

Reporters: Depository institutions, Edge and agreement corporations, U.S. branches and agencies of foreign banks

Annual reporting hours: 1,623 hours

Estimated average hours per response: 1.0 hour

Number of respondents: 1,623

General description of report: This information collection is mandatory (12 U.S.C. 248(i), 248–1, and 464). The information submitted by respondents for the payments system risk reduction program may be accorded confidential treatment under the Freedom of Information Act (FOIA) (5 U.S.C. § 552 (b)(4)). In addition, information reported in connection with the second and third resolutions may be protected under Section (b)(8) of FOIA, to the extent that such information is based on the institution's CAMELS rating, and thus is related to examination reports prepared by, on behalf of, or for the use of an agency responsible for the regulation or supervision of financial institutions (5 U.S.C. § 552(b)(8)).

Abstract: Federal Reserve Banks collect these data annually to provide information that is essential for their administration of the Federal Reserve's Payments System Risk (PSR) policy. The reporting panel includes all financially healthy depository institutions with access to the discount window. The Report of Net Debit Cap comprises three resolutions, which are filed by a depository institution's board of directors depending on its needs. The first resolution is used to establish a de minimis net debit cap and the second resolution is used to establish a self-assessed net debit cap. The third resolution is used to establish simultaneously a self-assessed net debit cap and maximum daylight overdraft capacity. Copies of the model resolutions are located in Appendix B, of the PSR policy, that can be found at <http://www.federalreserve.gov/paymentsystems/psr/repol.htm>.

Current actions: In an effort to streamline the resolutions filed by institutions eligible for maximum daylight overdraft capacity, two former resolutions were combined into one: resolution 3a, collateralized capacity, and resolution 3b, in-transit securities. These resolutions were replaced by the maximum daylight overdraft capacity resolution that combines the board of directors' approval of the institution's self-assessment as well as its maximum daylight overdraft capacity level.

Formations of, Acquisitions by, and Mergers of Bank Holding Companies

The companies listed in this notice have applied to the Board for approval, pursuant to the Bank Holding Company Act of 1956 (12 U.S.C. 1841 *et seq.*) (BHC Act), Regulation Y (12 CFR Part 225), and all other applicable statutes and regulations to become a bank holding company and/or to acquire the assets or the ownership of, control of, or the power to vote shares of a bank or bank holding company and all of the banks and nonbanking companies owned by the bank holding company, including the companies listed below.

The applications listed below, as well as other related filings required by the Board, are available for immediate inspection at the Federal Reserve Bank indicated. The application also will be available for inspection at the offices of the Board of Governors. Interested persons may express their views in writing on the standards enumerated in the BHC Act (12 U.S.C. 1842(c)). If the proposal also involves the acquisition of a nonbanking company, the review also includes whether the acquisition of the nonbanking company complies with the standards in section 4 of the BHC Act (12 U.S.C. 1843). Unless otherwise noted, nonbanking activities will be conducted throughout the United States. Additional information on all bank holding companies may be obtained from the National Information Center website at www.ffiec.gov/nic/.

Unless otherwise noted, comments regarding each of these applications must be received at the Reserve Bank indicated or the offices of the Board of Governors not later than January 18, 2008.
