Federal Register

Vol. 72, No. 152

Wednesday, August 8, 2007

This section of the FEDERAL REGISTER contains documents other than rules or proposed rules that are applicable to the public. Notices of hearings and investigations, committee meetings, agency decisions and rulings, delegations of authority, filing of petitions and applications and agency statements of organization and functions are examples of documents appearing in this section.

DEPARTMENT OF AGRICULTURE

Animal and Plant Health Inspection Service

[Docket No. APHIS-2007-0090]

Notice of Request for Extension of Approval of an Information Collection; Brucellosis in Sheep, Goats, and Horses; Payment of Indemnity

AGENCY: Animal and Plant Health Inspection Service, USDA.

ACTION: Extension of approval of an information collection; comment request.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, this notice announces the Animal and Plant Health Inspection Service's intention to request an extension of approval of an information collection associated with regulations for payment of indemnity for sheep, goats, and horses destroyed because of brucellosis.

DATES: We will consider all comments that we receive on or before October 9, 2007.

ADDRESSES: You may submit comments by either of the following methods:

- *Federal eRulemaking Portal:* Go to <http://www.regulations.gov>, select "Animal and Plant Health Inspection Service" from the agency drop-down menu, then click "Submit." In the Docket ID column, select APHIS-2007-0090 to submit or view public comments and to view supporting and related materials available electronically. Information on using [Regulations.gov](http://www.regulations.gov), including instructions for accessing documents, submitting comments, and viewing the docket after the close of the comment period, is available through the site's "User Tips" link.

- *Postal Mail/Commercial Delivery:* Please send four copies of your comment (an original and three copies) to Docket No. APHIS-2007-0090,

Regulatory Analysis and Development, PPD, APHIS, Station 3A-03.8, 4700 River Road, Unit 118, Riverdale, MD 20737-1238. Please state that your comment refers to Docket No. APHIS-2007-0090.

Reading Room: You may read any comments that we receive on this docket in our reading room. The reading room is located in room 1141 of the USDA South Building, 14th Street and Independence Avenue, SW., Washington, DC. Normal reading room hours are 8 a.m. to 4:30 p.m., Monday through Friday, except holidays. To be sure someone is there to help you, please call (202) 690-2817 before coming.

Other Information: Additional information about APHIS and its programs is available on the Internet at <http://www.aphis.usda.gov>.

FOR FURTHER INFORMATION CONTACT: For information on an information collection associated with regulations for the payment of indemnity for sheep, goats, and horses destroyed because of brucellosis, contact Dr. Debra Donch, Brucellosis Program Manager, Ruminant Health Programs, NCAHP, VS, APHIS, 4700 River Road, Unit 43, Riverdale, MD 20737; (301) 734-5952. For copies of more detailed information on the information collection, contact Mrs. Celeste Sickles, APHIS' Information Collection Coordinator, at (301) 734-7477.

SUPPLEMENTARY INFORMATION:

Title: Brucellosis in Sheep, Goats, and Horses; Payment of Indemnity.

OMB Number: 0579-0185.

Type of Request: Extension of approval of an information collection.

Abstract: The Animal and Plant Health Inspection Service (APHIS) of the U.S. Department of Agriculture regulates the importation and interstate movement of animals and animal products, and conducts various other activities to protect the health of our Nation's livestock and poultry.

Brucellosis is a contagious disease caused by bacteria of the genus *Brucella*. It affects both animals and humans. In its principal animal hosts, it causes loss of young through spontaneous abortion or birth of weak offspring, reduced milk production, and infertility. There is no economically feasible treatment for brucellosis in livestock. Brucellosis is mainly a disease of cattle, bison, and swine. *Brucella abortus* affects mainly

bovines; *B. suis* affects mainly swine. Goats, sheep, and horses are also susceptible to *B. abortus*. In horses, the disease is known as fistulous withers. A third strain of *Brucella*, *B. melitensis*, affects mainly goats and sheep.

The regulations in 9 CFR part 51 include an indemnity program for sheep, goats, and horses that must be destroyed because of brucellosis. This indemnity program, which is similar to our indemnity program for cattle and bison, is voluntary and was designed to give producers an incentive to cooperate and assist our ongoing program to eradicate brucellosis in the United States.

The indemnity program for the voluntary depopulation of herds of goats, flocks of sheep, and mixed herds of goats and sheep affected with brucellosis, and individual horses infected with brucellosis requires the use of a number of information collection activities, including the completion of indemnity claims, test records, and permits; the use of official seals and animal identification; and the submission of proof of destruction and requests for the extension of certain program-related deadlines.

We are asking the Office of Management and Budget (OMB) to approve our use of these information collection activities for an additional 3 years.

The purpose of this notice is to solicit comments from the public (as well as affected agencies) concerning our information collection. These comments will help us:

- (1) Evaluate whether the collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility;
- (2) Evaluate the accuracy of our estimate of the burden of the information collection, including the validity of the methodology and assumptions used;
- (3) Enhance the quality, utility, and clarity of the information to be collected; and
- (4) Minimize the burden of the information collection on those who are to respond, through use, as appropriate, of automated, electronic, mechanical, and other collection technologies, e.g., permitting electronic submission of responses.

Estimate of burden: The public reporting burden for this collection of

information is estimated to average 0.25 hours per response.

Respondents: Sheep, goat, and horse owners who may be eligible to participate in a brucellosis indemnity program; and State and accredited veterinarians.

Estimated annual number of respondents: 3.

Estimated annual number of responses per respondent: 2.666666666.

Estimated annual number of responses: 8.

Estimated total annual burden on respondents: 2 hours. (Due to averaging, the total annual burden hours may not equal the product of the annual number of responses multiplied by the reporting burden per response.) All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.

Done in Washington, DC, this 2nd day of August 2007.

W. Ron DeHaven,

Administrator, Animal and Plant Health Inspection Service.

DEPARTMENT OF AGRICULTURE

Animal and Plant Health Inspection Service

[Docket No. APHIS-2007-0078]

Notice of Request for Extension of Approval of an Information Collection; Update of Nursery Stock Regulations

AGENCY: Animal and Plant Health Inspection Service, USDA.

ACTION: Extension of approval of an information collection; comment request.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, this notice announces the Animal and Plant Health Inspection Service's intention to request an extension of approval of an information collection associated with our regulations that govern the importation of nursery stock (plants and plant parts and products for propagation) into the United States.

DATES: We will consider all comments that we receive on or before October 9, 2007.

ADDRESSES: You may submit comments by either of the following methods:

- *Federal eRulemaking Portal:* Go to <http://www.regulations.gov>, select "Animal and Plant Health Inspection Service" from the agency drop-down menu, then click "Submit." In the

Docket ID column, select APHIS-2007-0078 to submit or view public comments and to view supporting and related materials available electronically. Information on using Regulations.gov, including instructions for accessing documents, submitting comments, and viewing the docket after the close of the comment period, is available through the site's "User Tips" link.

- *Postal Mail/Commercial Delivery:* Please send four copies of your comment (an original and three copies) to Docket No. APHIS-2007-0078, Regulatory Analysis and Development, PPD, APHIS, Station 3A-03.8, 4700 River Road, Unit 118, Riverdale, MD 20737-1238. Please state that your comment refers to Docket No. APHIS-2007-0078.

Reading Room: You may read any comments that we receive on this docket in our reading room. The reading room is located in room 1141 of the USDA South Building, 14th Street and Independence Avenue, SW., Washington, DC. Normal reading room hours are 8 a.m. to 4:30 p.m., Monday through Friday, except holidays. To be sure someone is there to help you, please call (202) 690-2817 before coming.

Other Information: Additional information about APHIS and its programs is available on the Internet at <http://www.aphis.usda.gov>.

FOR FURTHER INFORMATION CONTACT: For information regarding the nursery stock regulations, contact Ms. Vanessa P. Schreier, Assistant Director of Preclearance Programs, Quarantine Policy, Analysis and Support, PPQ, APHIS, 4700 River Road, Unit 60, Riverdale, MD 20737; (301) 734-8259. For copies of more detailed information on the information collection, contact Mrs. Celeste Sickles, APHIS* Information Collection Coordinator, at (301) 734-7477.

SUPPLEMENTARY INFORMATION:

Title: Update of Nursery Stock Regulations.

OMB Number: 0579-0190.

Type of Request: Extension of approval of an information collection.

Abstract: The Plant Protection Act (PPA, 7 U.S.C. 7701 *et seq.*) authorizes the Secretary of Agriculture to restrict the importation, entry, or interstate movement of plants, plant products, and other articles to prevent the introduction of plant pests into the United States or their dissemination within the United States. Regulations authorized by the PPA concerning the importation of nursery stock, plants, roots, bulbs, seeds and other plant

products are contained in "Subpart-Nursery Stock, Plants, Roots, Bulbs, Seeds, and Other Plant Products" (7 CFR 319.37 through 319.37-14).

Under the regulations, individuals who are involved in growing, exporting, and importing nursery stock must provide information to the Animal and Plant Health Inspection Service about the commodities they wish to bring into the United States. This information serves as the supporting documentation needed to issue required forms and documents, and is vital to help ensure that plant pests are not introduced into the United States.

We are asking the Office of Management and Budget (OMB) to approve our use of these information collection activities for an additional 3 years.

The purpose of this notice is to solicit comments from the public (as well as affected agencies) concerning our information collection. *These comments will help us:*

(1) Evaluate whether the collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility;

(2) Evaluate the accuracy of our estimate of the burden of the collection of information, including the validity of the methodology and assumptions used;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the collection of information on those who are to respond, through use, as appropriate, of automated, electronic, mechanical, and other collection technologies; e.g., permitting electronic submission of responses.

Estimate of burden: The public reporting burden for this collection of information is estimated to average 0.5 hour per response.

Respondents: Importers of nursery stock; foreign government officials.

Estimated annual number of respondents: 30.

Estimated annual number of responses per respondent: 5.

Estimated annual number of responses: 150.

Estimated total annual burden on respondents: 75 hours. (Due to averaging, the total annual burden hours may not equal the product of the annual number of responses multiplied by the reporting burden per response.)

All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.
