Abstract: The Agricultural Marketing Act of 1946 (7 U.S.C. 1621—*et seq.*) (AMA) directs and authorizes the Department to develop standards of quality, grades, grading programs, and other services to facilitate trading of agricultural products and assure consumers of quality products which are graded and identified under USDA programs. Section 203(h) of the AMA specifically directs and authorizes the Secretary of Agriculture to inspect, certify, and identify the grade, class, quality, quantity, and condition of agricultural products under such rules and regulations as the Secretary may prescribe, including assessment and collection of fees for the cost of the service. The regulations for such services for processed fruits and vegetables and related products may be found at 7 CFR Part 52.

AMS also provides other types of voluntary services under the same regulations, e.g., contract and specification acceptance services, facility assessment services and certifications of quantity and quality. Grading services are available on a resident basis or a lot-fee basis. Respondents may request resident service on a continuous basis or on an as-needed basis. The service is paid for by the user (user-fee). The AMA and these regulations do not mandate the use of these services; they are provided only to those entities that request or apply for a specific service.

In order for the Agency to satisfy those requests for service, the Agency must request certain information from those who apply for service. The information collected is used only by Agency personnel and is used to administer services requested by the respondents. The information request requires personal data, such as, name of the product, name and address of the packer or plant, location of the product, type and size of containers, and designation of services requested. Affected public may include any partnership, association, business trust, corporation, organized group, and State, County or Municipal government, and any authorized agent that has a financial interest in the commodity involved and requests service.

Estimated Number of Respondents: 1,437.

Estimated Number of Responses: 21,068.

Estimated Number of Responses per Respondent: 0.07.

Estimated Total Annual Burden on Respondents: 1,124.

Comments are invited on: (1) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (2) the accuracy of the agency's estimate of the burden of the proposed collection of information including the validity of the methodology and assumptions used; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) ways to minimize the burden of the collection of information on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology. Comments may be sent to Mr. Terry B. Bane, Processed Products Branch, Fruit and Vegetable Programs, Agricultural Marketing Service, U.S. Department of Agriculture, STOP 0247, 1400 Independence Avenue, SW., Washington, DC 20250-0247; fax (202) 690-1527; or e-mail "terry.bane@usda.gov".

Polyethylene Terephthalate Film, Sheet, and Strip from the Republic of Korea: Preliminary Results of Changed Circumstances Review and Intent To Reinstate Kolon Industries, Inc. in the Antidumping Duty Order

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: On November 14, 1996, the Department of Commerce (the Department) revoked in part the antidumping duty order on polyethylene terephthalate film, sheet and strip (PET film) from the Republic of Korea (Korea) with respect to subject merchandise manufactured and exported by Kolon Industries, Inc. (Kolon). See *Polyethylene Terephthalate Film, Sheet, and Strip from the Republic of Korea: Final Results of Antidumping Duty Administrative Review and Notice of Revocation in Part*, 61 FR 58734 (November 14, 1996) (*Revocation*). As the result of an adequate allegation from domestic interested parties in this proceeding, the Department, pursuant to section 751(b)(1) of the Tariff Act of 1930, as amended (the Act), is now conducting a changed circumstances review to determine whether Kolon has resumed dumping PET film and whether the antidumping order should be reinstated for PET film manufactured and exported by Kolon. See *Initiation of Antidumping Duty Changed Circumstances Review: Polyethylene Terephthalate Film Sheet and Strip from Korea*, 72 FR 527 (January 5, 2007) (*CCR Initiation*). We preliminarily determine that Kolon has sold PET film at less than normal value (NV) and that the order on PET film from Korea should be reinstated with respect to PET film manufactured and exported by Kolon. We will instruct U.S. Customs and Border Protection (CBP) to suspend liquidation of all entries of PET film manufactured and exported by Kolon and entered, or withdrawn from warehouse, for consumption on or after the date of publication of this notice in the **Federal Register**.

EFFECTIVE DATE: October 2, 2007.

FOR FURTHER INFORMATION CONTACT:

Michael J. Heaney or Robert James, AD/CVD Operations, Office 7, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone: (202) 482-4475 or (202) 482-0649, respectively.

SUPPLEMENTARY INFORMATION:

Background

On June 5, 1991, the Department published in the **Federal Register** the antidumping duty order on PET film from Korea. See *Antidumping Duty Order: Polyethylene Terephthalate Film Sheet and Strip From Korea*, 56 FR 25660 (June 5, 1991). On November 14, 1996, the Department revoked the order with respect to Kolon after having determined that Kolon sold the merchandise at not less than normal value for a period of at least three consecutive years. See *Revocation*. The three administrative reviews forming the basis of the revocation are the June 1, 1992 through May 31, 1993, review; the June 1, 1993, through May 31, 1994, review; and the June 1, 1994, through May 31, 1995, review. The final results of the June 1992 through May 31, 1993, and the June 1993 through May 31, 1994, administrative reviews were published on July 5, 1996. See *Polyethylene Terephthalate Film Sheet and Strip from Korea; Final Results of Antidumping Duty Administrative Review and Notice of Revocation in Part* 61 FR 35177, (July 5, 1996) (*Second and Third Final Results*). The final results of the June 1994 through May 31, 1995, administrative review were published on November 14, 1996. See *Polyethylene Terephthalate Film, Sheet, and Strip from Korea; Final Results of Antidumping Duty Administrative Review and Notice of Revocation in Part* 61 FR 58374, (November 14, 1996) (*Fourth Final Results*). Pursuant to 19 CFR 353.25(b) of the regulations in effect at the time, and as part of its request for revocation, on June 28, 1996, Kolon agreed to immediate reinstatement in the Order should the Department conclude that subsequent to the revocation, Kolon sold the subject merchandise at less than normal value (NV). (19 CFR 353.25(b) has been superseded by 19 CFR 351.222(b)(2)(i)(B).) However, the language in 19 CFR 351.222(b)(2)(i)(B) is largely unchanged from 19 CFR 353.25. See *CCR Initiation* at 530.
