Title: EZ-Audit: Electronic Submission of Financial Statements and Compliance Audits.

Frequency: Annually.

Affected Public: Businesses or other for-profit; Not-for-profit institutions; State, Local, or Tribal Gov't, SEAs or LEAs.

Reporting and Recordkeeping Hour Burden:

Responses: 5,900.

Burden Hours: 2,500.

Abstract: EZ-Audit is a web-based process designed to facilitate the submission of compliance and financial statement audits, expedite the review of those audits by the Department, and provide more timely and useful information to public, non-profit and proprietary institutions regarding the Department's review. EZ-Audit establishes a uniform process under which all institutions submit directly to the Department any audit required under Title IV, Higher Education Act (HEA) program regulations. EZ-Audit is reducing the number of financial template line items and general information questions which results in a significant reduction of burden hours. All institutions' burden hours have been reduced by over fifty percent (50%).

Notice of Proposed Information Collection Requests

AGENCY: Department of Education.

SUMMARY: The IC Clearance Official, Regulatory Information Management Services, Office of Management, invites comments on the proposed information collection requests as required by the Paperwork Reduction Act of 1995.

DATES: Interested persons are invited to submit comments on or before August 20, 2007.

SUPPLEMENTARY INFORMATION: Section 3506 of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35) requires that the Office of Management and Budget (OMB) provide interested Federal agencies and the public an early opportunity to comment on information collection requests. OMB may amend or waive the requirement for public consultation to the extent that public participation in the approval process would defeat the purpose of the information collection, violate State or Federal law, or substantially interfere with any agency's ability to perform its statutory obligations. The IC Clearance Official, Regulatory Information Management Services, Office of Management, publishes that notice containing proposed information collection requests prior to submission of these requests to OMB. Each proposed information collection,

grouped by office, contains the following: (1) Type of review requested, e.g. new, revision, extension, existing or reinstatement; (2) Title; (3) Summary of the collection; (4) Description of the need for, and proposed use of, the information; (5) Respondents and frequency of collection; and (6) Reporting and/or Recordkeeping burden. Type of Review: New.

Title: The Effectiveness of a Program to Accelerate Vocabulary Development in Kindergarten.

Frequency: Semi-annually.

Affected Public: Individuals or household; State, Local, or Tribal Gov't, SEAs or LEAs.

Reporting and Recordkeeping Hour Burden:

Responses: 4,241.

Burden Hours: 1,199.

Abstract: The proposed project is a multi-year data collection effort to evaluate the effectiveness of PAVED for Success (PAVE), an intervention designed to improve teacher's vocabulary instructional practices and thereby promote vocabulary development among kindergarteners in the Delta region of Mississippi. The children in this region are well behind national averages in vocabulary skills, and vocabulary knowledge is an essential component of literacy development that has generally been difficult to improve. The PAVE program is one vocabulary program that has shown promise, but more rigorous testing is required to establish evidence of its effectiveness. The study sample will include 120-160 teachers, and 1,200-1,600 kindergarten students in a randomized control trial in 60-80 schools. Student's literacy skills and teacher's literacy instruction practices will be assessed to determine the impact of PAVE on students and teachers.
