

application will receive an initial screening to ensure that all required forms, signatures and documentation are present.

2. *Panel Review.* Each application will receive an independent, objective review by a panel qualified to evaluate the applications submitted. MBDA anticipates that the review panel will be made up of at least three independent reviewers (all Federal employees) who will review all applications based on the above evaluation criteria. Each reviewer will evaluate and provide a score for each proposal. In order for an application to be considered for funding, it shall need to achieve 70% of the available points for each criterion. Failure to achieve these results will automatically deem the application as unsuccessful.

3. *Oral Presentation—Optional.* When the merit review by the panel results in applications scoring 70% or more of the available points for each criterion, MBDA may request all those applicants to develop and provide an oral presentation. The applicants may receive up to 10 additional points based on the presentation and content presented. If a formal presentation is requested, the applicants will receive a formal communication (via standard mail, e-mail or fax) from MBDA indicating the time and date for the presentation. In-person presentations are not mandatory but are encouraged; telephonic presentations are acceptable. Applicants will be asked to submit a power point presentation (or equivalent) to MBDA that addresses the oral presentation criteria (see above, Evaluation Criteria, item 5. Oral Presentation—Optional). This presentation must be submitted at least 24 hours before the scheduled date and time of the presentation. The presentation will be made to the National Director (or his/her designee) and/or up to three senior MBDA staff who did not serve on the merit evaluation panel. The oral panel members may ask follow-up questions after the presentation. MBDA will provide the teleconference dial-in number and pass code. Each finalist will present to MBDA staff only; other applicants are not permitted to listen (and/or watch). The oral panel members shall score each presentation in accordance with the oral presentation criteria. An average score shall be compiled and added to the original score of the panel review.

All costs pertaining to this presentation shall be borne by the applicant. MBEC award funds may *not* be used as a reimbursement for this

presentation. MBDA will not accept any requests or petitions for reimbursement.

4. *Final Recommendation.* The National Director of MBDA makes the final recommendation to the Department of Commerce Grants Officer regarding the funding of applications, taking into account the selection criteria as outlined in this Announcement and the following:

(a) The evaluations and rankings of the independent review panel and the evaluation(s) of the oral presentations, if applicable;

(b) Funding priorities. The National Director (or his/her designee) reserves the right to conduct a site visit (subject to the availability of funding) to applicant organizations receiving at least 70% of the total points available for each evaluation criterion, in order to make a better assessment of the organization's capability to achieve the funding priorities; and

(c) The availability of funding.

Intergovernmental Review: Applications under this program are not subject to Executive Order 12372, "Intergovernmental Review of Federal Programs."

Limitation of Liability: Applicants are hereby given notice that funds have not yet been appropriated for this program. Accordingly, MBDA issues this notice subject to the appropriations made available under the current continuing resolution, H.R. 5631, "Continuing Appropriations Resolution, 2007," Public Law 109-289, as amended by H.J. Res. 100, Public Law 109-369 and H.J. Res. 102, Public Law 109-383. In no event will the Department of Commerce or MBDA be responsible for proposal preparation costs if this program fails to receive funding or is cancelled because of other agency priorities. Publication of this announcement does not oblige the Department of Commerce or MBDA to award any specific project or to obligate any available funds.

Universal Identifier: Applicants should be aware that they will be required to provide a Dun and Bradstreet Data Universal Numbering system (DUNS) number during the application process. See the June 27, 2003 **Federal Register** notice (68 FR 38402) for additional information. and Cooperative Agreements contained in the **Federal Register** notice of December 30, 2004 (69 FR 78389) are applicable to this solicitation.

Pre-Award Activities

If applicants incur any costs prior to an award being made, they do so solely at their own risk of not being reimbursed by the Government. Notwithstanding any verbal assurance that may have been received, there is no obligation to the applicant on the part of Department of Commerce to cover pre-award costs.

Limitation of Liability

NOAA must analyze the potential environmental impacts, as required by the National Environmental Policy Act (NEPA), for applicant projects or proposals which are seeking NOAA federal funding opportunities. Detailed information on NOAA compliance with

NEPA can be found at the following NOAA NEPA Web site: (<http://www.nepa.noaa.gov/>), including our NOAA Administrative Order 216-6 for NEPA, (http://www.nepa.noaa.gov/NA0216_6_TOC.pdf), and the Council on Environmental Quality implementation regulations, (http://ceq.eh.doe.gov/nepa/regs/ceq.toc_ceq.htm). Consequently, as part of an applicant's package, and under their description of their program activities, applicants are required to provide detailed information on the activities to be conducted, locations, sites, species and habitat to be affected, possible construction activities, and any environmental concerns that may exist (e.g., the use and disposal of hazardous or toxic chemicals introduction of non-indigenous species, impacts to endangered and threatened species, aquaculture projects, and impacts to coral reef systems). In addition to providing specific information that will serve as the basis for any required impact analyses, applicants may also be requested to assist to NOAA in drafting of an environmental assessment, if NOAA determines an assessment is required. Applicants will also be required to cooperate with NOAA in identifying feasible measures to reduce or avoid any identified adverse environmental impacts of their proposal. The failure to do so shall be grounds for the denial of an application. In some cases if additional information is required after application is selected funds can be withheld by the Grants Officer under a special award condition requiring the recipient to submit additional environmental compliance information sufficient to enable NOAA to make an assessment on any impacts that a project may have on the environment.
