RIN 2120-AA66

Modification of VOR Federal Airway V-2; East Central United States

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule.

SUMMARY: This action modifies VOR Federal Airway V-2 over the East Central United States to support modified arrival and departure procedures to the Detroit Metropolitan Wayne County Airport (DTW), Detroit, Michigan. These procedures were modified in conjunction with the Midwest AirSpace Enhancement (MASE) project. The FAA is taking this action to enhance safety and to improve the efficient use of the navigable airspace assigned to the Chicago and Cleveland Air Route Traffic Control Centers (ARTCC).

DATES: *Effective Date:* 0901 UTC, March 15, 2007. The Director of the Federal Register approves this incorporation by reference action under 1 CFR part 51, subject to the annual revision of FAA Order 7400.9 and publication of conforming amendments.

FOR FURTHER INFORMATION CONTACT: Steve Rohring, Airspace and Rules, Office of System Operations Airspace and Aeronautical Information Management, Federal Aviation Administration, 800 Independence Avenue, SW., Washington, DC 20591; telephone: (202) 267-8783.

SUPPLEMENTARY INFORMATION:

History

On September 6, 2006, the FAA published in the **Federal Register** a notice of proposed rulemaking to realign V-2 over the East Central United States (71 FR 52502). Interested parties were invited to participate in this rulemaking effort by submitting written comments on the proposal. No comments were received in response to the proposal.

VOR Federal Airways are published in paragraph 6010 of FAA Order 7400.9P dated September 1, 2006, and effective September 15, 2006, which is incorporated by reference in 14 CFR 71.1. The VOR Federal Airway listed in this document will be published subsequently in the Order.

The Rule

This action amends Title 14 Code of Federal Regulations (14 CFR) part 71 to modify VOR Federal Airway V-2 over the East Central United States. This action supports arrival and departure procedures to DTW that were modified in conjunction with MASE. Further, this action enhances safety and improves the efficient use of the navigable airspace within the areas of responsibility for Chicago and Cleveland ARTCCs.

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. Therefore, this regulation: (1) Is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under Department of Transportation (DOT) Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule, when promulgated, will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Environmental Review

The FAA has determined that this action qualifies for categorical exclusion under the National Environment Policy Act in accordance with 311a., FAA

Order 1050.1E, "Environmental Impacts: Policies and Procedures". This airspace action is not expected to cause any potentially significant environment impacts, and no extraordinary circumstances exist that warrant preparation of environmental assessment.
