BILLING CODE 3810-FF-P

DEPARTMENT OF HOMELAND SECURITY

Coast Guard

33 CFR Part 100

[CGD05-07-013]

RIN 1625-AA08

Special Local Regulations for Marine Events; Western Branch, Elizabeth River, Portsmouth, VA

AGENCY: Coast Guard, DHS.

ACTION: Temporary final rule.

SUMMARY: The Coast Guard is temporarily changing the regulations for the "Virginia State Hydroplane Championship" hydroplane races held annually on the waters of the Western Branch of the Elizabeth River at Portsmouth, Virginia. This action is

necessary because the event will be held on April 21 and 22, 2007, instead of on April 27 and 28, 2007 as established by permanent regulation. This special local regulation is intended to restrict vessel traffic in portions of the Elizabeth River and is necessary to provide for the safety of life on navigable waters during the event.

DATES: This rule is effective from 8 a.m. to 6 p.m. on April 21 and 22, 2007.

ADDRESSES: Documents indicated in this preamble as being available in the docket, are part of docket (CGD05-07-013) and are available for inspection or copying at Commander (dpi), Fifth Coast Guard District, 431 Crawford Street, Portsmouth, Virginia 23704-5004, between 9 a.m. and 2 p.m., Monday through Friday, except Federal holidays.

FOR FURTHER INFORMATION CONTACT: Dennis M. Sens, Project Manager, Inspections and Investigations Branch, at (757) 398-6204.

SUPPLEMENTARY INFORMATION:

Regulatory Information

On March 2, 2007, we published a notice of proposed rulemaking (NPRM) entitled Special Local Regulations for Marine Events; Western Branch,

Elizabeth River, Portsmouth, VA in the **Federal Register** (72 FR 9477). We received no letters commenting on the proposed rule. No public meeting was requested, and none was held.

Under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the **Federal Register**. Delaying the effective date would be contrary to the public interest, since immediate action is needed to ensure the safety of the event participants, support craft and other vessels transiting the event area. However, advance notifications will be made to affected waterway users via marine information broadcasts, area newspapers and local radio stations.

Background and Purpose

On April 21 and 22, 2007, Virginia Boat Racing Association will sponsor the "Virginia State Hydroplane Championship" hydroplane races on the waters of the Western Branch of the Elizabeth River at Portsmouth, Virginia. The event will consist of approximately 75 hydroplane powerboats conducting high-speed competitive races on the Western Branch of the Elizabeth River in the vicinity of Portsmouth City Park,

Portsmouth, Virginia. A fleet of spectator vessels is expected to gather near the event site to view the competition. The regulation at 33 CFR 100.525 is effective annually for this marine event. Paragraph (c) of Section 100.525 establishes the enforcement date for the hydroplane races. This regulation temporarily changes the permanent regulation so that the event may be held on April 21 and 22, 2007 instead of the fourth Friday and following Saturday in April. The Virginia Boat Racing Association who is the sponsor for this event still intends to hold this event annually, however, this year they have requested a change in the date of the event for 2007. The change was requested to accommodate participation by all hydroplane participants. To provide for the safety of participants, spectators, support and transiting vessels, the Coast Guard will temporarily restrict vessel traffic in the event area during the hydroplane races.

Discussion of Comments and Changes

The Coast Guard did not receive comments in response to the notice of proposed rulemaking (NPRM) published in the **Federal Register**. Accordingly, the Coast Guard is establishing temporary special local regulations on specified waters of the Western Branch, Elizabeth River, Portsmouth, Virginia.

Regulatory Evaluation

This rule is not a "significant regulatory action" under section 3(f) of Executive Order 12866, Regulatory Planning and Review, and does not require an assessment of potential costs and benefits under section 6(a)(3) of that Order. The Office of Management and Budget has not reviewed it under that Order. It is not "significant" under the regulatory policies and procedures of the Department of Homeland Security (DHS).

We expect the economic impact of this rule to be so minimal that a full Regulatory Evaluation under the regulatory policies and procedures of DHS is unnecessary. The effect of this proposed action merely establishes the date on which the existing regulation would be in effect and would not impose any new restrictions on vessel traffic.

Small Entities

Under the Regulatory Flexibility Act (5 U.S.C. 601–612), we have considered whether this rule would have a significant economic impact on a substantial number of small entities. The term "small entities" comprises small businesses, not-for-profit organizations that are independently

owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000.

The Coast Guard certifies under 5 U.S.C. 605(b) that this rule would not have a significant economic impact on a substantial number of small entities. This rule would effect the following entities, some of which might be small entities: the owners or operators of vessels intending to transit or anchor in a portion of the Western Branch of the Elizabeth River during the event.

This rule would not have a significant economic impact on a substantial number of small entities for the following reasons. This rule would merely change the date on which the existing regulations would be enforced in the regulated area and would not impose any new restrictions on vessel traffic.

Assistance for Small Entities

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we offered to assist small entities in understanding this rule so that they can better evaluate its effects on them and participate in the rulemaking. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please contact the address listed under **ADDRESSES**. The Coast Guard will not retaliate against small entities that question or complain about this rule or any policy or action of the Coast Guard.

Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine compliance with, Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency's responsiveness to small business. If you wish to comment on actions by employees of the Coast Guard, call 1–888–REG–FAIR (1–888–734–3247).

Collection of Information

This rule would call for no new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

Federalism

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on State or local governments and would either preempt State law or

impose a substantial direct cost of compliance on them. We have analyzed this rule under that Order and have determined that it does not have implications for federalism.

Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 or more in any one year. Though this rule would not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

Taking of Private Property

This rule would not effect a taking of private property or otherwise have taking implications under Executive Order 12630, Governmental Actions and Interference with Constitutionally Protected Property Rights.

Civil Justice Reform

This rule meets applicable standards in sections 3(a) and 3(b)(2) of Executive Order 12988, Civil Justice Reform, to minimize litigation, eliminate ambiguity, and reduce burden.

Protection of Children

We have analyzed this rule under Executive Order 13045, Protection of Children from Environmental Health Risks and Safety Risks. This rule is not an economically significant rule and would not create an environmental risk to health or risk to safety that might disproportionately affect children.

Indian Tribal Governments

This rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it would not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

Energy Effects

We have analyzed this rule under Executive Order 13211, Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use. We have determined that it is not a "significant energy action" under that order because it is not a "significant regulatory action" under Executive Order 12866 and is not

likely to have a significant adverse effect on the supply, distribution, or use of energy. The Administrator of the Office of Information and Regulatory Affairs has not designated it as a significant energy action. Therefore, it does not require a Statement of Energy Effects under Executive Order 13211.

Technical Standards

The National Technology Transfer and Advancement Act (NTTAA) (15 U.S.C. 272 note) directs agencies to use voluntary consensus standards in their regulatory activities unless the agency provides Congress, through the Office of Management and Budget, with an explanation of why using these standards would be inconsistent with applicable law or otherwise impractical. Voluntary consensus standards are technical standards (e.g., specifications of materials, performance, design, or operation; test methods; sampling procedures; and related management systems practices) that are developed or adopted by voluntary consensus standards bodies.

This rule does not use technical standards. Therefore, we did not consider the use of voluntary consensus standards.

Environment

We have analyzed this rule under Commandant Instruction M16475.ID and Department of Homeland Security Management Directive 5100.1, which guides the Coast Guard in complying with the National Environmental Policy Act of 1969 (NEPA) (42 U.S.C. 4321–4370f), and have concluded that there are no factors in this case that would limit the use of a categorical exclusion under section 2.B.2 of the Instruction. Therefore, this rule is categorically excluded, under figure 2–1, paragraph (34)(h), of the Instruction, from further environmental documentation. Special local regulations issued in conjunction with a regatta or marine event permit are specifically excluded from further analysis and documentation under that section.

Under figure 2–1, paragraph (34)(h), of the Instruction, an “Environmental Analysis Check List” and a “Categorical Exclusion Determination” are not required for this rule.

List of Subjects in 33 CFR Part 100

Marine safety, Navigation (water), Reporting and recordkeeping requirements, Waterways.

■ For the reasons discussed in the preamble, the Coast Guard proposes to amend 33 CFR part 100 as follows:

PART 100—SAFETY OF LIFE ON NAVIGABLE WATERS

■ 1. The authority citation for part 100 continues to read as follows:

Authority: 33 U.S.C. 1233.

■ 2. In § 100.525:

■ A. From 8 a.m. to 6 p.m. on April 21 and 22, 2007, suspend paragraph (c); and

■ B. From 8 a.m. to 6 p.m. on April 21 and 22, 2007, add a new paragraph (d) to read as follows:

§ 100.525 Western Branch, Elizabeth River, Portsmouth, Virginia.

* * * * *

(d) *Enforcement period.* This section will be enforced from 8 a.m. to 6 p.m. on April 21 and 22, 2007. A notice of enforcement of this section will be disseminated through the Fifth Coast Guard District Local Notice to Mariners announcing the specific event date and times. Notice will also be made via marine Safety Radio Broadcast on VHF-FM marine band radio channel 22 (157.1 MHz).

Dated: March 26, 2007.

Larry L. Hereth,

Rear Admiral, U.S. Coast Guard, Commander, Fifth Coast Guard District.

Coast Guard

33 CFR Part 100

[CGD05–07–009]

RIN 1625–AA08

Special Local Regulations for Marine Events; Martin Lagoon, Middle River, MD

AGENCY: Coast Guard, DHS.

ACTION: Temporary final rule.

SUMMARY: The Coast Guard is establishing temporary special local regulations during the “Baltimore County Community Waterfront Festival”, an event to be held May 12, 2007 at Martin Lagoon, Middle River, Maryland. These special local regulations are necessary to provide for the safety of life on navigable waters during the event. This action is intended to temporarily restrict vessel traffic in a portion of the Middle River waterfront to accommodate watercraft static displays, fire-rescue demonstrations and a fireworks display.

DATES: This rule is effective from 9 a.m. to 11 p.m. on May 12, 2007. If this event is postponed due to weather this temporary final rule will be effective from 9 a.m. to 11 p.m. on May 13, 2007.

ADDRESSES: Documents indicated in this preamble as being available in the docket are part of docket CGD05–07–009 and are available for inspection or copying at Commander (dpi), Fifth Coast Guard District, 431 Crawford Street, Portsmouth, Virginia 23704–5004, between 9 a.m. and 2 p.m., Monday through Friday, except Federal holidays.

FOR FURTHER INFORMATION CONTACT: D. M. Sens, Project Manager, Inspections and Investigations Branch, at (757) 398–6204.

SUPPLEMENTARY INFORMATION:

Regulatory Information

On February 26, 2007, we published a notice of proposed rulemaking (NPRM) entitled Special Local Regulations for Marine Events; Martin Lagoon, Middle River, MD in the **Federal Register** (72 FR 8323). We received no letters commenting on the proposed rule. No public meeting was requested, and none was held.

Background and Purpose

On May 12, 2007 Baltimore County will sponsor the “Baltimore County Community Waterfront Festival”. Various watercraft static displays and fire-rescue demonstrations will be staged within Martin Lagoon. The fireworks display will be launched from Wilson Point Park but the hazardous fallout area will extend over Martin Lagoon. A fleet of spectator vessels is expected to gather near the event site to view the fireworks display. Due to the need for vessel control during the event, vessel traffic will be temporarily restricted to provide for the safety of participants, spectators and transiting vessels.

Discussion of Comments and Changes

The Coast Guard did not receive comments in response to the notice of proposed rulemaking (NPRM) published in the **Federal Register**. Accordingly, the Coast Guard is establishing temporary special local regulations on the specified waters of Martin Lagoon, Middle River, Maryland.

Regulatory Evaluation

This rule is not a “significant regulatory action” under section 3(f) of Executive Order 12866, Regulatory Planning and Review, and does not require an assessment of potential costs and benefits under section 6(a)(3) of that
