II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, Nasdaq included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified

in Item IV below. Nasdaq has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

Nasdaq is proposing to offer free access to its enhanced Risk Management

workstation functionality to clearing firms that elect to use Nasdaq's away market execution drop copy service for a trial period extending through the third quarter of 2007. Nasdaq Risk Management is a credit risk management tool that allows clearing firms to view in real time the dollars engaged by their correspondents (executing brokers) by side and security in U.S. equity transactions. Historically, this product was able to capture only

Nasdaq Market Center trading activity. Recently, however, Nasdaq enhanced the Risk Management product to allow drop copies of execution reports on trades taking place in other market centers to be delivered to a clearing firm's Nasdaq Risk Management workstation.

Nasdaq has decided to provide access to this enhanced Risk Management workstation functionality free of charge to clearing firms for each away market center from which the clearing firm elects to have Nasdaq's Risk Management system receive execution drop copies for a trial period ending September 30, 2007 to provide an incentive for clearing firms to take advantage of this new Risk Management functionality, and to enhance the exposure of the new Risk Management functionality to the marketplace. At the end of the promotional trial period, clearing firms will have the option to discontinue their use of this new Risk Management functionality or begin paying for it at the normal \$375 per-month per-workstation rate.

2. Statutory Basis

Nasdaq believes that the proposed rule change is consistent with the provisions of section 6 of the Act,⁶ in general, and with section 6(b)(4) of the Act,⁷ in particular, in that they provide for the equitable allocation of reasonable dues, fees and other charges among members and issuers and other persons using any facility or system which Nasdaq operates or controls. In particular, Nasdaq believes that its proposal to waive this fee for a trial period provides appropriate incentives to encourage clearing firms' use of Nasdaq's enhanced Risk Management workstation functionality and drop copy service on an equitable basis.

B. Self-Regulatory Organization's Statement on Burden on Competition

Nasdaq does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act, as amended.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

Written comments were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to section 19(b)(3)(A)(ii) of the Act⁸ and subparagraph (f)(2) of Rule 19b-4 thereunder because it establishes or changes a due, fee, or other charge imposed by Nasdaq on its members.⁹ At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.
