#### J.D. Wind 4, LLC; Notice of Issuance of Order

September 25, 2007.

J.D. Wind 4, LLC (J.D. Wind) filed an application requesting Commission authorization to engage in wholesale sales of electric energy and capacity at market-based rates. J.D. Wind also requested waivers of various Commission regulations. In particular, J.D. Wind requested that the Commission grant blanket approval under 18 CFR part 34 of all future issuances of securities and assumptions of liability by J.D. Wind.

On September 24, 2007, the Commission granted J.D. Wind's request for blanket approval under part 34 (September 24 Order). The September 24 Order also provided parties an opportunity to file comments or protest the Commission's blanket approval of issuances of securities or assumption of liabilities by J. D. Wind. Accordingly, any person desiring to be heard concerning the blanket approvals of issuances of securities or assumptions of liability by J.D. Wind, should file a protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure. 18 CFR 385.211, 385.214 (2004).

Notice is hereby given that the deadline for filing protests is October 25, 2007.

Absent a request to be heard in opposition to such blanket approvals by the deadline above, J.D. Wind is authorized to issue securities and assume obligations or liabilities as a guarantor, indorser, surety, or otherwise in respect of any security of another person; provided that such issuance or assumption is for some lawful object

within the corporate purposes of J.D. Wind, compatible with the public interest, and is reasonably necessary or appropriate for such purposes.

The Commission reserves the right to require a further showing that neither public nor private interests will be adversely affected by continued approvals of J.D. Wind's issuance of securities or assumptions of liability.

Copies of the full text of the September 24 Order are available from the Commission's Public Reference Room, 888 First Street, NE., Washington, DC 20426. #### Matanuska Electric Association, Inc., Tiquin Energy, Inc.; Notice of Filing

September 28, 2007.

Take notice that on August 31, 2007, as completed on September 21, 2007, Matanuska Electric Association, Inc. (Matanuska) filed a Petition for Declaratory Order and Motion for Revocation seeking the revocation of the qualifying facility (QF) status of a QF self-certified by Tiquin Energy, Inc. (Tiquin). The QF, which has not been built, is the Pioneer Energy Project (Pioneer Facility), which was self-certified by Tiquin in Docket No. QF07-129-000. Matanuska claims that the Pioneer Facility does not meet the criteria for QF status, and thus the Commission should issue an order revoking its QF status. Matanuska also asks for refund of the filing fee it paid on September 21, 2007, claiming that a filing fee is not required for action on its petition/motion to revoke the QF status of the Pioneer Facility.

Any person desiring to intervene or to protest this filing must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211, 385.214). Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a notice of intervention or motion to intervene, as appropriate. Such notices, motions, or protests must be filed on or before the comment date. On or before the comment date, it is not necessary to serve motions to intervene or protests on persons other than the Applicant.

The Commission encourages electronic submission of protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>.
