deviation to supplement the National Runaway Switchboard for the purpose of expanding their services. Congress authorized the establishment of a “national communications system to assist runaway and homeless youth in making contact with their families and service providers” through the Runaway and Homeless Youth Act (RHYA) of the Juvenile Justice and Delinquency Prevention Act of 1974, as amended. Funding for the system was first authorized in fiscal year 1980. (The system currently is authorized through Part C, section 331, of the “Runaway, Homeless, and Missing Children Protection Act,” Pub. L. 108–96.)

The Administration on Children, Youth and Families, Family and Youth Services Bureau (FYSB), herein announces an expansion supplement award to the National Runaway Switchboard (NRS) for two initiatives; a comprehensive research project on runaway and at-risk youth and a comprehensive database conversion.

The results of the comprehensive research project will enable NRS to better understand how to communicate with youth and develop strategies to connect with them and them with the NRS. The comprehensive database conversion will enhance the Switchboard’s capability to download and manage information. This project will provide the NRS with the internal controls necessary to query and analyze data collected in their crisis logs. It is anticipated that the enhanced internal controls will result in a significant improvement in the way needs of runaway, homeless and other youth in at-risk situations are met. This expansion supplement is for a nine month project period for the amount of \$162,637.

**Food and Drug Administration**

[Docket No. 2007N–0246]

**Menley & James Laboratories, Inc. et al.; Withdrawal of Approval of Six New Drug Applications**

**AGENCY:** Food and Drug Administration, HHS.

**ACTION:** Notice.

**SUMMARY:** The Food and Drug Administration (FDA) is withdrawing approval of six new drug applications (NDAs) from multiple holders of these applications. The basis for the withdrawals is that the holders of the applications have repeatedly failed to file required annual reports for the applications.

**DATES:** Effective October 10, 2007.

**FOR FURTHER INFORMATION CONTACT:** Florine P. Purdie, Center for Drug Evaluation and Research (HFD–7), Food and Drug Administration, 5600 Fishers Lane, Rockville, MD 20857, 301–594–2041.

**SUPPLEMENTARY INFORMATION:** The holders of approved applications to market new drugs for human use are required to submit annual reports to FDA concerning each of their approved applications in accordance with § 314.81 (21 CFR 314.81).

In the **Federal Register** of June 28, 2007 (72 FR 35498), FDA published a notice offering an opportunity for a hearing (NOOH) on a proposal to withdraw approval of six NDAs because the firms had failed to submit the required annual reports for these applications. The holders of these applications did not respond to the NOOH. Failure to file a written notice of participation and request for hearing as required by part 314 (21 CFR 314) in § 314.200 constitutes an election by the applicant not to make use of the opportunity for a hearing concerning the proposal to withdraw approval of the applications and a waiver of any contentions concerning the legal status of the drug products. Therefore, the Director, Center for Drug Evaluation and Research, is withdrawing approval of the six applications listed in the table of this document.
