BILLING CODE 3510-JE-P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

National Estuarine Research Reserve System

AGENCY: Estuarine Reserves Division, Office of Ocean and Coastal Resource Management, National Ocean Service, National Oceanic and Atmospheric Administration, U.S. Department of Commerce

ACTION: Notice of Public Comment Period for the Revised Management Plan for the Great Bay (New Hampshire) National Estuarine Research Reserve.

SUMMARY: Notice is hereby given that the Estuarine Reserves Division, Office of Ocean and Coastal Resource Management, National Ocean Service, National Oceanic and Atmospheric Administration (NOAA), U.S. Department of Commerce is announcing a thirty day public comment period on the revised Great Bay National Estuarine Research Reserve Management Plan which will begin on the day this announcement is published. Comments should be sent within the comment period in hard copy or e-mail to Doris Grimm at Doris.Grimm@noaa.gov or NOAA's Estuarine Reserves Division, 1305 East-West Highway, N/ORM5, 10th Floor, Silver Spring, MD 20910.

The Great Bay National Estuarine Research Reserve was designated in October 1989 pursuant to Section 315 of the Coastal Zone Management Act of 1972, as amended, 16 U.S.C. 1461. Pursuant to 15 CFR 921.33(c), a state must revise its management plan every five years. The reserve has been operating under a management plan approved in 1989. The submission of this plan fulfills this requirement and sets a course for successful implementation of the goals and objectives of the reserve.

Since the last management plan, the Great Bay Reserve has constructed needed facilities, increased its staff, changed its boundary, implemented several system-wide programs, and acquired key parcels of land. The original boundary included 4,471 acres of open water and salt marsh in Great Bay proper and 1,882 acres of upland.

The boundary expansion includes 2,830 acres of additional open and salt marsh in Little Bay and several tidal rivers as well as 1,052 acres of upland. This expansion also includes all of the Federal lands under the Great Bay National Wildlife refuge that was established in 1992.

The expanded boundary is a more comprehensive representation of the natural communities within the Southern Gulf of Maine province of the Acadian bio-geographic region of the United States. Great Bay serves as a natural field laboratory for researchers and the boundary expansion will increase and diversify the areas capable of supporting NERRS long-term research and monitoring, including opportunities for extensive upland research. The boundary expansion also increases the Reserve's opportunities for educating the public about the estuarine system.

This new management plan serves as the primary guidance document for the operation of the Great Bay Reserve's core and system-wide programs in research and monitoring, education and coastal training, and resource management and stewardship. The plan provides guidance on the acquisition of land to be added to the Reserve and on the construction and renovation of buildings and exhibits that support NERR programs. It also guides the Reserve in important related programs, such as volunteerism and outreach to communities to encourage stewardship of coastal resources in the Great Bay area.

The Great Bay Reserve is administered through the New Hampshire Fish and Game Department. The Reserve is a part of the Marine Fisheries Division, which is based in Durham, New Hampshire. The Reserve also works closely with the New Hampshire Coastal Program and the New Hampshire Estuaries Project, as well as many other partners, such as the University of New Hampshire and the New Hampshire Department of Environmental Services, to meet its goals and objectives.

FOR FURTHER INFORMATION CONTACT:

Doris Grimm at (301) 563-7107 or Laurie McGilvray at (301) 563-1158 of NOAA's National Ocean Service, Estuarine Reserves Division, 1305 East-West Highway, N/ORM5, 10th Floor, Silver Spring, MD 20910. For copies of the Wells Management Plan revision, visit <http://www.reserve.org>.

Dated: August 2, 2007.

David M. Kennedy,

Director, Office of Ocean and Coastal Resource Management, National Oceanic and Atmospheric Administration.

BILLING CODE 3510-08-P

DEPARTMENT OF DEFENSE

Office of the Secretary

Defense Health Board (DHB) Meeting

AGENCY: Department of Defense.

ACTION: Notice of meeting.

SUMMARY: Pursuant to the Federal Advisory Committee Act of 1972 (5 U.S.C., Appendix as amended), the Sunshine in the Government Act of 1976 (5 U.S.C. 552b, as amended), and 41 CFR 102-3.150, and in accordance with section 10(a)(2) of Public Law, the following meeting is announced:

Name of Committee: Defense Health Board (DHB).

Dates: September 19 and 20, 2007.

Times: 8 a.m.-11:30 a.m. (Open Session). 12:30 p.m.-4:45 p.m. (Open Session).

Place of Meeting: Holiday Inn Riverwalk, 217 N. St. Mary's Street, San Antonio, TX 78205.

Purpose of the Meeting: The purpose of the meeting is to address and deliberate pending and new Board issues and provide briefings for Board members on topics related to ongoing Board business.

Agenda: The Board will deliberate Pandemic Flu preparedness and the subcommittee recommendations, recruit Chlamydia screening efficacy, Army Action Plan to address wounded warriors' concerns, and discuss the DOD disability evaluation system, to include an overview and plans for reengineering the system. The status of the DOD response plan for Traumatic Brain Injury and Post Traumatic Stress Disorder will be discussed. The Board will also receive an update from the Task Force on the Future of Military Health Care.

The Board will conduct an administrative session on September 18, 2007, in the same location. The administrative session is closed to the public.

Pursuant to 5 U.S.C. 552b, as amended, and 41 CFR 102-3.140 through 102-3.165 and subject to availability of space, the Defense Health Board meeting from 9 a.m. to 4 p.m. on May 3, 2007 is open to the public. Any member of the public wishing to provide input to the Defense Health
