DEPARTMENT OF ENERGY

Notice of Availability of the Draft Environmental Impact Statement for the FutureGen Project

AGENCY: Department of Energy.
ACTION: Notice of availability and public hearings.

SUMMARY: The U.S. Department of Energy (DOE) announces the availability

of the document, Draft Environmental Impact Statement for the FutureGen Project (DOE/EIS-0394D), for public comment. The draft environmental impact statement (EIS) analyzes the potential environmental consequences of DOE's proposed action to provide federal funding for the FutureGen Project. The Project would include the planning, design, construction and operation of the FutureGen facility, a prototype electric power and hydrogen gas generating plant that employs coal gasification technology integrated with combined-cycle electricity generation and the capture and geologic sequestration of the carbon dioxide (CO₂) emissions. The project would also include a research platform, which would be a principal feature of the prototype plant. The proposed action would be undertaken by a private sector, non-profit consortium of industrial participants known as the FutureGen Alliance, Inc., (the Alliance). The Alliance includes some of the largest coal producers and electricity generators in the world. Under a Cooperative Agreement between DOE and the Alliance, the Alliance would be primarily responsible for implementing the FutureGen Project, while DOE would guide the Alliance at a programmatic level to ensure the FutureGen Project's objectives are met.

The Department prepared the draft EIS in accordance with the National Environmental Policy Act of 1969 (NEPA) (42 U.S.C. 4321 *et seq.*), the Council on Environmental Quality
