Emergency Management Agency.*

[FR Doc. E7-13609 Filed 7-12-07; 8:45 am]

BILLING CODE 9110-12-P

DEPARTMENT OF HOMELAND SECURITY

Federal Emergency Management Agency

44 CFR Part 67

[Docket No. FEMA-B-7724]

Proposed Flood Elevation Determinations

AGENCY: Federal Emergency Management Agency, DHS.

ACTION: Proposed rule.

SUMMARY: Technical information or comments are requested on the proposed Base (1% annual chance) Flood Elevations (BFEs) and proposed BFEs modifications for the communities listed below. The BFEs are the basis for the floodplain management measures that the community is required either to adopt or to show evidence of being already in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP).

DATES: The comment period is ninety (90) days following the second publication of this proposed rule in a

newspaper of local circulation in each community.

ADDRESSES: The proposed BFEs for each community are available for inspection at the office of the Chief Executive Officer of each community. The respective addresses are listed in the table below.

FOR FURTHER INFORMATION CONTACT: William R. Blanton, Jr., Engineering Management Section, Mitigation Directorate, Federal Emergency Management Agency, 500 C Street SW., Washington, DC 20472, (202) 646-3151.

SUPPLEMENTARY INFORMATION: The Federal Emergency Management Agency (FEMA) proposes to make determinations of BFEs and modified BFEs for each community listed below, in accordance with section 110 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and 44 CFR 67.4(a).

These proposed BFEs and modified BFEs, together with the floodplain management criteria required by 44 CFR 60.3, are the minimum that are required. They should not be construed to mean that the community must change any existing ordinances that are more

stringent in their floodplain management requirements. The community may at any time enact stricter requirements of its own, or pursuant to policies established by other Federal, State or regional entities. These proposed elevations are used to meet the floodplain management requirements of the NFIP and are also used to calculate the appropriate flood insurance premium rates for new buildings built after these elevations are made final, and for the contents in these buildings.

National Environmental Policy Act. This proposed rule is categorically excluded from the requirements of 44 CFR part 10, Environmental Consideration. An environmental impact assessment has not been prepared.

Regulatory Flexibility Act. As flood elevation determinations are not within the scope of the Regulatory Flexibility Act, 5 U.S.C. 601-612, a regulatory flexibility analysis is not required.

Regulatory Classification. This proposed rule is not a significant regulatory action under the criteria of section 3(f) of Executive Order 12866 of

September 30, 1993, Regulatory Planning and Review, 58 FR 51735.

Executive Order 13132, Federalism. This proposed rule involves no policies that have federalism implications under Executive Order 13132.

Executive Order 12988, Civil Justice Reform. This proposed rule meets the applicable standards of Executive Order 12988.

List of Subjects in 44 CFR Part 67

Administrative practice and procedure, Flood insurance, Reporting and recordkeeping requirements.

Accordingly, 44 CFR part 67 is proposed to be amended as follows:

PART 67—[AMENDED]

1. The authority citation for part 67 continues to read as follows:

Authority: 42 U.S.C. 4001 *et seq.*; Reorganization Plan No. 3 of 1978, 3 CFR, 1978 Comp., p. 329; E.O. 12127, 44 FR 19367, 3 CFR, 1979 Comp., p. 376.

§ 67.4 [Amended]

2. The tables published under the authority of § 67.4 are proposed to be amended as follows:

[Docket No. DHS-2007-0024]

RIN 1601-AA44

Department of Homeland Security Acquisition Regulation; One-Step Turnkey Design-Build Contracts for United States Coast Guard (HSAR Case 2007-002)

AGENCY: Department of Homeland Security.

ACTION: Proposed rule with requests for comments.

SUMMARY: The Department of Homeland Security (DHS) is proposing to amend the Department of Homeland Security Acquisition Regulation (HSAR) to incorporate the delegation of turnkey design-build authority from the Secretary of Homeland Security to the United States Coast Guard. The rule is necessary to implement changes resulting from section 205 of Public Law 109-241.

DATES: Submit comments by August 13, 2007.

ADDRESSES: You may submit comments, identified by Docket Number DHS-2007-0024, by one of the following methods:

- *Federal eRulemaking Portal:* <http://www.regulations.gov>. Follow the instructions for submitting comments.

- *E-mail:* Kathy.Strouss@dhs.gov. Include the docket number in the subject line of the message.

- *Mail:* Department of Homeland Security, Office of the Chief Procurement Officer, Acquisition Policy and Legislation, ATTN: Kathy Strouss, 245 Murray Drive, Bldg. 410 (RDS), Washington, DC 20528.

FOR FURTHER INFORMATION CONTACT: Kathy Strouss, Department of Homeland Security, Office of the Chief Procurement Officer, Acquisition Policy, (202) 447-5300.

I. Public Participation

DHS invites interested persons to participate in this rulemaking by submitting written data, views, or arguments on all aspects of the proposed rule. DHS also invites comments that relate to the economic, environmental, or federalism affects that might result from this proposed rule. Comments that will provide the most assistance to DHS in developing these procedures will reference a specific portion of the proposed rule, explain the reason for any recommended change, and include data, information, or authority that support such recommended change.

Instructions: All submissions received must include the agency name and docket number for this rulemaking. All comments received will be posted without change to <http://www.regulations.gov>, including any personal information provided.

You may submit your comments and material by one of the methods specified in the **ADDRESSES** section. Please submit your comments and material by only one means. If you submit them by mail, submit them in an unbound format, no larger than 8.5 by 11 inches, suitable for copying and electronic filing. If you want DHS to acknowledge receipt of comments by mail, include with your comments a self-addressed, stamped postcard that includes the docket number for this rulemaking. We will stamp the date on the postcard and mail it to you.

Docket: For access to the docket to read background documents or comments received, go to <http://www.regulations.gov>.

II. Background and Purpose

Currently, the Federal Acquisition Regulation (FAR) provides for Two-Phase Design-Build Selection Procedures. These procedures are used

when the Government determines it is appropriate to combine design and construction in a single contract with one contractor. See 48 CFR 36.3, "Two-Phase Design-Build Selection Procedures." Since the FAR does not allow for consideration of cost or price related factors until the second phase, the Two-Phase procedures require proposal evaluation at two separate points. See 48 CFR 36.303-2(b)). The existing two-phase selection procedures, whether one solicitation for both phases or two solicitations issued sequentially, require evaluation of technical approach and technical qualifications in phase one and evaluation of technical factors (such as design concepts or proposed solutions and price) in phase two. These procedures result in substantial completion time for both interested firms and the Government.

The proposed rule amends the HSAR to allow for one-step turnkey design-build contracting for United States Coast Guard facilities. This one-step design-build contracting method results in a single contractor for both design and construction services. The one-step turnkey selection procedures for design-build consist of a single price and technical evaluation for a single, firm fixed-price contract with one contractor. This approach, which works well for less complex facilities' construction projects requiring little design, provides for shortened procurement and execution stages when compared to the existing two-phase selection procedures.

III. Discussion of Proposed Rule

The proposed rule adds a new section and subpart to the HSAR at 48 CFR 3036.104-90. DHS is amending the HSAR to implement changes resulting from section 205 of Public Law 109-241 (regarding one-step turnkey selection procedures for design-build contracts of the United States Coast Guard) and to incorporate the delegation of turnkey design-build authority from the Secretary of Homeland Security to the United States Coast Guard.

IV. Regulatory Analyses

A. Executive Order 12866 Assessment

This proposed rule is not a "significant regulatory action" under section 3(f) of Executive Order 12866, Regulatory Planning and Review, and does not require an assessment of potential costs and benefits under section 6(a)(3) of that Order. The Office of Management and Budget has not reviewed it under that Order. The proposed rule reduces proposal submittal requirements for Design-Build contracts through a one-step turnkey
