Background: This notice announces institution of an investigation relating to preparation of the second in a series of three reports, as further described below. In its letter of May 23, 2007, the

Committee noted that it had earlier, in a letter dated September 21, 2006, requested that the Commission prepare three reports relating to U.S.-China trade. In its May 23, 2007 letter, the Committee requested that the Commission augment the earlier request by adding two more components to its investigation to provide an in-depth assessment of the causes of the U.S.-China trade imbalance and whether and to what extent China uses various forms of government intervention to promote investment, employment, and exports. The Committee allotted additional time to complete these requests, with the first report to be delivered 7 months after receipt of the May 23, 2007 letter, and the second and third reports to be delivered 14 and 24 months, respectively, after receipt of the letter. To prepare the first report, the Commission instituted investigation No. 332–492, *China: Description of Selected Government Practices and Policies Affecting Decision-Making in the Economy*, on June 21, 2007; the Commission expects to submit its report to the Committee in that investigation by December 29, 2007. In its letter the Committee also requested that the Commission expand the scope of its ongoing investigation No. 332–478, *U.S.-China Trade: Implications of U.S.-Asia-Pacific Trade and Investment Trends*. The report in that investigation will be the third in the series of three reports, and the Committee has extended the transmittal date to May 29, 2009. The Commission will issue a notice amending the scope and announcing the schedule for that investigation at a later date.

As requested by the Committee in its letter of May 23, 2007, the Commission in its second report will build on the report in its first China investigation under the revised schedule (Investigation No. 332–492) by comprehensively cataloguing and where possible, quantifying the government policies and interventions described in the first report in specific sectors. The Commission will include case studies on sectors where leading U.S. exports have not penetrated the Chinese market, and on sectors which are the primary drivers of the U.S.-China trade deficit. The report will also include case studies on sectors where government policies and interventions are prevalent, including the semiconductor, telecommunications, banking, textiles and apparel, steel, automotive parts, and aircraft sectors. Where applicable, the case studies will describe how Chinese policies and actions are exacerbating existing global overcapacity in specific

sectors. In addition, consistent with the focus described above, this second report will include the information requested by the Committee for the second report outlined in its letter of September 21, 2006, with respect to the macro-economic and other driving factors behind the rapid growth in U.S.-China trade. The Commission will provide this consolidated second report to the Committee by July 29, 2008.

Public Hearing: A public hearing in connection with this investigation will be held at the U.S. International Trade Commission Building, 500 E Street SW., Washington, DC, beginning at 9:30 a.m. on October 30, 2007. Requests to appear at the public hearing should be filed with the Secretary, no later than 5:15 p.m., October 16, 2007, in accordance with the requirements in the "Submissions" section below. All pre-hearing briefs and statements should be filed not later than 5:15 p.m., October 16, 2007; and all post-hearing briefs and statements should be filed not later than 5:15 p.m., November 13, 2007. In the event that, as of the close of business on October 16, 2007, no witnesses are scheduled to appear at the hearing, the hearing will be canceled. Any person interested in attending the hearing as an observer or nonparticipant may call the Secretary to the Commission (202-205-2000) after October 16, 2007, for information concerning whether the hearing will be held.

Written Submissions: In lieu of or in addition to participating in the hearing, interested parties are invited to submit written statements concerning this investigation. All written submissions should be addressed to the Secretary, and should be received not later than 5:15 p.m., February 1, 2008. All written submissions must conform with the provisions of section 201.8 of the Commission's *Rules of Practice and Procedure* (19 CFR 201.8). Section 201.8 requires that a signed original (or a copy so designated) and fourteen (14) copies of each document be filed. In the event that confidential treatment of a document is requested, at least four (4) additional copies must be filed, in which the confidential information must be deleted (see the following paragraph for further information regarding confidential business information). The Commission's rules authorize filing submissions with the Secretary by facsimile or electronic means only to the extent permitted by § 201.8 of the rules (see Handbook for Electronic Filing Procedures, http://www.usitc.gov/secretary/fed_reg_notices/rules/documents/handbook_on_electronic_filing.pdf). Persons with questions regarding

electronic filing should contact the Secretary (202-205-2000).

Any submissions that contain confidential business information must also conform with the requirements of section 201.6 of the *Commission's Rules of Practice and Procedure* (19 CFR 201.6). Section 201.6 of the rules requires that the cover of the document and the individual pages be clearly marked as to whether they are the "confidential" or "non-confidential" version, and that the confidential business information be clearly identified by means of brackets. All written submissions, except for confidential business information, will be made available for inspection by interested parties.

In its request letter, the Committee stated that it intends to make the Commission's reports available to the public in their entirety, and asked that the Commission not include any confidential business information or national security classified information in the reports that the Commission sends to the Committee. Any confidential business information received by the Commission in this investigation and used in preparing this report will not be published in a manner that would reveal the operations of the firm supplying the information.

By order of the Commission.

Issued: July 25, 2007.

William R. Bishop,

Acting Secretary to the Commission.

AGENCY: U.S. International Trade Commission.

ACTION: Notice.

SUMMARY: Notice is hereby given that the U.S. International Trade Commission has determined to review portions of the final Initial Determination ("ID") issued by the presiding Administrative Law Judge ("ALJ").

SUPPLEMENTARY INFORMATION: This investigation was instituted on March 22, 2006, based on a complaint filed by Linear Technology Corporation ("Linear") of Milpitas, California. The complaint, as supplemented, alleged violations of section 337 of the Tariff Act of 1930 (19 U.S.C. 1337) in the importation into the United States, the sale for importation, and the sale within the United States after importation of certain voltage regulators, components thereof and products containing the same, by reason of infringement of claims 1-14 and 23-35 of United States Patent No. 6,411,531 ("the '531 patent") and claims 1-19, 31, 34, and 35 of United States Patent No. 6,580,258 ("the '258 patent"). The complaint named Advanced Analogic Technologies, Inc. ("AATI") of Sunnyvale, California as the sole respondent. Only claims 4, 9, and 26 of the '531 patent and claims 2, 3, 34, and 35 of the '258 patent remain in the investigation.

On May 22, 2007, the ALJ issued his final ID finding no violation of section 337. Specifically, he found that none of AATI's accused products directly infringe the asserted claims of the '258 patent, and that one accused product directly infringes claims 4 and 26 of the '531 patent. He found that no indirect infringement had occurred in connection with any of the asserted claims of either patent. As to validity, the ALJ determined that claim 35 of the '258 patent and claims 4, 9, and 26 of the '531 patent are invalid due to anticipation, rejecting other arguments of invalidity, unenforceability, and estoppel. The ALJ also determined that a domestic industry exists with regard
