Certification Statement

I hereby certify that the renewal of the Steens Mountain Advisory Council is necessary and in the public interest in connection with the Secretary's responsibilities to manage the lands, resources, and facilities administered by the Bureau of Land Management.

Dated: June 22, 2007.

Dirk Kempthorne,

Secretary of the Interior.

Notice of Intent To Prepare a
Supplemental Environmental Impact
Statement to the Las Vegas Valley
Disposal Boundary Final
Environmental Impact Statement to
Analyze Boundary Adjustments to and
Management of the Conservation
Transfer Area

AGENCY: Bureau of Land Management,

Interior.

ACTION: Notice of intent.

SUMMARY: In accordance with Section 102(2)(c) of the National Environmental Policy Act (NEPA) of 1969, the Bureau of Land Management (BLM) Las Vegas Field Office, Nevada intends to prepare a Supplemental Environmental Impact Statement (SEIS) to the Las Vegas Disposal Boundary Final Environmental Impact Statement (FEIS) to analyze a possible adjustment of the boundary of the Conservation Transfer Area (CTA) referenced in the December 2004 FEIS and Record of Decision (ROD). Analysis of this possible boundary adjustment will include the management of approximately 13,400 acres of lands managed by the BLM. Under the ROD for the 2004 FEIS, approximately 5,000 acres were determined to be subject to a process of more study, collaboration, further NEPA analysis, and approval of a conservation agreement, prior to the transfer of title. The conservation agreement would determine the allowable uses to protect the resources within the CTA. Furthermore, the ROD stated that the boundary of the CTA would be adaptable to the needs and concerns of interested parties. The option was open to increase or decrease the size of the CTA with additional analysis. The SEIS to be prepared will analyze the effects of a variety of

options for a final boundary for the CTA, as well as the impacts of several proposed uses, and the effect of retention of the CTA by the United States for management by the BLM. This analysis, and any decision made on the basis of this analysis, will ensure the direction reflected in the 2004 FEIS and ROD is met. This action is consistent with the Las Vegas Resource Management Plan of 1998, as superseded by the Southern Nevada Public Lands Management Act (SNPLMA) of 1998 and the Clark County Conservation of Public Land and Natural Resources Act (Clark County Act) of 2002.

DATES: Publication of this notice initiates the public scoping process. Scoping meetings will be held in Las Vegas, Nevada. All public meetings will be announced through the local news media, newsletters, and the BLM Web site at http://www.nv.blm.gov at least 15 days prior to the meeting.

ADDRESSES: Comments and information should be submitted to the BLM within 30 days of publication of this notice in the **Federal Register**. You may submit comments by any of the following methods:

• E-mail:

Jeffrey_Steinmetz@nv.blm.gov.

• Fax: 702–515–5023.

• Mail: Bureau of Land Management, Las Vegas Field Office, Attention: Jeffrey Steinmetz, 4701 North Torrey Pines Drive, Las Vegas, Nevada 89130–2301. Documents pertinent to this proposal may be examined at the Las Vegas Field Office.

FOR FURTHER INFORMATION: For further information and/or to have your name added to our mailing list, contact Jeffrey Steinmetz, BLM Las Vegas Field Office, by telephone (702) 515-5097 or by email (Jeffrey_Steinmetz@nv.blm.gov). SUPPLEMENTARY INFORMATION: The BLM conducted 10 public stakeholder meetings from November, 2004 to August, 2005. More than 160 members of the public participated in this process. Input was received on behalf of (1) the City of Las Vegas, (2) the City of North Las Vegas, (3) conservation groups, (4) recreation groups, (5) regional governmental entities (flood, water, transportation), (6) State of Nevada, (7) U.S. Fish and Wildlife Service (both Ecological Services and Refuge), (8) Clark County, (9) education institutions, (10) utilities, (11) builders/ developers, and (12) Native American Tribes. All meetings were open to the public. The BLM received preliminary input on a variety of topics, including vision statements, goals and objectives, boundaries, infrastructure, recreation,

education, and management options. By the end of this process, the BLM determined that a SEIS was warranted to analyze proposed boundaries and management of the CTA because the complexity of issues surrounding the CTA and the interest of local governments and citizens necessitates a comprehensive analysis of any adjustment to the boundary and/or management of the CTA, as referenced in the 2004 FEIS and ROD. The major issue themes anticipated to be addressed in the SEIS include: Impacts to air quality; impacts to surface water hydrology and water quality; protection of fossil-bearing formations; protection of federally-listed species, state-listed species, and BLM sensitive species; analysis of development scenarios based on updated local community development land use plans; impacts to visual resources; balancing conflicting and compatible land uses; protection of cultural and paleontological resources; environmental justice, social and economic impacts, cumulative impacts of the project based on build-out (buildout will include land sales and other land use authorizations); and assessment of land surface conditions.

The purpose of the public scoping process is to determine relevant issues that will influence the scope of the environmental analysis as well as alternatives analyzed in the SEIS. You may submit comments on issues and planning criteria in writing to the BLM at any public scoping meeting, or you may submit them to the BLM using one of the methods listed in the ADDRESSES section above. To be most helpful, you should submit formal scoping comments within 30 days after publication of this notice in the Federal Register. Before including your address, phone number, e-mail address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so. All submissions from organizations and businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses, will be available for public inspection in their entirety. The minutes and list of attendees for each scoping meeting will be available to the public and open for 30 days after the meeting to any participant who wishes to clarify the view he or she expressed.

After gathering public comments on what additional issues the SEIS should address, the suggested issues will be placed in one of two categories:

- 1. Issues to be analyzed in the SEIS and
- 2. Issues beyond the scope of the SEIS.

Rationale for the placement of each issue in category one or two, as well as for the resolution of such issue(s) will be included in the SEIS and/or ROD for the CTA. During the scoping phase, the public is encouraged to help identify questions and concerns to be addressed through the management of the CTA.

An interdisciplinary approach will be used to develop the SEIS in order to consider the variety of resource issues and concerns identified. Disciplines involved in the SEIS process will include specialists with expertise in soils, minerals and geology; hydrology; botany; wildlife; transportation; visual resources; air quality; lands and realty; outdoor recreation; archaeology; paleontology; and sociology and economics, including community development.

Authority: 40 CFR 1501.7. Dated: April 3, 2007.

Juan Palma,

Field Manager.

Notice of Public Meeting on Withdrawal Extension

AGENCY: Bureau of Land Management, Department of the Interior.

ACTION: Notice of public meeting.

SUMMARY: As required by 43 CFR 2310.3-1 notice is hereby given that a public meeting will be held regarding the proposed extension of the withdrawal to protect the Fairbanks Command and Data Acquisition Station (also known as the Gilmore Satellite Tracking Station). The station is operated by NOAA's National Satellite Information Services (also known as the National Environmental Satellite, Data, and Information Service). The Bureau of Land Management (BLM) proposes to extend the duration of Public Land Order (PLO) No. 3708, as modified by PLO No. 6709 (54 FR 6919, February 15, 1989) for an additional 20 year period. The lands comprise approximately 8,500 acres and are located in T. 2 N.,

R. 1 E., and T. 2 N., R. 2 E., Fairbanks Meridian near Fox, Alaska. A complete description can be provided by the BLM Fairbanks District Office at the address below.

DATES: August 8, 2007, 3–5 p.m. Alaska Daylight Time.

Location: BLM Fairbanks District Office, 1150 University Avenue, Fairbanks, Alaska.

FOR FURTHER INFORMATION CONTACT:

BLM's Betsy Bonnell at 907–474–2336/ e-mail betsy_bonnell@blm.gov or NOAA's Richard Von Wittkamp at 206– 526–4400/e-mail

richard.vonwittkamp@noaa.gov.

SUPPLEMENTARY INFORMATION: Notice of the proposed withdrawal extension was published in the **Federal Register** on February 1, 2007 (Volume 72, Number 21). The meeting will be handicap accessible.

Dated: June 29, 2007.

Nichelle W. Jacobson,

Field Manager.

Proposed Reinstatement of Terminated Oil and Gas Lease CACA 44895

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of Reinstatement of Terminated Oil and Gas Lease.

SUMMARY: Under the provisions of Public Law 97–451, Carneros Energy, Inc timely filed a petition for reinstatement of oil and gas lease CACA 44895 for lands in Kern County, California, and it was accompanied by all required rentals and royalties accruing from January 1, 2007, the date of termination.

FOR FURTHER INFORMATION CONTACT: Rita Altamira, Land Law Examiner, Branch of Adjudication, Division of Energy & Minerals, BLM California State Office, 2800 Cottage Way, W–1834, Sacramento, California 95825, (916) 978–4378.

SUPPLEMENTARY INFORMATION: No valid lease has been issued affecting the lands. The lessee has agreed to new lease terms for rentals and royalties at rates of \$10.00 per acre or fraction thereof and 16½ percent, respectively. The lessee has paid the required \$500 administrative fee and has reimbursed the Bureau of Land Management for the

cost of this **Federal Register** notice. The Lessee has met all the requirements for reinstatement of the lease as set out in Sections 31(d) and (e) of the Mineral Leasing Act of 1920 (30 U.S.C. 188), and the Bureau of Land Management is proposing to reinstate the lease effective January 1, 2007, subject to the original terms and conditions of the lease and the increased rental and royalty rates cited above.

Dated: June 28, 2007.

Debra Marsh,

Supervisor, Branch of Adjudication, Division of Energy & Minerals.

Wyoming: Notice of Proposed Reinstatement of Terminated Oil and Gas Lease

AGENCY: Bureau of Land Management, Interior.

interior.

ACTION: Notice of Proposed Reinstatement of Terminated Oil and Gas Lease.

SUMMARY: Under the provisions of 30 U.S.C. 188(d) and (e), and 43 CFR 3108.2–3(a) and (b)(1), the Bureau of Land Management (BLM) received a petition for reinstatement from Samson Oil & Gas USA Inc. for competitive oil and gas lease WYW135113 for land in Sweetwater County, Wyoming. The petition was filed on time and was accompanied by all the rentals due since the date the lease terminated under the law.

FOR FURTHER INFORMATION CONTACT:

Bureau of Land Management, Pamela J. Lewis, Chief, Branch of Fluid Minerals Adjudication, at (307) 775–6176.

SUPPLEMENTARY INFORMATION: The lessee has agreed to the amended lease terms for rentals and royalties at rates of \$10 per acre or fraction thereof, per year and 16²/₃ percent, respectively. The lessee has paid the required \$500 administrative fee and \$163.00 to reimburse the Department for the cost of this Federal Register notice. The lessee has met all the requirements for reinstatement of the lease as set out in Sections 31(d) and (e) of the Mineral Lands Leasing Act of 1920 (30 U.S.C. 188), and the Bureau of Land Management is proposing to reinstate lease WYW135113 effective February 1, 2007, under the original terms and conditions of the lease and the
