, 67 FR 68036 (November 8, 2002).

Authority: This notice is published pursuant to section 207.45 of the Commission's rules.
