

offering ideas about what types of education activities should receive specific types of consideration, such as (a) simplifying the application process, (b) how to treat specimen collections, (c) allowing for different treatment for different types of activities, (d) offering the ability to change the program leader without reissuing a permit, and (e) offering a fee waiver for permitted education activities. Several respondents discussed matters outside this request for review, including (1) urging NPS to change its collection ownership procedure; and (2) requesting the NPS to issue permits on a Service, rather than park, basis.

Actual NPS and researcher use of the Internet-based system over the past three years has yielded few complaints and has earned a number of kudos. This use also has yielded suggestions from both respondents and government employees for making the information collection forms or software more efficient or more usable. These suggestions have been accumulated and some have been incorporated through ongoing software and technical support improvements. Such receipt of, and action on, user suggestions, constitutes ongoing consultation with people (applicants and permittees) from whom information is being collected and by whom collected information is being applied (NPS) personnel and users of the Investigator's Annual Report site). Should OMB approve the collection of information forms submitted in this extension request, additional software changes will be made to incorporate fully the improvements contained in these forms.

If you comment to NPS via electronic mail, please submit your comments as an attached ASCII or MSWord file and avoid the use of special characters and any form of encryption. Please also include "Attn: NPS Research Permit and Reporting System" and your name and return address in your e-mail message. If you would like, but do not receive, a confirmation from the system that we have received your e-mail message, contact us directly at the NPS phone number given here.

SUPPLEMENTARY INFORMATION:

Title: Research Permit and Reporting System Collection of Information (Application for a Scientific Research and Collecting Permit; Application for a Science Education Permit; Investigator's Annual Report) (re: 36 CFR 2.1 and 2.5).

Bureau Form Number(s): Application for a Scientific Research and Collecting Permit: 10-741a; Application for a Science Education Permit: 10-741b; Investigator's Annual Report: 10-226.

OMB Number: 1024-0236.

Expiration Date: June 30, 2007.

Type of Request: Revision of a currently approved collection of information.

Description of Need: The NPS regulates scientific research and collecting studies and science education activities inside park boundaries under regulations codified at 36 CFR Part 2, Section 2.5. The NPS issued these regulations pursuant to authority under the NPS Organic Act 1916 as amended (16 U.S.C. 1 *et seq.*). The NPS administers these regulations to provide for scientific research and collecting and scientific education uses of parks while also protecting park resources and other park uses from adverse impacts that could occur if inappropriate scientific research and collecting studies or science education activities were to be conducted within park boundaries.

Frequency of collection: On occasion.

Description of respondents:

Individual scientific investigators or science educators from other governmental agencies, universities and colleges, schools, research organizations, and science education organizations who apply for a permit and any members of this group who receive a permit and then must submit the required annual report of accomplishment.

Estimated average number of respondents: 6,500 per year.

Estimated average number of responses: Two responses per year per respondent for an annual total of 13,000 responses. For each permit cycle, each respondent will respond usually once to prepare and submit the application for a permit and respondents who are successful in being issued a permit will respond a second time to submit the required investigator's Annual Report. Given that most applicants are successful in being issued a permit and that permit renewal usually occurs annually, the number of responses will approach a total that is two times the number of respondents.

Estimated average time burden per respondent: NPS estimates the reporting burden for this collection of information, including both the relevant application and the annual report, will average 1.625 hours per respondent per year.

Frequency of response: 2 per respondent per year.

Estimated total annual reporting burden: 10,560 hours. This number assumes 6,500 respondents each take about 0.75 hours to complete the automated application form (including reading the guidance material), up to 6,500 successful applicants each take

0.25 hours to sign the issued permit and return it to the park, and up to 6,500 permittees each take 0.25 hours to complete the automated Investigator's Annual Report form, including reading the instructions. In addition, this number includes 0.25 hours each for approximately 1,500 respondents to copy and process documents that cannot be submitted electronically, and 0.5 hours each for up to 1,500 respondents to prepare the portion of the Application for a Scientific Research and Collecting Permit that requires coordination with one or more non-NPS museums or other specimen repositories. Those few applicants who will be unable to process their applications and report forms electronically likely will spend a longer amount of time completing each form manually.

Comments are invited on: (1) The practical utility of the information being gathered; (2) the validity and accuracy of the reporting burden hour estimate; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) ways to minimize the burden to respondents, including use of automated information collection techniques or other forms of information technology. Before including your address, phone number, e-mail address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

SUPPLEMENTARY INFORMATION:

Background. On May 7, 2007, the Commission determined that responses to its notice of institution of the subject five-year reviews were such that full reviews pursuant to section 751(c)(5) of the Act should proceed (72 FR 28071, May 18, 2007). A record of the Commissioners' votes, the Commission's statement on adequacy, and any individual Commissioner's statements are available from the Office of the Secretary and at the Commission's Web site.

Participation in the reviews and public service list. Persons, including industrial users of the subject merchandise and, if the merchandise is sold at the retail level, representative consumer organizations, wishing to participate in these reviews as parties must file an entry of appearance with

the Secretary to the Commission, as provided in section 201.11 of the Commission's rules, by 45 days after publication of this notice. A party that filed a notice of appearance following publication of the Commission's notice of institution of the reviews need not file an additional notice of appearance. The Secretary will maintain a public service list containing the names and addresses of all persons, or their representatives, who are parties to the reviews.

Limited disclosure of business proprietary information (BPI) under an administrative protective order (APO) and BPI service list. Pursuant to section 207.7(a) of the Commission's rules, the Secretary will make BPI gathered in these reviews available to authorized applicants under the APO issued in the reviews, provided that the application is made by 45 days after publication of this notice. Authorized applicants must represent interested parties, as defined by 19 U.S.C. 1677(9), who are parties to the reviews. A party granted access to BPI following publication of the Commission's notice of institution of the reviews need not reapply for such access. A separate service list will be maintained by the Secretary for those parties authorized to receive BPI under the APO.

Staff report. The prehearing staff report in the reviews will be placed in the nonpublic record on October 9, 2007, and a public version will be issued thereafter, pursuant to section 207.64 of the Commission's rules.

Hearing. The Commission will hold a hearing in connection with the reviews beginning at 9:30 a.m. on November 6, 2007, at the U.S. International Trade Commission Building. Requests to appear at the hearing should be filed in writing with the Secretary to the Commission on or before October 30, 2007. A nonparty who has testimony that may aid the Commission's deliberations may request permission to present a short statement at the hearing. All parties and nonparties desiring to appear at the hearing and make oral presentations should attend a prehearing conference to be held at 9:30 a.m. on November 1, 2007, at the U.S. International Trade Commission Building. Oral testimony and written materials to be submitted at the public hearing are governed by sections 201.6(b)(2), 201.13(f), 207.24, and 207.66 of the Commission's rules. Parties must submit any request to present a portion of their hearing testimony *in camera* no later than 7 business days prior to the date of the hearing.

Written submissions. Each party to the reviews may submit a prehearing brief to the Commission. Prehearing briefs must conform with the provisions of section 207.65 of the Commission's rules; the deadline for filing is October 24, 2007. Parties may also file written testimony in connection with their presentation at the hearing, as provided in section 207.24 of the Commission's rules, and posthearing briefs, which must conform with the provisions of section 207.67 of the Commission's rules. The deadline for filing posthearing briefs is November 15, 2007; witness testimony must be filed no later than three days before the hearing. In addition, any person who has not entered an appearance as a party to the reviews may submit a written statement of information pertinent to the subject of the reviews on or before November 15, 2007. On December 14, 2007, the Commission will make available to parties all information on which they have not had an opportunity to comment. Parties may submit final comments on this information on or before December 18, 2007, but such final comments must not contain new factual information and must otherwise comply with section 207.68 of the Commission's rules. All written submissions must conform with the provisions of section 201.8 of the Commission's rules; any submissions that contain BPI must also conform with the requirements of sections 201.6, 207.3, and 207.7 of the Commission's rules. The Commission's rules do not authorize filing of submissions with the Secretary by facsimile or electronic means, except to the extent permitted by section 201.8 of the Commission's rules, as amended, 67 Fed. Even where electronic filing of a document is permitted, certain documents must also be filed in paper form, as specified in II (C) of the Commission's Handbook on Electronic Filing Procedures, 67 Fed. Reg. 68168, 68173 (November 8, 2002).

Additional written submissions to the Commission, including requests pursuant to section 201.12 of the Commission's rules, shall not be accepted unless good cause is shown for accepting such submissions, or unless the submission is pursuant to a specific request by a Commissioner or Commission staff.

In accordance with sections 201.16(c) and 207.3 of the Commission's rules, each document filed by a party to the reviews must be served on all other parties to the reviews (as identified by either the public or BPI service list), and a certificate of service must be timely filed. The Secretary will not accept a

document for filing without a certificate of service.

Authority: These reviews are being conducted under authority of title VII of the Tariff Act of 1930; this notice is published pursuant to section 207.62 of the Commission's rules.

BILLING CODE 7020-02-P

INTERNATIONAL TRADE COMMISSION

Privacy Act of 1974, as Amended; Revisions to Existing Systems of Records

AGENCY: United States International Trade Commission.

ACTION: Notice of proposed addition of a new routine use and other changes to existing systems of records; request for comments on proposed revisions of systems of records.

SUMMARY: The U.S. International Trade Commission ("Commission") previously published notices describing the systems of records it maintains pursuant to the Privacy Act of 1974. The Commission is issuing notice of its intent to revise the existing systems of records entitled "Personnel Security Investigative Files," "Library Circulation Records," "Administrative Protective Order Breach and Related Records," and "Emergency Notification Records."

The Commission issues this notice to satisfy the Privacy Act's requirement to publish in the **Federal Register** notice of the existence and character of records systems maintained by the Commission and of any new use or intended use of information in the Commission's systems of records.

DATES: Written comments must be received by the Secretary no later than August 6, 2007. The proposed revisions to the Commission's systems of records will become effective on that date unless otherwise published in the **Federal Register**.

ADDRESSES: Comments should be directed to the Secretary, U.S. International Trade Commission, 500 E Street, SW., Washington, DC 20436.

FOR FURTHER INFORMATION CONTACT: Patrick V. Gallagher, Esq., Office of the General Counsel, U.S. International Trade Commission, 500 E Street, SW., Washington, DC 20436 or tel. 202-205-3152. Hearing-impaired persons can

obtain information on this matter by contacting the Commission's TDD terminal on 202-205-1810. Persons with mobility impairments who will need special assistance in gaining access to the Commission should contact the Office of the Secretary at 202-205-2000.

SUPPLEMENTARY INFORMATION: Pursuant to the Privacy Act of 1974 (5 U.S.C. 552a(e)(4), (11)), the Commission proposes to revise the descriptions of four systems of records. The Commission previously published notice of these systems of records at 71 FR 35294 (June 19, 2006). The Commission invites interested persons to submit comments on the actions proposed in this notice.

The Commission proposes to revise the system of records designated as ITC-7 (Personnel Security Investigative Files) to include contractors, subcontractors, and consultants as individuals covered by the system and to delete "Federal employee relatives" as a category.

The Commission also proposes to revise the name of the location for the system of records designated as ITC-8 (Library Circulation Records) to "Knowledge Resources ("Main Library")." This change is clerical and no other change to this system of records has been made by this notice.

In addition, the Commission proposes to revise two routine uses in the system of records designated as ITC-13 (Administrative Protective Order Breach and Related Records). This system of records reflects agency practice in the handling of investigations into alleged breaches of administrative protective orders ("APOs") and alleged grounds for sanctions under § 201.15 of Commission's Rules of Practice and Procedure. The first revised routine use would allow for the public disclosure of any records necessary to facilitate the recovery of business proprietary information or confidential business information which had been submitted in a Commission proceeding and which had been disclosed. The second revision would permit limited disclosure of information necessary to facilitate participation of all parties in an APO breach investigation. This revised use would ensure that the Commission's rules governing participation in APO breach investigations and the Commission's Privacy Act policy were not inconsistent.

The Commission also proposes to revise the system of records designated as ITC-16 (Emergency Notification Records). This system of records assists the Commission in notifying and identifying employees or their designees

in emergency situations. The revision would add the non-ITC electronic mail address of an employee or the employee's designee to the list of categories of records maintained in this system to better assist the Commission in notifying and identifying employees or their designees in emergency situations.

As required by subsection 552a(r) of the Privacy Act of 1974 (5 U.S.C. 552a(r)), the proposed revisions will be reported to the Office of Management and Budget, the Chair of the Committee on Oversight and Government Reform of the House of Representatives, and the Chair of the Committee on Homeland Security and Governmental Affairs of the Senate.
