

applicable to workers of Benchmark Electronics, Inc., Loveland Division, including on-site leased workers from Volt Services Group, Loveland, Colorado. The notice was published in the **Federal Register** on November 16, 2006 (71 FR 66799).

At the request of the State agency, the Department reviewed the certification for workers of the subject firm. The workers were engaged in the production (assemble, test, etc.) of flash memory test systems.

New information shows that when Benchmark Electronics, Inc., Loveland Division, closed in November 2006, a customer, Verigy US Development, retained the on-site leased workers from Volt Services Group to complete their outstanding orders of flash memory test systems.

Accordingly, the Department is amending the certification to include on-site leased workers who were retained by Verigy US Development.

The intent of the Department's certification is to include all workers of Benchmark Electronics, Inc., Loveland Division who were adversely affected by increased customer imports.

The amended notice applicable to TA-W-60,023 is hereby issued as follows:

"All workers of Benchmark Electronics, Inc., Loveland Division, including on-site leased workers from Volt Services Group who were retained by Verigy US Development, Loveland, Colorado, who became totally or partially separated from employment on or after September 6, 2005, through October 27, 2008, are eligible to apply for adjustment assistance under Section 223 of the Trade Act of 1974, and are also eligible to apply for alternative trade adjustment assistance under Section 246 of the Trade Act of 1974."

Signed at Washington, DC this 17th day of October 2007.

Certifying Officer, Division of Trade Adjustment Assistance.

Fujitsu Ten Corporation of America, Rushville Indiana Operations Including On-Site Leased Workers of Personnel Management, Inc. and Penmack Rushville, Indiana; Amended Certification Regarding Eligibility to Apply for Worker Adjustment Assistance and Alternative Trade Adjustment Assistance

In accordance with Section 223 of the Trade Act of 1974 (19 U.S.C. 2273), and Section 246 of the Trade Act of 1974 (26 U.S.C. 2813), as amended, the Department of Labor issued a Certification of Eligibility to Apply for Worker Adjustment Assistance and Alternative Trade Adjustment Assistance on October 11, 2007, applicable to workers of Fujitsu Ten Corporation of America, Rushville Indiana Operations, including on-site leased workers of Personnel Management, Inc., Rushville, Indiana. The notice will be published soon in the **Federal Register**.

At the request of the State agency, the Department reviewed the certification for workers of the subject firm. The workers are engaged in the production of automotive electronic controls.

Accordingly, the Department is amending this certification to include on-site leased workers from Penmack. The workers of Penmack at the Rushville site are sufficiently under the control of Fujitsu Corporation of America to be considered leased workers.

The amended notice applicable to TA-W-62,073 is hereby issued as follows:

"All workers of Fujitsu Ten Corporation of America, Rushville Indiana Operations, including on-site leased workers of Personnel Management, Inc. and Penmack, Rushville, Indiana, who became totally or partially separated from employment on or after August 28, 2006, through October 11, 2009, are eligible to apply for adjustment assistance under Section 223 of the Trade Act of 1974, and are also eligible to apply for alternative trade adjustment assistance under Section 246 of the Trade Act of 1974."

Signed at Washington, DC this 23rd day of October 2007.

In order for an affirmative determination to be made for workers of a primary firm and a certification issued regarding eligibility to apply for worker adjustment assistance, each of the group eligibility requirements of Section 222(a) of the Act must be met.

I. Section (a)(2)(A) all of the following must be satisfied:

A. A significant number or proportion of the workers in such workers' firm, or an appropriate subdivision of the firm, have become totally or partially separated, or are threatened to become totally or partially separated;

B. the sales or production, or both, of such firm or subdivision have decreased absolutely; and

C. increased imports of articles like or directly competitive with articles produced by such firm or subdivision have contributed importantly to such workers' separation or threat of separation and to the decline in sales or production of such firm or subdivision; or

II. Section (a)(2)(B) both of the following must be satisfied:

A. A significant number or proportion of the workers in such workers' firm, or an appropriate subdivision of the firm, have become totally or partially separated, or are threatened to become totally or partially separated;

C. One of the following must be satisfied:

1. The country to which the workers' firm has shifted production of the articles is a party to a free trade agreement with the United States;
2. the country to which the workers' firm has shifted production of the articles to a beneficiary country under the Andean Trade Preference Act, African Growth and Opportunity Act, or the Caribbean Basin Economic Recovery Act; or
3. there has been or is likely to be an increase in imports of articles that are like or directly competitive with articles which are or were produced by such firm or subdivision.

Also, in order for an affirmative determination to be made for secondarily affected workers of a firm and a certification issued regarding eligibility to apply for worker adjustment assistance, each of the group eligibility requirements of Section 222(b) of the Act must be met.

(1) Significant number or proportion of the workers in the workers' firm or an appropriate subdivision of the firm have become totally or partially separated, or are threatened to become totally or partially separated;

(2) the workers' firm (or subdivision) is a supplier or downstream producer to a firm (or subdivision) that employed a group of workers who received a certification of eligibility to apply for trade adjustment assistance benefits and such supply or production is related to the article that was the basis for such certification; and

(3) either—

(A) The workers' firm is a supplier and the component parts it supplied for the firm (or subdivision) described in paragraph (2) accounted for at least 20 percent of the production or sales of the workers' firm; or

(B) a loss or business by the workers' firm with the firm (or subdivision) described in paragraph (2) contributed importantly to the workers' separation or threat of separation.

In order for the Division of Trade Adjustment Assistance to issue a certification of eligibility to apply for Alternative Trade Adjustment Assistance (ATAA) for older workers, the group eligibility requirements of Section 246(a)(3)(A)(ii) of the Trade Act must be met.
