

health promotion consumer materials related to physical activity and healthy eating will be conducted in order to assess how the BFWHW materials can stimulate a conversation on physical activity and healthy eating during a clinical encounter, inform future BFWHW programming, and add to the peer-reviewed literature regarding women's health and wellness initiatives.

Towards this end, anonymous assessment forms will be used to collect data from young and adult women clients, health care providers, and administrators of health centers. Data

collected will include process and outcome measures. Data domains include: the distribution and use of the materials in the health care setting during wellness and health maintenance/check-up visits; client and provider awareness of physical activity and nutrition behaviors; attitudes about the importance of physical activity and nutrition; self-efficacy; and increase in knowledge and intent to change physical activity and nutrition behaviors.

A total of six organizations, which may include Federally Qualified Health Centers/Community Health Centers,

faith-based organizations that offer health care services, worksite health centers, and school-based health clinics, will be selected for the study. Young women will complete anonymous assessment forms at school-based health centers; adult women will be assessed at other health care organizations. The providers at these sites will also be asked to complete a brief one-time anonymous assessment form. Telephone interviews will be conducted with an administrator of each of these sites as well. The data collection period at each site is estimated to last four months. The estimated response burden is as follows:

Data collection activity	Estimated Data Collection Burden Hours				Hourly wage rate	Total cost
	Number of respondents	Hours per response	Responses per respondent	Total burden hours		
Clients .....	3,000	.81	1	2,430	\$5.15	\$12,514.50
Administrators .....	6	4.22	1	25	37.09	927.25
Support Staff .....	6	63.67	1	382	13.65	5,214.30
Providers .....	60	5.98	1	359	59.15	21,234.85
<b>Total .....</b>	<b>3,072</b>			<b>3,196</b>		<b>39,890.90</b>

Written comments and recommendations concerning the proposed information collection should be sent within 30 days of this notice to: Karen Matsuoka, Human Resources and Housing Branch, Office of Management and Budget, New Executive Office Building, Room 10235, Washington, DC 20503.

Dated: May 4, 2007.

**Agency Information Collection Activities: Proposed Collection: Comment Request**

In compliance with the requirement for opportunity for public comment on proposed data collection projects (section 3506(c)(2)(A) of Title 44, United States Code, as amended by the Paperwork Reduction Act of 1995, Public Law (Pub. L.) 104-13), the Health Resources and Services Administration (HRSA) publishes periodic summaries of proposed projects being developed for submission to the Office of Management and Budget (OMB) under the Paperwork Reduction Act of 1995.

To request more information on the proposed project or to obtain a copy of the data collection plans and draft instruments, call the HRSA Reports Clearance Officer on 301-443-1129.

Comments are invited on: (a) The proposed collection of information for the proper performance of the functions of the agency; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

**Proposed Project: Children's Hospital Graduate Medical Education Payment Program (CHGME PP) Annual Report: NEW**

The CHGME PP was enacted by Pub. L. 106-129 to provide Federal support for graduate medical education (GME) to freestanding children's hospitals, similar to Medicare GME support received by other, non-children's hospitals. The legislation indicates that eligible children's hospitals will receive payments for both direct and indirect medical education. Direct payments are designed to offset the expenses associated with operating approved graduate medical residency training programs and indirect payments are designed to compensate hospitals for

expenses associated with the treatment of more severely ill patients and the additional costs relating to teaching residents in such programs.

The CHGME PP was reauthorized for a period of five years in October 2006 by Pub. L. 109-307. The reauthorizing legislation requires that participating children's hospitals provide information about their residency training programs in an annual report that will be an addendum to the hospitals' annual applications for funds.

Data are required to be collected on: (1) The types of training programs that the hospital provided for residents such as general pediatrics, internal medicine/pediatrics, and pediatric subspecialties including both medical subspecialties certified and non-medical subspecialties; (2) the number of training positions for residents, the number of such positions recruited to fill, and the number of positions filled; (3) the types of training that the hospital provided for residents related to the health care needs of different populations such as children who are underserved for reasons of family income or geographic location, including rural and urban areas; (4) the changes in residency training including changes in curricula, training experiences, and types of training programs, and benefits that have resulted from such changes and changes for purposes of training residents in the measurement and improvement and the quality and safety of patient care; and

(5) the numbers of residents (disaggregated by specialty and subspecialty) who completed training in the academic year and care for children

within the borders of the service area of the hospital or within the borders of the State in which the hospital is located.

The estimated annual burden is as follows:

Form	Number of respondents	Responses per respondent	Total number of responses	Hours per response	Total burden hours
Screening Instrument .....	60	1	60	5	300
GME Program-level Instrument .....	60	30	1800	10	18,000
Total .....	60	.....	1860	.....	18,300

Send comments to Susan G. Queen, Ph.D., HRSA Reports Clearance Officer, Room 10-33, Parklawn Building, 5600 Fishers Lane, Rockville, MD 20857. Written comments should be received within 60 days of this notice.

**Substance Abuse and Mental Health Services Administration**

**Agency Information Collection Activities: Proposed Collection; Comment Request**

In compliance with Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995 concerning opportunity for public comment on proposed collections of information, the Substance Abuse and Mental Health Services Administration (SAMHSA) will publish periodic summaries of proposed projects. To request more information on the proposed projects or to obtain a copy of the information collection plans, call the SAMHSA Reports Clearance Officer on (240) 276-1243.

Comments are invited on: (a) Whether the proposed collections of information are necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

**Proposed Project: SAMHSA Application for Peer Grant Reviewers (OMB No. 0930-0255)—Extension**

Section 501(h) of the Public Health Service (PHS) Act (42 U.S.C. 290aa) directs the Administrator of the Substance Abuse and Mental Health Services Administration (SAMHSA) to establish such peer review groups as are needed to carry out the requirements of Title V of the PHS Act. SAMHSA administers a large discretionary grants program under authorization of Title V, and, for many years, SAMHSA has funded grants to provide prevention and treatment services related to substance abuse and mental health.

In support of its grant peer review efforts, SAMHSA desires to continue to

expand the number and types of reviewers it uses on these grant review committees. To accomplish that end, SAMHSA has determined that it is important to proactively seek the inclusion of new and qualified representatives on its peer review groups. Accordingly SAMHSA has developed an application form for use by individuals who wish to apply to serve as peer reviewers.

The application form has been developed to capture the essential information about the individual applicants. Although consideration was given to requesting a resume from interested individuals, it is essential to have specific information from all applicants about their qualifications. The most consistent method to accomplish this is through completion of a standard form by all interested persons which captures information about knowledge, education, and experience in a consistent manner from all interested applicants. SAMHSA will use the information provided on the applications to identify appropriate peer grant reviewers. Depending on their experience and qualifications, applicants may be invited to serve as either grant reviewers or review group chairpersons.

The following table shows the annual response burden estimate.

Number of respondents	Responses/ respondent	Burden/ responses (hours)	Total burden hours
500 .....	1	1.5	750

Send comments to Summer King, SAMHSA Reports Clearance Officer, Room 7-1044, One Choke Cherry Road, Rockville, MD 20857. Written comments should be received within 60 days of this notice.
