

withdrawn from warehouse, for consumption on or after the publication date of these final results, as provided by section 751(a) of the Act: (1) For Mittal no cash deposit will be required; (2) for merchandise exported by producers or exporters not covered in this review, but covered in the less-than-fair-value (LTFV) investigation, the cash deposit rate will continue to be the company-specific rate established in the final determination; (3) if the exporter is not a firm covered in this review or the LTFV investigation, but the producer is, the cash deposit rate will be the rate established for the producer of the subject merchandise for the most recent period; and (4) if neither the exporter nor the producer is a firm covered in this review or the less-than-fair-value investigation, the cash deposit rate will be 11.40 percent, the "All Others" rate established in the investigation. *See Notice of Final Determination of Sales at Less Than Fair Value: Carbon and Certain Alloy Steel Wire Rod from Trinidad and Tobago*, 67 FR 55788 (August 30, 2002). These deposit requirements shall remain in effect until publication of the final results of the next administrative review.

Reimbursement of Duties

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping and/or countervailing duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the presumption that reimbursement of antidumping and/or countervailing duties occurred and the subsequent increase in antidumping duties by the amount of antidumping and/or countervailing duties reimbursed.

Administrative Protective Orders

This notice also serves as a reminder to parties subject to administrative protective orders (APOs) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation that is subject to sanction.

We are issuing and publishing these results and notice in accordance with

sections 751(a)(1) and 777(i)(1) of the Act.

Dated: February 27, 2007.

SUPPLEMENTARY INFORMATION:

Background

On August 31, 2006, the Department published in the *Federal Register* the preliminary results of the administrative review of the antidumping duty order on OCTG from Korea. *See Preliminary Results*. Since the *Preliminary Results*, the following events have occurred. We received case briefs on October 2, 2006, and rebuttal briefs on October 10, 2006.

On October 24, 2006, the Department sent a letter to the parties informing them that Domestic Interested Parties, IPSCO Tubulars, Inc., Lone Star Steel Company, and Maverick Tube Corporations (collectively, IPSCO Tubulars) as well as the Petitioner, U.S. Steel Corporation (U.S. Steel) were being provided an opportunity to submit a rebuttal brief solely in reference to a new issue raised by Respondents in their case brief. The Department received these rebuttal briefs from IPSCO Tubulars on October 30, 2006, and U.S. Steel Corporation on November 1, 2006. On December 22, 2006, pursuant to section 751(a)(3)(A) of the Tariff Act of 1930, as amended ("the Act"), the Department extended the final results by 60 days to February 27, 2006. *See Notice of Extension of Time Limit for Final Results of Administrative Review: Oil Country Tubular Goods, Other Than Drill Pipe, from Korea*, 71 FR 76977 (December 22, 2006).

Scope of the Antidumping Duty Order

The products covered by this order are OCTG, hollow steel products of circular cross-section, including only oil well casing and tubing, of iron (other than cast iron) or steel (both carbon and alloy), whether seamless or welded, whether or not conforming to American Petroleum Institute ("API") or non-API specifications, whether finished or unfinished (including green tubes and limited service OCTG products). This scope does not cover casing or tubing pipe containing 10.5 percent or more of chromium, or drill pipe. Analysis of Comments Received

The issues raised in the case and rebuttal briefs by parties to this administrative review are addressed in the *Issues and Decisions Memorandum for the Final Results of the Administrative Review of the Antidumping Duty Order on Oil Country Tubular Goods ("OCTG") from Korea*, February 27, 2007 (*Issues and Decisions Memorandum*), which is hereby adopted by this notice. The *Issues and Decisions Memorandum* is on file in the Central Records Unit (CRU), room B-099 of the Department of Commerce main building and can be accessed directly at <http://ia.ita.doc.gov/frn>. The paper copy and electronic version of the *Issues and Decisions Memorandum* are identical in content. A list of the issues addressed in the *Issues and Decisions Memorandum* is appended to this notice.

Changes Since the Preliminary Results

Based on our analysis of the comments received, we have made changes in the calculations for the final dumping margin. The changes are discussed in detail in the *Issues and Decisions Memorandum* and in the *Memorandum from Dara Iserson, Case Analyst, to the File: Analysis of Husteel Corporation ("Husteel") for the Final Results of the Administrative Review of Oil Country Tubular Goods, Other Than Drill Pipe from Korea*, and *Memorandum from Nicholas Czajkowski, Case Analyst, to the File: Analysis of SeaH Steel Corporation ("SeaH") for the Final Results of the Administrative Review of Oil Country*

Tubular Goods, Other Than Drill Pipe from Korea, dated February 27, 2007, on file in the CRU.

Final Results of Review

As a result of our review, we determine that the following weighted-average margins exist for the period August 1, 2004, through July 31, 2005:

Manufacturer/Exporter	Margin (percent)
SeAH Steel Corporation	4.73
Husteel Co., Ltd.	0.39 (<i>de minimis</i>)

Assessment Rates

The Department will determine, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries, pursuant to section 751(a)(1)(B) of the Act, and 19 CFR 351.212(b). The Department calculated importer-specific duty assessment rates (or, when the importer was unknown by the respondent, customer-specific duty assessment rates) on the basis of the ratio of the total amount of antidumping duties calculated for the examined sales observations involving each importer to the total entered value of the examined sales observations for that importer. The Department intends to issue assessment instructions to CBP 15 days after the date of publication of these final results of review.

The Department clarified its "automatic assessment" regulation on May 6, 2003. This clarification will apply to entries of subject merchandise during the POR produced by companies included in these final results of review for which the reviewed companies did not know their merchandise was destined for the United States. In such instances, we will instruct CBP to liquidate unreviewed entries at the "All Others" rate if there is no rate for the intermediate company(ies) involved in the transaction. For a discussion of this clarification, see *Notice of Policy Concerning Assessment of Antidumping Duties*, 68 FR 23954 (May 6, 2003).

Cash Deposit Requirements

The following antidumping duty cash deposit rates will be effective upon publication of the final results of this administrative review for all shipments of OCTG from Korea entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results, as provided for by section 751(a)(1) of the Act: (1) for SeAH, the cash deposit rate will be the rate shown above, (2) since the dumping margin for Husteel is *de minimis* (less than 0.50 percent), no cash deposit will be required for Husteel, (3) for

previously reviewed or investigated companies not listed above, the cash deposit rate will be the company-specific rate established for the most recent period, (4) if the exporter is not a firm covered in this review, a prior review, or the less-than-fair-value (LTFV) investigation, but the manufacturer is, the cash deposit rate will be the rate established for the most recent period for the manufacturer of the subject merchandise, and (5) if neither the exporter nor the manufacturer is a firm covered by this review, a prior review, or the LTFV investigation, the cash deposit rate shall be the all others rate established in the LTFV investigation, which is 12.17 percent. See *Final Determination of Sales at Less Than Fair Value: Oil Country Tubular Goods from Korea*, 60 FR 33561 (June 28, 1995). These deposit rates, when imposed, shall remain in effect until publication of the final results of the next administrative review.

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

Notification Regarding APOs

This notice also serves as a reminder to parties subject to administrative protective orders (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a). Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a sanctionable violation.

These final results of administrative review and this notice are issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

Dated: February 27, 2007.

David M. Spooner,

Assistant Secretary for Import Administration.

Initiation of Antidumping Duty Investigation: Sodium Hexametaphosphate From the People's Republic of China

AGENCY: Import Administration, International Trade Administration, Department of Commerce

EFFECTIVE DATE: March 6, 2007.

FOR FURTHER INFORMATION CONTACT:

Christopher Riker or Erin Begnal, AD/CVD Operations, Office 9, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230; telephone: (202) 482-3441 or (202) 482-1442, respectively.

Initiation of Investigation

The Petition

On February 8, 2007, the Department of Commerce ("Department") received a petition on imports of sodium hexametaphosphate ("SHMP") from the People's Republic of China ("PRC") filed in proper form by ICL Performance Products, LP and Innophos, Inc. ("Petitioners"). The period of investigation ("POI") is July 1, 2006, through December 31, 2006.

In accordance with section 732(b) of the Tariff Act of 1930, as amended ("the Act"), Petitioners alleged that imports of SHMP from the PRC are being, or are

likely to be, sold in the United States at less than fair value within the meaning of section 731 of the Act, and that such imports are materially injuring and threaten to materially injure an industry in the United States. The Department issued supplemental questions to Petitioners on February 12, 2007, and February 21, 2007. Petitioners filed their responses on February 16, 2007, and February 23, 2007.

Scope of Investigation

The merchandise subject to this investigation is Sodium hexametaphosphate ("SHMP"). SHMP is a water-soluble polyphosphate glass that consists of a distribution of polyphosphate chain lengths. It is a collection of sodium polyphosphate polymers built on repeating NaPO_3 units. SHMP has a P^{20}_5 content from 60 to 71 percent. Alternate names for SHMP include the following: Calgon; Calgon S; Glassy Sodium Phosphate; Sodium Polyphosphate, Glassy; Metaphosphoric Acid; Sodium Salt; Sodium Acid Metaphosphate; Graham's Salt; Sodium Hex; Polyphosphoric Acid, Sodium Salt; Glass H; Hexaphos; Sodaphos; Vitrafos; and BAC-N-FOS. SHMP is typically sold as a white powder or granule (crushed) and may also be sold in the form of sheets (glass) or as a liquid solution. It is imported under heading 2835.39.5000, HTSUS. It may also be imported as a blend or mixture under heading 3823.90.3900, HTSUS. The American Chemical Society, Chemical Abstract Service ("CAS") has assigned the name "Polyphosphoric Acid, Sodium Salt" to SHMP. The CAS registry number is 68915-31-1. However, SHMP is commonly identified by CAS No. 10124-56-8 in the market. For purposes of the investigation, the narrative description is dispositive, not the tariff heading, CAS registry number or CAS name.

The product covered by this investigation includes SHMP in all grades, whether food grade or technical grade. The product covered by this investigation includes SHMP without regard to chain length i.e., whether regular or long chain. The product covered by this investigation includes SHMP without regard to physical form, whether glass, sheet, crushed, granule, powder, fines, or other form.

However, the product covered by this investigation does not include SHMP when imported in a blend with other materials in which the SHMP accounts for less than 50 percent by volume of the finished product.

Comments on Scope of Investigation

During our review of the petition, we discussed the scope with Petitioners to ensure that it accurately reflects the product for which the domestic industry is seeking relief. Moreover, as discussed in the preamble to the Department's regulations, we are setting aside a period for interested parties to raise issues regarding product coverage. See Antidumping Duties; Countervailing Duties; Final Rule, 62 FR 27296, 27323 (May 19, 1997). The Department encourages all interested parties to submit such comments within 20 calendar days of publication of this initiation notice. Comments should be addressed to Import Administration's Central Records Unit in Room 1870, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230. The period of scope consultations is intended to provide the Department with ample opportunity to consider all comments and consult with interested parties prior to the issuance of the preliminary determination.

Determination of Industry Support for the Petition

Section 732(b)(1) of the Act requires that a petition be filed by an interested party described in subparagraph (C), (D), (E), (F) or (G) of section 771(9) of the Act, by or on behalf of the domestic industry. In order to determine whether a petition has been filed by or on behalf of the domestic industry, the Department, pursuant to section 732(c)(4)(A) of the Act, determines whether a minimum percentage of the relevant industry supports the petition. A petition meets this requirement if the domestic producers or workers who support the petition account for: (i) At least 25 percent of the total production of the domestic like product; and (ii) more than 50 percent of the production of the domestic like product produced by that portion of the industry expressing support for, or opposition to, the petition. Moreover, section 732(c)(4)(D) of the Act provides that, if the petition does not establish support of domestic producers or workers accounting for more than 50 percent of the total production of the domestic like product, the Department shall: (i) Poll the industry or rely on other information in order to determine if there is support for the petition, as required by subparagraph (A), or (ii) if there is a large number of producers in the industry the Department may determine industry support using a statistically valid sampling method.
